SPORTING MATTERS

WESTFIELD RESIDENTS DISPLEASED WITH C.P.R.

Think They Should Provide Better Suburban Accommodation—Outing Assn. Elect Officers and Make Plans.

The Westfield Outing Association met last evening in the Board of Trade rooms. The election of officers and committees for the coming year took up most of the time. Plans for the salmon boat racing were also made. The election of officers resulted in the following being chosen: President, B. R. Macaulay; vice-president, W. C. Rothwell. Secretary treasurer, E. E. Church.

The executive committee consists of the officers, together with George Blizzard, W. Macdonald, J. Frodsham, F. H. J. Ruel, Alex. Thompson, E. P. Howard, J. A. Likely, G. W. Cooke, J. H. Hamilton, W. W. Allen, H. B. Robinson, Dr. J. L. Day, J. H. Doody and J. R. McIntosh.

Those composing the sailing committee are H. B. Robinson, S. Wetmore, J. Clawson, George Robertson, J. A. Likely, F. L. Peters, G. W. Crawford and F. H. J. Ruel.

The races for salmon boats will begin about the first of July and will take place on Saturdays. The winner of the greatest number of points in the five races to be sailed this season will become permanent possessor of a handsome silver cup, presented by G. B. Dunn and W. C. Rothwell. Upon the base of the cup is a shield bearing the inscription: "Presented to the Westfield Outing Association by Guy B. Dunn and W. C. Rothwell for competition among the salmon boats."

There was a lively discussion at last evening's meeting over the rig and sail area of the salmon-boats. After a lengthy debate it was decided to adhere to last season's regulations. The sail area of a boat is not to exceed 450 square feet, and a craft may be rigged with mainsail and foresail, or with mainsail, foresail, and jib.

T. H. Bullock, J. H. Doody and H. B. Robinson were appointed a committee to interview the local officials of the C. P. R., in order to arrange for a special train at Westfield on Saturday, May 4th, and also for suburban trains during the summer. Much dissatisfaction was expressed on account of the Canadian Pacific not supplying morning and evening trains, as does the Intercolonial.

Joseph A. Likely offered a portion of his grounds at Ononsite station to the association to be used for tennis courts. The association's thanks was tendered Mr. Likely.

M.P.A.A.A REFUSED TO RE-INSTATE HUMPHREY

HALIFAX, N. S., April 29.—At a special meeting of the M. P. A. A. A. tonight, Chief Ackman, of the Moncton fire department, was given leave to address the meeting and made a strong plea for mixed amateur and professional ball playing, and for the reinstatement of James W. Humphrey, the well-known sprinter and ex-M. P. A. A. A. champion, who ran a professional race with Eatman at St. John, and also played professional baseball. Mr. Roberts of Moncton also spoke for Humphrey. Later a resolution refusing to reinstate Humphrey was adopted.

Lieut. Pappineau, Corporal James, R. E., and other representatives of the military, were present and asked that the soldiers heretofore regarded as professionals, be recognized as amateurs, provided their amateur standing has not been tainted. It was decided to recognize them, provided they form an amateur association or associations and furnish an affidavit of standing to the M. P. A. A. A. They will be advised to affiliate.

A resolution supporting the action of the president in issuing a bulletin refusing to permit amateurs and professionals to play mixed baseball was adopted. President Lithgow and Mr. Roberts, or a substitute from the Moncton A. A. A., were appointed delegates to go to Toronto and meet the C. A. A. Union board of governors to get a definite statement as to how amateurs playing baseball with or against professionals would be regarded. Another meeting will be called on the return of the president from Toronto.

CHARLES TOWNS WILL ROW DURNAN IN ENGLAND IN 1908

TORONTO, April 29.—A Sydney, New South Wales, cable states that Charles Towns, if he is then champion of the world, will row Durnan in England in 1908 for the Sportsman's cup. Durnan's challenge to Australia was to George Towns for this year, but the change to the brother is not unacceptable on this side.

Durnan said he had an agreement with George Towns that provided he challenged within a certain time he could get a match with George in England this summer.

THE TURF

F. DUNCANSON'S NEW PACER.

The fastest horse ever brought to the Maritime Provinces is Coney, Fred Duncanson's new candidate for the free-for-all events. Coney is by McKinney, and is a half brother of Sweet Marie, the champion trotting mare, whose mark is also 2.02. Coney is a pacer, and has travelled in the fastest company in the world. He was owned by Williams Brothers of Indiana, and when they had their great sale last winter he was knocked down at a comparatively low figure. Mr. Duncanson purchased him after he had changed hands a couple of times, since being sold at auction, and the price dropped with each transfer. Mr. Duncanson certainly got a bargain. Coney has been in quarantine for about eight days here and caught a bad cold, which is causing his owner anxiety, and is under the care of Dr. Simons. Mr. Duncanson also owns Laura Merrill, a green mare of great promise, and Etta Mac. Just at present he is negotiating for a green pacer for a syndicate of local horsemen.

