mara, Ivy and Daphne Trott, and Annie and Laura Merton. On March 4th Jast The annual business meeting of Calvary Baptist church was held last evening in the schoolroom of the church, with the pastor, Rev. J. F. Vichert, M. A., in the chair. The various reports presented showed that the year had been one of gratifying progress. During the year the pastor was away for four months pursuingf a course of study in the East, but the church was fortunate in obtaining an acceptable and efficient supply in the person of Rev. W. C. King, so that its work was not hindered in the least. Pastor Vichert returned to his post early in May. The clerk's report showed that 20 had been added to the membership of the

church during the year, while a consider-able decrease had been occasioned by deaths and removals. The present mem-1.55 bership is 288. The total amount of money raised by the church in all de-

That the children were a mint to the

management was unquestioned, and this

fact has given them an advertisemen

was set forth that he entered into an

agreement with Mrs. Annie Heintz and

subject and that the agreement was no

binding. On being informed by Pollard

that he would take steps to enforce his

rights, Mrs. Heintz expressed her inten-

had been advised that the engagement

with Pollard was not binding, said she

intended to stick to the agreement with

Wolff. Pollard alleged that Wolff's

The water-pan in most furnaces is a pleasantry. It has no serious business in the work of the furnace-it is merely" placed there for effect, because a water-pan is a good thing. And a water-pan is an absolute necessity to your health and comfort, but it must be properly placed to radiate moisture evenly and uniformly throughout the house.

The water-pan of the Sunshine Furnace is the most scientifically arranged water-pan in any furnace in the world. It does the work a water-pan should, and does it well.

The nsettled conditions consequent upon the war has interfered with his work, and he is on his way back to the United States to await the close of the war. He is anxious to return to his labors again. Rev. E. H. Jones and Rev. E. Correll and Mrs. Correll, Japanese missionaries, were also aboard.

O. C. Clifford, of Tientsin, his wife and two children, are on their way to the Eastern States, where Mr. Clifford's parents live. He says that in China among the European residents there is not much sympathy manifested for either Russians or Japanese in the present struggle. It is believed in Tientsin that if the Japanese defeat the Russians that it will only be a short time before Manchuria falls into their possession.
