#### SACKVILLE AND CAMPBELLTON LUMBER SHIPMENTS.

M. Wood & Sons have just about closed up their lumber business for the season. Considering the dullness in the lumber market these people have done a big business. The largest shipments have been made from Cape Tormentine, but several cargoes have gone from Shediac and also from Grandstone Island. All the lumber was sent to British ports. The shipment for the season just closed totals 5,200,000 superficial feet, made up as follows: Two cargoes from Shediac 1,000,000 feet; two cargoes from Grandstone Island, 550,000 feet; and seven cargoes from Cape Tormentine, 3,650,000 feet. Chas. Ford, who looks after this firm's lumber business almost entirely, has been a busy man this season, and is probably not sorry that the last cargo has left. The following is a statement of the shipments of lumber from Campbellton for the season of 1898: D. Richards, 9 vessels, 8,520 tons, 8,114,194 feet.

K. Stiven, 9 vessels, 8,863 tons, 7,975,121 feet.  
J. D. Sowerby, 2 vessels, 1,557 tons, 1,371,880 feet.  
Price Bros., 1 vessel, 1,099 tons, 823,000 feet.  
Total 23 vessels, 20,029 tons, 18,280,904 feet.  
The above was distributed as follows:  
Great Britain, 18 vessels, 14,655 tons, carrying 13,996,206 feet.  
Australia, 2 vessels, 2,060 tons, carrying 2,225,172 feet.

#### MT. ALLISON.

SACKVILLE, Nov. 3.—Hallowe'en passed at Mt. Allison without any misadventures or noticeable practical jokes. The young ladies held their carnival in Beethoven hall, and the students in the residence and academy were treated to a supper in their respective dining halls.

At least it seems as if an athletic grand worthy of the university and its athletes were to be provided. A large number of men with horses and carts are employed in leveling the field at the end of the residence, running down to the newly opened street.

Mr. Irons, the maker of the Wanders' grounds in Halifax, was here and laid off the field. He also gave directions about the work, and will probably return later to inspect it when near completion. As much as possible will be done this autumn, so that it may be finished early next spring and got ready for use after the next summer vacation. The field will be a great addition to the appearance of the grounds and afford fine facilities for college sports and games.

On Friday evening the athletic association held an entertainment in the university residence. There was not a large attendance from outside the institution, but about fifty dollars was raised. This is to be used toward the expenses of the trip of the football team to Wolfville and Halifax. The trip is planned for next week, and games will be played with Acadia, Dalhousie and the Wanders. A good many of the well known players of other years are gone, but it is expected that the team will still play some good games. On its trip, two years ago it beat Acadia and tied with the Wanders.

Dr. Borden has been re-elected president of the Sackville curling club. Dr. Smith cheers the residence with his presence and good humor during the absence of Mrs. Smith in Truro.

one must have good milk and this comes only from healthy cows. The blood must be kept clean and pure, and the digestion good to ensure this result. There is nothing so good for this purpose as Dick's Blood Purifier. This preparation is specifically made for milk cows and possesses real merit and power to do what is claimed for it. Given regularly with good food it will convert a mere hide and bones structure into a profitable member of the herd.