Shipping Notes.

The new packet steamer, the Ruby L arrived in port on Saturday and was yesterday loading freight at the West Side. This is her maiden voyage and she will call at Margeretville, Port George and Canning. The Ruby L was built at Shelburne and received her boiler and machinery at Yarmouth. She is commanded by Captain Simeon Baker, of Margeretville, who with others of that place are the promoters of the new line. The steamer is of the same type as the Westport III, and Granville. Besides a good freight space, she has good accommodations for passengers.

BOSTON, April 29.—The British bark Osberga, with fifteen persons on board including the captain's wife, has been more than twice as long as usual in her voyage from East Harbor, Turk's Island, with a cargo of salt and has not yet been sighted off the coast. It is believed that she has been driven far off her course, and may have been the vessel which was sighted on April 2nd, by the steamer El Paso, off the eastern coast of Cuba. The Osberga is owned in Halifax, and is commanded by Captain Haerfield, of Yarmouth, N. S.

HALIFAX, N. S., April 29.—As a result of their encounter with Gulf ice, there are three badly battered steamers in North Sydney today. Probably the worst of the trio is the Agnar, which has a big hole punched forward of her forepeak. The discovery was only made when she was being unloaded at the pier yesterday. Had the hole been made a little further aft, the steamer would have been sunk.

The Pors, which arrived last week from Glasgow, also had some of her plates started and is now at the terminus wharf. Tomorrow she will go to Sydney, where repairs will likely be made.

The latest arrival in a damaged condition was the Norwegian steamer Hirundo, Capt. Surensen, which arrived last night, fourteen days from Cardiff. Yesterday she struck against the ice off the coast, and as a result several of her plates are started. This morning she pulled into the Dominion wharf with about six feet of water in her forward part. Repairs will be affected here. Before leaving Cardiff the Hirundo had ten new plates put on. She will be engaged in carrying limestone from Marble Mountain to the D. I. S. Co., during the next few months.

UNAFRAID OF GHOSTS, BUY HAUNTED HOUSE

Weird Tales of Headless Woman Have No Terrors for Arizona Family.

WASHINGTON, Pa., April 29.—Since the murder of four members of the family of Samuel Pearce, in Cecil township, this county, in June, last year, the owner of the property where the tragedy took place, on account of stories about the house being haunted, had been unable to obtain a tenant until this week, when the house and twenty acres was sold to a family named Cassady, who moved here from Arizona.

Weird tales of a headless woman, followed by children with gaping wounds in their breasts, who wandered through and about the house at nights, have been told by superstitious persons in the Cecil community, and the place was given wide berth by persons passing that way at night.

One would-be tenant, a miner, who moved into the house last winter, remained only a single night, in fact, it is said he left with his family before morning.

The Cassadys, although informed of the situation, say they are not afraid, and boast that they cannot be frightened away.

SUSPICIOUS OF BANKS, ROBBED OF $600 SAVINGS

Money Secured by String Around Woman's Neck Stolen While She Slept.

CHESTER, Pa., April 29.—Believing that her savings would be more secure if sewed up in a small bag that she kept suspended from a string around her neck, Mrs. Mary Pekoski, a Polish woman, used that method. She is now out $600, the string having been snipped as she slept and the money stolen. John Horeski, a boarder in the house of Mrs. Pekoski, has disappeared, and the police are looking for him.

The money stolen from the Polish woman represent the savings of herself and husband for the last three years, she says.

"I was told that I'd better put the money in a bank," she told the police, "but I've been afraid some one would steal it."

NEBRASKA GIRLS FORM ANTI-WHISKERS CLUB

Maidens Will Not Receive Attentions From Men Who Wear Any Sort of Beard.

OMAHA, April 29.—An number of society young women of Hemingford, Neb., have formed an anti-whiskers society. A pro-whiskers society was formed several months ago by the young women at Harrison, and several anti-whiskers societies have been formed within the last year by young women in other Nebraska and South Dakota towns. Members of the Hemingford society subscribe to an agreement not to receive attentions from men—young, middle-aged or old—who wear any sort of beard, and not under any circumstances to marry men who have beards. Heavy penalties are imposed.

JUSTIFIABLE HOMICIDE UNDER "UNWRITTEN LAW" SAYS CORONER'S JURY

MACON, Ga., April 29.—L. D. Strong, manager of a large mercantile store in this city, walked into the printing office of Henry D. Smith today and shot and killed Smith. Five bullets were fired into Smith's body. While the tragedy was being enacted the grand jury found an indictment against the man slain for seduction of Miss Lillian Strong, sister of the slayer.

The girl had been working in Smith's office as a press feeder for several months, but last week she notified her brother of Smith's intimacy with her. He carried the matter before the grand jury, before whom the girl appeared to have Smith indicted. Another brother, not knowing of the indictment, went to Smith's place of business and shot him. He lived a few minutes, long enough to deny the accusation. A coroner's jury rendered a verdict of justifiable homicide, under the "unwritten law."

