

REGATTA AT SHAWNIGAN LAKE

INTERESTING EVENTS AT ANNUAL MEET

Residents and Visitors Will Erect Permanent Quarters.

(From Monday's Daily). The regatta at Shawnigan Lake on Saturday was as usual a grand success. For four years the residents and summer visitors at Shawnigan have put on this regatta with increasing success each year.

The events were held under the patronage of Chief Justice Hunter and Mrs. Hunter, and Col. E. G. Prior and Mrs. Prior.

The intention is to make the regatta a permanent one, and with that object in view the money left over after meeting the expenses of this year's event will be devoted to building a float of not less than 60 feet by 40 feet close to the Koenig hotel. This will be devoted to dressing rooms and various accommodations for oarsmen, swimmers, etc. The residents and summer visitors hope to have the N. P. A. O. hold its regatta on Shawnigan lake again.

Those interested have taken the matter up very enthusiastically, and there is little doubt but what the regatta will be held there. Saturday proved that they were in earnest, and the success which attended the regatta argues well for the future. About 1,500 were present.

The J. B. A. A. sent 38 of its oarsmen up the line to take part in the events. In the first heat of the four-oared lap strokes, Brooker's crew won from Laine's crew by a boat length, and in second heat Sweeney's crew won from Donaldson by a length and a half.

The next event was the mixed double canoe race, when Ken, Hughes and Miss A. Mellon won out with Lou York and Miss Robbins second.

The third heat of the lap strokes was the race of the day, and McCarter's crew won from Lawson's by a bare half length.

In the single scull race, open to the J. B. A. A. scullers, "Johnny" Donaldson won out, Koenig being disqualified for going outside the flag.

Hughes won the next heat from Hunter's crew by a boat length. Then came the semi-finals, Sweeney's crew crossing the line a length and a half ahead of Brooker's, and Hughes' won from McCarter's crew by a length and a half, which left Sweeney's crew and Hughes' crew as the two finalists.

The former crew got away from the start, and with a long, quick stroke kept gradually creeping ahead of their rivals, crossing the line three lengths to the good, and were declared winners of the regatta, after rowing over the course three times, which was a mile and a half long.

In the evening Mrs. Koenig presented the boys with the gold lockets and silver cup presented by the Silver Spring brewery. She congratulated them on their seamanship and endurance. The winning crew consisted of Frank Sweeney (stroke), W. B. Funnell (8), O. F. Summers (2), J. C. Newmarch (bow).

The crew that got second were: K. Hughes (stroke), F. Baylis (3), B. Hiseocks (2), V. K. Gray (bow).

The other prize winners were: Sailing race for the J. D. Dundas challenge cup was won by Jack McTavish.

TIMES BALL TEAM BEATS ALL COMERS

House Nine Wins Easy Victory Over Colonist Aggregation.

(From Monday's Daily's). The Times baseball nine made short work of the Colonist team yesterday morning at the Royal Athletic ground. The house team had been led to believe by advance notices that it would have worthy opponents. But alas, the match had only advanced a few stages when it became evident that the Times

—As a result of children's pranks residents along the Oak Bay shore line were thrown into a nervous state this morning when it was discovered that three boys, ranging in age between five and three years, were adrift in the bay in a boat. The little fellows had been playing in the craft, which was moored to the shore, and becoming venturesome had slipped the painter. The boat immediately drifted away, and the cries of the boys brought neighbors to the scene. A rescue was rapidly effected.

—Unless the ensuing few weeks should prove exceptional the summer season of 1909 will go down in history as a record-breaker in the matter of the absence of serious forest fires on Vancouver Island and throughout the province generally. It was the opinion of a lumberman spoken to this morning that this gratifying fact was due mainly to the heavy rains of the spring, which was unusually backward this year. The fire wardens are apparently also doing excellent work in guarding the timber areas.

—Te Kie, a Chinese, was fined \$20 and \$2.50 costs by Magistrate Jay in the police court on Friday on an information laid by Fire Chief Thomas Davis charging that defendant burned rubbish on a lot at the rear of Pan-tages theatre without having first obtained a permit from the authorities. The fire chief in evidence said he had frequent trouble with Chinese lighting fires in that section of the city. He had answered a call at the locality and found a big pile of rubbish burning which was a menace to the surrounding buildings. The Chinese, through an interpreter, said he was not acquainted with the by-law and had not let the fire get out of his control.

—The sailing craft "Wasp," which won the J. R. Dundas challenge cup at Shawnigan lake on Saturday, was built by the captain who sailed her, J. A. McTavish, who was assisted by Fred Brae, Walter Englehart and Claus McTavish. The quartette put in considerable work on the Wasp during the winter, and are justly proud of their vessel.

SWIMMING RACES AT THE GORGE

VICTORIANS WIN IN NUMBER OF EVENTS

Vancouver Sent a Number of Fast Competitors.

