MAYOR OF FREDERICTON.

The election of the first civic officer of this *ancient* city comes off very shortly. Messrs. Needham and End are the only candidates, so far as we can learn. What claim Mr. End can have to the honor of representing the metropolis of New Brunswick, we are at a loss to know. If the capital of a Province consisting of loyal people is satisfied with a mayor, who, not long since, expressed an earnest desire to repudiate the allegiance which he owed to his lawful sovereign, well and good,—this is a matter for the voters of Fredericton to determine. We sadly mistake the material of which they are constituted if, however, they are thus satisfied. We have opposed Mr. Needham politically, on various occasions, and will again, if we see fit to do so; but, during the whole career of our opposition we do not recollect any one occasion when we had to take Mr. Needham to task for "dodging," when a vote was about to be taken upon any question, even of minor importance; we wish that we could thus exonerate his opponent, even in a case of very serious importance to the welfare of the country.

POPISH EXODUS.

We copy the following article from the *Toronto Globe*. It affords a strong and conclusive manifestation of the feelings of the people of Toronto and its vicinity—consisting of men whose personal knowledge of the matter, well entitles them to express their convictions in reference to a serious evil which it is possible they may have to encounter. When the Protestants of Western Canada view the condition of the Romanists of the Eastern portion of that fine Province, and compare the mental and physical degradation of the latter, with the intelligence and active prosperity of the former, it is no wonder that they dread the hated evil by which they are threatened, and adopt the most energetic means to prevent so great a calamity:

The great meeting of Irishmen, disapproving of the proposed Emigration of Roman Catholic Irishmen from the United States to Canada, was held last evening in the St. Lawrence Hall, which we believe was never so densely crowded on any previous occasion. Many hundreds, if not thousands, were unable to gain admittance, and sometime before the hour of meeting there were as many flocking down the stairs as thronging up. Every available space in the Hall was occupied. Both speakers and audience most emphatically expressed their disapprobation of the movement now on foot to swamp the Protestantism of Canada, by bringing into the Province eight hundred thousand unfeeling tenet and bigoted Romanists, and their determined resolve to resist the movement by every means in their power. The chair was ably filled by Col. O'Brien. The speeches, in order to do them justice, we must reserve for our next issue. The following are the resolutions unanimously adopted:—

Whereas it has been represented that a convention is being held in the city of Buffalo, in the United States, composed of delegates from the several cities of Canada, with a view of facilitating the wholesale transmission into the Province of the Roman Catholic population claiming Irish birth, at present resident in and citizens of the United States Republic; and whereas, as such Roman Catholics are principally those who were the disturbers of their native country, and not satisfied with the mildness and liberty of the British Constitution, forfeited their right to the designation of British subjects by emigrating to a foreign State, and, whereas, their fractiousness and intermeddling their utter subserviency and blind obedience to their Priesthood, have rendered them obnoxious to their fellow republicans, therefore it is

Resolved, 1.—That this meeting deprecates such a movement as an interference with the country, which should be observed between Foreign States at peace with each other, and moreover disapproves, in the strongest manner, of the contemplated wholesale transmission of such Roman Catholic Irish from the United States to this country, because it is firmly believed, that people who basely submit to the dictates of a foreign hierarchy cannot be expected to be good citizens or to appreciate the advantages of a free and constitutional Government, and therefore a wholesale transmission of the Roman Catholic Irish from the United States to Canada would be dangerous to the advantageous working of our happy institutions, and should be resisted by every constitutional means.

Resolved, 2.—That the meeting, held in the Temperance Hall in this city, on Friday last, for the purpose of taking measures to transmit the Roman Catholic Irish in the United States to Canada, by no means expressed the views and feelings of the Irishmen of Toronto; and, therefore, we, the Irish of this city, hereby enter our solemn protest against the proceedings of that meeting, and the sending of delegates therefrom to a convention of Romanist Irish, to be held in the city of Buffalo; and, in the name of the Irishmen of Toronto, we pronounce the action of the said meeting to be an unauthorized assumption on the part of the few Irish Romanists present at that meeting.