A meeting of the Liberal electors of the city and county of St. John will be held in Berryman's Hall at eight o'clock on Wednesday evening for the purpose of ratifying the nomination of Hon. Dr. Pugsley as their candidate. Dr. Pugsley has invited Hon. H. R. Emmerson to be present on that occasion.

W. J. Redfern, an employe of the Portland Rolling Mills, was quite badly injured while working there. A piece of emery stone struck him in the eye. Dr. Roberts was summoned and attended his injury. Mr. Redfern was then taken home in a coach. His eyesight will be saved.

Lugi Morini, the Itaian who escaped from the steamer Mount Temple after being put on board for deportation, was captured at McAdam Junction and brought back to the city last night. He will be sent out of the country at the first opportunity. Morini was nabbed by the U.S. immigration inspector. He is being deported because of having trachoma.

An important meeting of the New Brunswick Press Association will be held in this city on Thursday evening of this week. It has been called by President Stewart to discuss the proposed excessive postal rates on Canadian newspapers entering the United States, a subject of great importance to all publishers.

The subject of a suitable monument in honor of the memory of the late Dr. W. H. Drummond is being widely discussed in literary and financial circles in Montreal. It is felt that no Canadian has a better right to have his name perpetuated than the genial author of the "Habitant," who did so much during his lifetime by his writings, to unite the two great races in Canada.

Door prizes—1, F. Ferguson, tea set; 2, L. Maxwell, water boiler; L. Clark, 25 pounds of soap; L. Tools, dozen bottles of pickles; excelsior, John Carr, parlor lamp; air gun, A. McAndrews, 1,170; C. H. Jackson, 989; J. Bond, 280. The contest will close this evening at 10 o'clock sharp. The band's own orchestra will furnish music. A ton of coal will be one of the door prizes this evening.

A wild steer is now at large in the woods of Lancaster and all the youths of the district are out with clothes lines as lassoes and table cutlery as bowie knives, searching for the animal. It escaped from among a herd which were at Sand Point awaiting shipment. The search for the steer has been kept up since Saturday night, but it has proved to be as wily as a moose and the man who captures it will be congratulated. He will probably receive a remembrance from the owners, as the steer is a valuable one. It has not yet done any damage, but the residents are staying at home nights and the youngsters are having a fine time.

FATHER GRIEVES OVER DAUGHTER'S DETERMINATION TO SUE FOR A DIVORCE

NEW YORK, April 29.—"I'd have given my right hand to prevent this," James R. Keenne, the "Gray Fox of Wall street," is quoted as saying to a friend when his daughter told him she must sue her husband, Talbot J. Taylor, for a divorce. It is more than credible that Mr. Keene said something like this—for he has been devoted for years to his daughter, his son-in-law and to their children.

Talbot J. Taylor was in business the right hand man of the cool and daring old manipulator of stock exchange values. Keene discovered Taylor as a youngster among the brokers in Baltimore and saw in him his ideal lieutenant. He brought him on to New York and set him up in business.

Taylor married the beautiful Jessica Keene, only daughter of his patron. She and Foxhall Keene, more famous in the racing and fox hunting world than in the Wall street game, are Mr. Keene's only children. The Taylors have four children.

Mr. and Mrs. Taylor have been estranged for several months. It is known that Mr. Keene, heartbroken over the trouble did all he could to persuade his daughter to become reconciled with her husband. What the cause of the separation is, none of those concerned will say.

The name of the necessary "woman in the case," is not whispered. Mrs. Taylor, it is known, has said to her father that she had no longer any affection for Mr. Taylor and that she had ample evidence upon which to gain her freedom and the control of the children.

Mr. Taylor will sail for Europe on May 1, and his offices will be closed. His clerks and employes will have a vacation with full pay until his return.

JERSEY CITY, N. J., April 28.—By the collapse of a stand filled with people watching a ball game this afternoon, Russell Neilsen, six years old, was killed and a number of men and boys were slightly injured.

ICELAND WANTS A FLAG.

Agitation Srrongly Pressed, But Denmark Maintains Islanders Must Be True to Danish Colors.

COPENHAGEIN, April 29—An agitation for a special Iceland flag is being strongly pressed in Iceland. The country holds a favored position in the Danish monarchy, and all its demands, particularly in the direction of home rule, have been granted in recent years.

Denmark maintains, however, that so long as Iceland belongs to her the Danish flag must be the emblem of the islanders. The municipality of Reykjavik has agreed to display an Icelandic flag during the contemplated visit of the King, and there are reports that nationalistic demonstrations of other sorts will be made. Foreign nations having trade and fishing interests in Iceland are encouraging the movement, and would be glad to see Iceland entirely separated from Denmark.

The American Department of Agriculture has ordered different kinds of Icelandic seeds and potatoes from the Agricultural Society in Reykjavik, proposing to experiment with them in Alaska.