(From Monday's Daily's). The final series of swimming races for the championships of British Columbia were held on Saturday afternoon at the Gorge. The races were exceedingly good and a number of sensational finishes were seen. Vancouver and Victoria were the only two cities represented in the meet, and Victoria carried away the most events.

The weather was fine at the start, but later on in the afternoon a cold wind was blowing, making it unpleasant for those taking part. A large number of boats and canoes assembled around the course, and the judges had a hard task keeping them off.

The mile race proved one of the most exciting, and the finish was very close. Five swimmers started in this race, but after one lap the race was between T. Dalzell, of the local Y.M.C.A., and G. Simpson, of the Vancouver A.C. Dalzell used the trudgeon stroke throughout the race, while Simpson used the breast stroke. These two swimmers kept well together with occasional spurts. The last 50 yards was a strenuous one. Both swimmers were abreast of one another, and the sprint then came, Simpson just winning by a touch, six inches. The other contestants were a great distance behind the winners.

Frank Crompton, the sprinter of the local Y.M.C.A., won the 100 yards handily, and easily distanced the competitors in the 400 yards race. Crompton used the trudgeon stroke in both races.

The Vancouver relay team won the much coveted trophy in that race. The local Y.M.C.A. team were not fast enough for the speedy Terminal City team.

The prizes were presented from the grand stand at the conclusion of the races to the winners in each race.

Following is a list of winners in the different events:

100 yards (senior) championship race—1, F. Crompton; 2, W. T. M. Barrett; 3, G. McKinnon. Time, 1 min, 16 1/4 secs.

50 yards, boys under 18, junior championship—1, H. Rogers; 2, W. M. Anderson. Time, 37 1/2 secs.

Relay race (four men, 50 yards each, total, 200 yards)—1, Vancouver Y.M.C.A.; 2, Victoria Y.M.C.A.

100 yards race (ladies)—1, Miss Madge Griffin; 2, Miss Dorothy Hay; 3, Miss Winnie Neate. Time, 2 mins, 1-5 secs.

200 yards championship (junior)—1, S. Baldwin; 2, E. Sellen; 3, J. F. Cameron. Time, 3 mins, 16 1/2 secs.

Novelty race (swimmers in hats, shoes, trousers and open umbrellas in hand)—1, F. Richardson; 2, W. Long. Time, 7 mins, 31 1/2 secs.

Long plunge—1, W. T. M. Barrett; 2, F. Coy. Distance (against tide) 33 feet 7 inches.

One mile race—1, G. Y. Simpson; 2, T. Dalzell. Time, 38 mins, 47 1/2 secs.

Won by a touch.

Victoria Cross race (two men in a team)—1, E. Crompton and F. A. Carne.

The officials for the day were as follows: Judges—George Jay, Capt. McIntosh and H. M. Beasley.

Timers—H. J. Short and Arthur Lamb, assistant physical director Vancouver Y.M.C.A.

Starter—W. G. Findlay.

Announcer—N. Whitehead.

Clerk of Course—A. J. Brace.

—The permanent street work being done by the corporation is progressing rapidly. A start has been made on the grand old pavement to be laid on Cornerant street, between Government and Store streets. Pipes and mains have been laid and the work of grading is now under way. The contractors for this work have secured the services of a man from Chicago, who is said to be an expert in this class of pavement. A scowload of vitrified brick for the Wharf street pavement has arrived from the Denay-Renton Company of Seattle. This shipment consisted of 80,000 bricks, and several more scowloads are expected in the course of the next few days.

TASSU INLET MINES HAVE BEEN BONDED

Owners of Property Want Nearly Half Million Dollars—Ikeda Mine Sold.

(From Monday's Daily's). The Ikeda mine has changed hands and work will be pushed ahead on it as fast as possible. Mr. Findlay, the new manager, is now on the ground, and he will have charge of the operations at present. That great things may be expected from this mine in the near future is the opinion of everyone, and the people of the district are intensely optimistic in regard to the future of that part of the Queen Charlotte islands. This is the news brought by the steamer Amur from that part of the province.

Another interesting announcement is in regard to the mining claims at Tassu inlet. These have been bonded for \$400,000 according to the reports of the men who are working on the property. For some time there has been reports of the richness of the ore in that part of the islands and the news of the bonding simply confirms the previous reports. The difficulty with Tassu at present is that being on the west coast of the islands transportation is difficult.

News of the progress of the work at Selwyn inlet was also received. The fishing station at that point is to be something large. A four story building is about completed and others are in course of erection. The trawler has not yet arrived so that no fishing has been actually commenced.

Premier McBride, Dr. Young and party went up on the steamer, and held meetings at a number of points, in the interests of the Conservative party. The Amur will leave again on Wednesday.

