MANY STOCKS IN WALL ST. MAKE NOTABLE GAINS

Regardless of Approaching Holiday There Was Unusual Activity—Rails Rise From Two To Five Points.

New York, Oct. 11.—Regardless of the approaching holiday, which ordinarily begets caution and resultant covering of long contracts, trading in stocks today was attended by unusual activity and many substantial gains. Speculative interests continued to centre in special issues, foremost among which were shipbuilding, oil, motors, and the better known equipments including many war shares recently under severe pressure.

Later the buying encompassed copper, tobacco, food shares and utilities, prominent among the latter being the gas and express company stocks. Pears attempted a drive against the market at midday, with United States Steel as their chief objective. That stock rallied easily, however, on a sweeping upward movement in rails, which reacted numerous gross advances of 2 to almost 5 points. Canadian Pacific's rapid rise causing hurried covering by shorts.

United States Steel. United States Steel fluctuated between 104 1/2 and 105, its final quotation of 104 1/2 representing a net gain of a large fraction. Kindred shares closed at gains of one to two points, but some of the greater advances in shipbuilding and oils were materially reduced.

Marine Preferred yielded all but a point of its 3 1/2 advance, and Texas Company and Mexican Petroleum forfeited much of their 3 to 4 point gains, specialties of the better grade scoring higher, quotations in the active operations of the last hour. Sales amounted to \$40,000 shares.

Irregular movements again characterized quotations for some of the Allied exchanges, as well as remittances to neutral centres, Dutch rates showing further heaviness. Bonds were strong in the main, with an extension of dealings in Liberty issues.

REVOLT IN BRUGES.

Amsterdam, Oct. 10.—A revolt has broken out in Bruges, Belgium, the populace having risen against the attempts of the Germans to deport the civilians, according to Les Nouvelles. German troops used their guns and killed or wounded numerous Belgians.

Throughout Flanders the newspapers say the roads are encumbered with cattle, horses and pigs, which are being transported to Germany.

DAYLIGHT SAVING LAW MAY BE PROLONGED

Washington, Oct. 10.—The daylight saving law would remain in effect until rescinded by congress under a bill passed today by the Senate. The measure, which was endorsed by Chairman Barnard of the War Industries Board, in the interest of fuel economy now goes to the House. Under the present law the clocks would be turned back an hour on October 27th.

BANKS FAIL TO STOP PANIC IN BERLIN

Great blocks of Stock Thrown on Bourse—Munition Stocks Not Quotable.

Zurich, Oct. 10.—Measures taken by the government to stop a panic in the Berlin stock market failed, according to a temporary order, according to the post, of Munich. Provincial capitalists took a certain time to grasp what was transpiring, and then threw blocks of stock on the market. There were no purchasers for these securities, and the Post says: "It is a genuine crash this time."
