SUMMER TRAVEL BOOMING.

It commences to look as if the "good old summer days" were really at hand if one can judge from the number of people the steamers and railways are carrying. The St. Croix, of the Eastern Steamship Line, arrived this morning with about four hundred passengers while shortly afterwards, forty minutes late, the Boston express reached the depot with a very large number. Many of those who came on the steamer were bound for points further east, the North Shore and P. E. Island. The steamer was in splendid time to make easy connections.

Another new car for the Street Railway Company arrived from Montreal today. This is the sixth and last of the new lot ordered. These cars are being rapidly fitted out for use and it is only a matter of a day or so before the three that arrived yesterday and the one that came today will be ready for service. They are magnificent cars, the equal of any in use in Canada.

THE DRY DOCK.

Coming to St. John, by Way

of Portland, Maine.

The Maine Central Contains a

Large Half Tone Cut of the

Completed Dock.

The Maine Central, the official organ of the Maine Central Railway, is always an interesting publication, but the latest number which reached the city today is of more than ordinary interest and the people of this city and the province in general. The issue in a way might be styled a New Brunswick number as it contains a large amount of interesting matter concerning this city and province. Several St. John firms have large advertising spaces as well as the Tourist Association. Among the St. John advertisers are W. E. Thorne & Co., Manchester, Robertson, Allison Company, Royal Hotel, with a splendid cut of the hotel, the Dufferin Hotel, with the familiar picture of the proprietor and "Dufferin Pat." The Barker house at Fredericton also has a goodly space with a picture of the late proprietor and his famous frog. The articles descriptive of this city, Fredericton and other sections of the province make interesting reading. The illustrations accompanying them are all splendid half tone pictures. They include a scene on the Restigouche, Reversible Falls, a new Brunswick water-fall, Queen street, Fredericton, St. John harbor, shipping in St. John harbor, Penack Bridge, big game views and last, but not least and wonderful as it may seem, a magnificent half-tone cut of THE dry dock with a British warship in position. The picture is almost full page size with the title, "Dry Dock at St. John, N. B." George Robertson, M. P. P., was shown the picture but failed to recognize it as his dock, and at last reports was going to Carleton to see if some one had stolen his march on him and built the dock during the night.

A telephone message from Carleton says that the west side people are out with lanterns and dogs looking for "the" dock and if they catch up with it, its fate will be worse than that of the unfortunate moose that came to town some weeks ago.

THE DRY DOCK.

Yesterday afternoon George Robertson, M. P. P., president of the Imperial Dry Dock Co., with Engineer Coste, of that concern, and others, visited Sand Point and looked over the mill pond, the site proposed for the dry dock, and a meeting of the sub-committee of the general committee of the common council on the dock question was held last evening. Various details in the construction of the dock were discussed.

COUNTY TAXES.

At a meeting of the committee of the county council on the collection of rates and taxes held in the county secretary's office on Friday last, the collectors of rates and taxes in the several parishes were given positive instructions to issue executions against all persons who were in arrears in their respective parishes. The arrears are very large, and it is felt by the committee that some extraordinary effort must be made to get them collected.

Alex. S. Reicker and Miss Fannie H. Addison, both of St. John, were married at the home of the bride's mother, Mrs. John F. Addison, Waterloo street, Wednesday, June 24th.

Something About The Latest

Who Will Play With The Roses and

Alerts in Tomorrow's Game.

Tomorrow promises to be the biggest base ball day in the history of the game in the maritime provinces. Managers Haney and Bamery have left no stone unturned in an honest endeavor to strengthen their teams. Money has been spent freely and the general public as well as the hundreds of cranks are well aware of the fact and are anxiously looking forward to tomorrow's two big games. The morning game will be played on the Athletic grounds and the afternoon contest on the Shamrock grounds. Among the new players who have been signed are Cowling, a catcher for the Alerts, Soxalis, the famous Indian out-fielder, and Gorman, a pitcher for the Roses. Soxalis has been in town since Saturday and Gorman came in on the Boston express at noon. He is a well built, likely looking fellow, with a splendid record. Previous to leaving for this city he was pitching for Fitchburg, Mass. Last season he pitched for Belfast in the Maine Central League and in two games was opposed to Coombs, winning both games.

The Alerts' Episcopal church will be the scene of a very pretty wedding this evening, when Miss Clara Wolfe, daughter of James Wolfe, of Moore street, will be married to Arthur Daley, a popular young man of Carleton.

Miss Wolfe will be attended by her sister, Miss Mabel Wolfe, and Miss Marjorie Kerr as maids of honor. The dress of the former will be cream silk, while the latter will be gowned in blue and white silk. The attendants will carry shower bouquets of roses.

The marriage ceremony will be performed at eight o'clock, by the rector, the Rev. Mr. Dicker, and will be followed by a reception at the residence of the bride's father.

The happy couple, who are the recipients of many costly presents, will make their future home in Carleton.

Carleton, K. C., in which Mr. Connolly is styled the debtor of Daniel Killey and he is called on to answer in the county court within twenty days the demand of Killey for \$200, which Killey claims belongs to him and which Connolly holds.

CHINESE VICEROY.

Is Opposed to the Terms of the

American-Japanese Treaty.

LONDON, June 30.—A Shanghai dispatch to the Times says the correspondent of a native journal there asserts that the viceroy, Yuan Shai Kai, governor general of P. Chi Li, is opposed to the opening to trade of the places in Manchuria mentioned in the American and Japanese draft treaties on the ground that it would be useless and would complicate a difficult question at the instance of powers which have failed to induce Russia to restore either their own rights or the Chinese administration at the long established treaty port of New Changang.
