### WINTER PORT ITEMS.

S. S. Bengore Head is expected to sail from the other side for here on Saturday next, and the Inishowen Head, which arrived at Belfast Monday night, will leave again for St. John

The following is the Lake Huron's ther encountered, but would sail again today. The Oundall is a very super-ior steamer, only about two years old, but being in ballast she would, of course, be less able to contend with the head wind and sea than if she was loaded with cargo. The Beaver steamer Lake Ontario, Capt. Campbell, which left here on the lith for Idvarpoel arrived there Saloon-K. R.

Included in her cargo is 63,000 bushels of grain, 1,100 tons of flour, 3 carloads of pro-visions, 1 carload of logs, together with butter, lard, etc., and 369 head of cattle, 110 sheep and 65 horses. The Furness steamens Cundall and Stockholm City are due to arrive here prom London on the 21st and 28th re-spectively.

The Aberdeen boat Lord Gough got all her grain yesterday, 18,000 bushels of oats, and is now taking in flour.

In addition to the grain above mentioned, she will move 2,200 tons of flour, and 100 tons more made up of oil cake, carraige wheels and furniture. She will probably sail on Friday. Schofield & Co. received a cable

message yesterday morning stating that the Furness line steamer Cunsteamer Cundall, which left Hartlepool on the 3rd inst. for this port, had been driven back to Falmouth by the terrific wea-ther encountered, but would sail again