Resolved, 3.—That we view the proposed exodus of Romanist Irish from the United States to Canada, if it be successfully carried out, as a great calamity to our civil and religious liberty, a calamity which every true patriot, Protestant as well as Roman Catholic, should endeavor, by all means in his power to avert.

OUR RELATIONS WITH GREAT BRITAIN.

New York, Feb. 29.

The *Herald* has the following despatch from Washington 28th:—

A new and extraordinary chapter in the diplomacy upon the Central American question has opened. Last evening, Mr. Crampton addressed a hasty note to Mr. Marcy, enclosing a letter from Lord Clarendon to the British Minister, dated last autumn, in which Lord Clarendon recites a conversation between himself and Mr. Buchanan on the subject of referring the Central American difficulty to a third power for arbitration. He requests Mr. Crampton to communicate his letter to the American government. Mr. Crampton's apology to Mr. Marcy, for not doing so before, is that he overlooked the concluding paragraph containing that request. He now sends the original letter without stopping to make a copy, and requests that it may be copied and returned to him. He seems all at once to have got in a great hurry about the business. The letter of Lord Clarendon can hardly be called a downright offer to submit the matter to arbitration. It might more properly be characterized as an effort to sound the American government on the subject. Mr. Buchanan recently made a special and emphatic demand upon Lord Clarendon, as to what he meant by his declaration in parliament that he had recently renewed his offer to submit the Central American difficulties to the arbitration of a third power. He told Lord Clarendon that nothing was known in London, of such an offer having been made. Lord Clarendon at first talked about the previous conversation on the subject with Mr. Buchanan.—These conversations had been of a suggestive discussion and rather peculiar character, had did not embrace any proposition, which Mr. Buchanan had a right to consider definite and serious. After referring some time, however, to these previous talks, Lord Clarendon told Buchanan that he had written to Mr. Crampton, renewing the offer, that Mr. Crampton had communicated his views to Mr. Marcy, and that Mr. Marcy had replied that his simplest way in the hands of Mr. Buchanan.—The President has been induced to withhold the letter dismissing Mr. Crampton till the arrival of the steamer due, in the expectation that he will be recalled by his own government. Should that not be the case the letter will be immediately sent. A rumor was current to-day that Mr. Crampton had been recalled, but it could not be traced to a reliable source, and is doubtless premature.

FURTHER BY THE BALTIC.

A second despatch was received at the News Room Yesterday, but it furnishes nothing of material interest in addition to what we gave in our last. The following are the most important items—

The London Times announces that the 18th Regt. and a battalion of Rifles are about to be despatched to Canada, and several other Regiments will follow so as to concentrate a *powerful* Army in that country. Every preparation is making for the equipment.

It is rumoured that almost every Regt. attached to the home service, has received intructions that their services may be required in Canada.

Holloway's Pills the most certain cure for Liver and stomach complaints.—Mr. Charles Bandey, of Guysborough, Nova Scotia, was a severe sufferer for upwards of eight years with a diseased liver, the faculty informed him that one part of it was entirely gone, and it was only by the most abstemious living and retirement, that he could hope to remain long in the land of the living. He went to England for the purpose of consulting the most famous physicians, when he was told the same thing by several of the faculty there. A friend however, to whom Mr. Bingly, mentioned the circumstance in confidence, recommended him to give Holloway's Pills a fair trial which he did, the result was, that by persevering with them for two months, he was completely cured, and has resumed his duties enjoying the best of health.

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are especially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

THESE PILLS PURIFY THE BLOOD.

These famous Pills are eminently combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone those organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY—ILL HEALTH.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it.

IMPORTANT TESTIMONIAL.

Copy of a Letter from the late COLONEL HAWKER, (the well-known Author on "GUNS AND SPORTING."

Longparish House, near Whitchurch, Hants, October 21st, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,

P. HAWKER.