SITE FOR WHALERY HAS BEEN CHOSEN

Captain Huff Returns on Amur After Making all Arrangements.

All arrangements have been made by Captain Huff, of Alberni, for the new whaling station which he is about to establish at the Queen Charlotte Islands. He returned from that place on the steamer Amur after having taken an engineer and picked out the site for the station. The position chosen is on the Houston Stewart channel, at the extreme south end of Moresby Island. Speaking of the new whalery this morning, the captain said that the site they had chosen was a very convenient one. The water was deep enough for ocean vessels, and it was well sheltered. In every way it was suited for the purpose.

The machinery will be ordered at once, and when it arrives everything will be in readiness for the installation. Whales were to be seen in large numbers, so everything points to the establishment of a successful industry in that part of the province.

MISSING BABY FOUND.

Spokane, Wash., Aug. 21.—Police Chief Sullivan announces that little Irene Quinn was not murdered, as was claimed by her mother at Bellingham, but is safe and sound in the home of the Friendless here. Mrs. Thomas Quinn, the child's mother, was arrested at Bellingham after accusing her own mother of strangling the baby. It now appears the child was placed in the orphanage here by Mrs. Quinn herself.

CLEVELAND'S NEW MANAGER.

Cleveland, O., Aug. 23.—James McGuire, formerly manager and captain of the Boston Americans, has been appointed manager of the Cleveland Naps, to succeed Nap. La Jole, who resigned several days ago. McGuire is one of the oldest catchers in baseball.

—Messrs. Dinnsdale & Malcolm, the contractors, are making excellent progress with the work of building an addition to the Masonic hall, corner of Douglas and Flisquard streets. The walls of the annex are all up and work will shortly start on the interior improvements. It is anticipated that the remodelled and enlarged building will be ready for occupancy in about two months.

BIG RACE MEET FOR FOUR CITIES

EASTERN MEN FORM COMPANY

Will Have Tracks in Toronto, Quebec, Montreal and Winnipeg.

A special from Ottawa to the Toronto Globe contains an interesting item of news in view of the agitation locally over the recent race meet. It says: A federal charter has been granted to the Metropolitan Racing Association of Canada. The head office is in Toronto and the authorized capital \$100,000. The incorporators are W. A. Cotton, A. E. Melhuish, A. J. Rattray, A. C. Hornby and P. E. Callen of Toronto, and John McPeck of Georgetown. Authority is given to hold race meets in Montreal, Quebec, Toronto and Winnipeg.

As outlined in the Globe by one of the incorporators, the Metropolitan Racing Association is working out a big scheme. They have, he said, ample funds to go ahead and have already been actively working for the securing of proper grounds in the four cities in which they intend holding racing meets. In three of the four they have secured options on desirable property. So far Toronto is concerned, Dufferin park is regarded with favor, and it is most likely that the local racing will be carried on there.

The racing will be of a mixed variety—running and trotting, but running will predominate. Under its federal charter the association will have the right to allow bookmaking, and it is their intention to have a string of "bookies" located at the Woodbine during any regular racing meet. According to the Globe's informant, the details of the proposition have not yet been fully worked out, and he was not in a position to say when actual operations would commence in any of the four cities. Neither could he advance any information as to the length of time which the meets would consume, how many times they would be held during a season.

In Montreal and Winnipeg conditions are similar to those existing in Toronto. There is in each of these cities two tracks, one of which is available, and on which an option has been secured. At Dufferin park running meets, with bookmaking privileges, it is also supposed recently by the Ontario government on the ground that the charter under which the meets were held—that of the York Riding and Driving Club—had automatically lapsed.

Mr. P. E. Callen, one of the incorporators of the new venture, was a former president of the York Club, and it is understood that Mr. Orpen is interested in the Metropolitan Association.

Premier Whitney, when asked by the Globe how the Ontario government looked upon the granting of this charter, and the probable use of Dufferin park, said that he could not give a decision offhand on the question. It seemed rather a delicate matter, and any statement of policy at this time might cause trouble. "We will very likely have to look into the question later on," he said, "but just at present I have no opinion to give."

PULP FROM NORWAY FOR POWDER WORKS

Nine Whales in One Day While Otter Was at Kyuquot.

It seems curious that pulp should be imported into this province from Norway. That is what is being done, however. The pulp came north on the steamer Umattila from San Francisco, having come across the continent by rail. It is being taken to the powder works at Departure Bay to-day by the steamer St. Lawrence.

The Otter has just returned from the West Coast where from Kyuquot she brought a cargo of whale product consisting of 600 barrels of whale oil and 38 sacks of fertilizer. While the vessel was there on Friday last nine whales were brought in to the station by the steamer St. Lawrence. Six of these arrived in the morning and three in the evening.

Animal life ceases to exist in the ocean at a depth of one and a half miles.

In Norway a man must be vaccinated regularly before he is qualified to vote.
