FREDERICTON.

To Prevent the Spread of Smallpox from St. John.

The Late James D. Macpherson-Putting New Life Into St. Dunstan's Church -Going to Boston.

FREDERICTON, Nov. 25.-A special meeting of the provincial board of health this evening was attended by John McMillan and James Hall of St. John, Dr. Hand of Woodstock and Dr. Fisher of Marysville. The board was in session until nearly midnight One question discussed was the adop-tion of measures necessary to prevent the spread of smallpox from St. John to other parts of the province. Lt. Col. Surgeon McLearn's condi-

same disease, and there are several other cases in town. W. K. Allen will leave for Boston on

ccompany him. Work was begun, today at putting in the new hard wood floor and oak pews in St. Dunstan's Roman Catholic church. The new pews are of modern esign and finish and when they are installed St. Dunstan's will be one of the most handsomely appointed churches in the city. In reseating the church Rev. Fr. Carney is carrying out plans which Rev. Fr. Casey had) view when he was called to the dignity of bishop of the diocese. Rev. Fr. Carney is unging his congregation, to do away with the present system of

pew rentings and to make all seats in he church free. The flag is flying half mast over city hall today out of respect to the memory of the late. James D. Macherson, who for the past six years been a valued member of the local board of health. The funeral will take place at three o'clock ow afternoon from Windsor Hall:

WHAT GIBSON JR.'S ORGAN PREDICTS.

(Fredericton: Gleaner, 25th.) Mr. Blair, who came in from John by the late train on Saturday evening, seems to have had a fairly busy time of it today. He has had interviews with Alex. Gibson, jr., and others, and no doubt the question of the date of the by-election was disssed and perhaps the date was settled. We are not advised as to the date agreed upon, but we venture to predict that it will not be any earlier than the time mentioned in these columns last July. In the meantime the electors of York, who are quite tired of political agitation and political contests, appear to be taking no interes in the approaching election, nor do they appear to be in the least concerned about the date.

SALVAGE. The Wastwater-Admiralty Division

2nd November. (London Fairplay, Nov. 7.) The owners of the Dean (str.) sought to recover for salvage services rendered the Wastwater (str.) The value of the Dean was £15,000, of the Wastwater £21,750, of her cargo £4,350, and of her freight £1,630. The Dean was on a voyage from Sharpness to Miramichi, in ballast, and at about 2 p. m. on the 11th June, when in lat. 51.23 N. long, 16.45 W., the Wastwater was observed lying helpless in a trough of court today. The value of the estate the sea, flying signals, she having is placed at \$34,000. The real estate is

from the N. W. and a rough sea. A tow rope was passed, but shortly after towage had commenced in panted, owing to a violent sheering of the Wastwater. The Dean stood by all hight and on the next morning communication was again established and towage resumed. On the 12th and 13th the Wastwater was several times unmanageable, but on the 14th the weather moderated, and on the afteroon of the 15th she was brought into Queenstown harbor, having been tow-ed 380 miles. It was contended that the vessel had been rescued from probable total loss. It was denied in de-fence that the Wastwater was ever in any immediate danger, she being perectly tight, and except for the loss of her propelling power in all respects seaworthy: His lordship (Sir F. Jeune) in giving judgment, said that the service was a useful one and well performed, but that it was not marked by any extraordinary incidents. He did not suppose there would have been any risk of the Wastwater being abtion is slightly improved tonight, he said, have been out of the track though he is yet very ill. to the owners, £150 to the master, and £300 to the crew. Both the Dean and the Wastwaternave been at this port.

## DREADFUL MISTAKE BARBLY AVERTED

Thursday to consult a specialist upon cancerous diseases. T. C. Allen will Thomas Harrison of St. Mary's N. B., Might have been Operated on for Appendicitis.

> His Case was Wrongly Diagnosed He Realized the Fact in Time-Dodd's Kidney Pills Probably Saved

ST. MARY'S, N. B., Nov. 25,-4Spepial)—Thomas Harrison of this place considers himself a fortunate man that he is alive and well today. For months he was suffering, as everybody thought, with appendicitis. That's what he was told, and that's what he was being treated for. But he grew worse in spite of the efforts exerted to

In appendicitis it is generally thought necessary to perform an op-eration. That Mr. Harrison was not required to undergo the surgeon's snife and that for a disease he never had, is in all probability nobody's fault but his own. For it was not appendicitis that afflicted Mr. Harrison. It was Stone in the Bladder, and it was Dodd's Kidney Pills that restored him to the perfect health and strength he enjoys today.

"About a year ago," he writes, "I began to suffer from pain in the back accompanied by a lethargy impossible to overcome. I employed a physician who named my disease appendicitis, but in spite of his treatment I grew urine.

'About this time an anxious friend advised me to try Dodd's Kidney Pills, and by the time I had finished the first box I passed a stone of unusual size, which is now in the doctor's possession. "I began at once to feel better, and

you may judge of my gratitude for my escape thus promptly and safely. Having taken only three boxes I am

happy to state I am absolutely cured

with no sign of the return of my old trouble."
