Westminster, Oct. 8. Although rain fell at intervals during the forenoon, nevertheless the sun shone forth brightly shortly after midday, and in the afternoon the exhibition grounds were crowded. It was a civic holiday in Vancouver and Westminster. There were as many visitors from Vancouver as from the Royal City. Every car from the Terminal City was crowded and yet many were left behind. The day was a great success, and the countenance of the committee of management beamed with delight.

The bicycle races held at the calithumpian bicycle parade through the principal streets of the city, and steam launch and rowing races. A goodly number witnessed these events.

THE DOG KENNELS.

attracted a large number. There are over 100 dogs exhibited and many of them of exceptionally fine breed. Mastiffs, St. Bernards, bulldogs, spaniels, setters, terriers, hounds and pugs were all represented.

The officers of the Kennel Club of Westminster have reason to feel proud at the fine bench show this year. The association, started three years ago, has made great headway and should the exhibitors increase next year in like proportion to what they have done this season, the present building will not be large enough.

THE FINE ARTS.

There is a falling off this year in this department, in both the number and the excellence of the exhibits. There are, however, many praiseworthy productions. In the amateur department Miss Dorothy Thompson, a young lady of 15 summers, carried off several prizes. She has on exhibit several crayon and pencil studies of great merit for one so young.

Painting, any subject, Master T. Larson.

Drawing, pencil or crayon, Master C. W. Fisher 1, Master W. W. Fisher 2.

Outline work, Miss D. Broad 1, Miss A. Rickman.
