BACK FROM GERMANY.
Mrs. Ellen Speight, 622 Main Street, has received word from the War Office, London, that her son, Private Edward T. Speight, of the First Contingent, had arrived safely in England from Germany, where he had been a prisoner of war for three years and nine months.

INCREASED ESTIMATES.
The Commissioner of Public Safety states that the estimates for the department will be ready for presentation to the council in a few days, and will be higher than last year, owing to increased salaries, new schedule for police and needed repairs to fire stations.

WAS WAR PRISONER.
Word has been received by Mr. and Mrs. Thomas Tracey, 61 Brussels Street, that their son, Private E. P. Tracey, who has been a prisoner in Germany, has arrived safely in England. He was badly wounded at the battle of Ypres on June 2nd, 1918, and taken prisoner.

THE CHIEF INSPECTOR.
Rev. W. D. Wilson, Frederick, chief inspector under the Prohibition Act for the Province of New Brunswick, was in the city for a time yesterday on business. He left again for the Moncton express in the evening en route to Moncton, where he will inspect conditions in and near there relative to how the Prohibition Act is being carried out.

COACH BROKE DOWN.
While a coachman was proceeding to the Depot last evening from the steamer Empress, with six passengers, the coach broke down near the corner of Dock street and North Market Wharf, the straps on the rear of the coach breaking under the extra load. The passengers were uninjured, and were quickly transferred to another passing coach.

BDR. J. A. GIBBON.
J. S. Gibbon has received a letter from his son, Bdr. J. A. Gibbon, who writes from Bonn, Germany, under the date of December 10. He says Bonn is a beautiful university city, with a Rhine, with about 82,000 inhabitants. The university accommodates about 2,500 pupils. Bdr. J. A. Gibbon has been with the 22nd Howitzer Battalion through the heavy fighting prior to the armistice.

S. OF T. OFFICIAL HERE.
E. G. L. Hoonthal of Manchester, Conn., Most Worthy Patriarch of the Sons of Temperance, arrived in the city yesterday at noon and was met by a reception committee composed of W. E. Campbell, Worthy Patriarch of the local division, J. Stark and E. S. Henegar. Mr. Hoonthal will preside at the sessions of the Grand Division to be held today in Central Baptist church. Last night a preliminary session was held at which some matters which had to be dealt with before the regular session were disposed of.

FIFTY NOT SEVENTY-FIVE.
One of the call men on the Fire Department brought to the notice of The Standard that statements have appeared in the daily press to the effect that the call men last year received an increase of 75 per cent, and were satisfied. The fireman pointed out that this was an error, saying: "We received an increase of 50, not 75, and this was not as large an increase as we asked for. As far as being satisfied, we were glad to receive the fifty rate, but there would be no dissatisfaction if the common council should feel inclined to give us more money."

THE NEW DISPENSARY.
Captain G. Clarke, of Military District Number 6, was in the city yesterday on military business. Colonel Osborne and Captain J. Rand McNally are expected in the city again in the near future, relative to an investigation of the new dispensary, recently inaugurated in this city for the handling of the men arriving in this port, en route to other military districts in the Dominion. The new dispensary, it is understood, is doing excellent work under the management of Major McArthur, formerly second in command of the Depot Battalion under Col. Jas. L. McAvity.

MISSTATEMENTS BY PASSENGERS

Dr. Taft of S. S. Scandinavian Shows There Has Been a Mistake on Part of Returned Soldiers Giving Out Interviews.

Dr. Taft, ship's surgeon, S.S. Scandinavian, wishes to state that "Mrs. Rosenberg was cared for by the military medical staff, with Dr. Fysha as chief. There seems to be a general misunderstanding," he says, "in regard to responsibility for medical treatment for passengers on the S.S. Scandinavian. Upon embarkation at Liverpool, Dr. Fysha informed me that he was responsible entirely for the treatment of military men and their dependents, wives and children, and so in order that there would be no friction, I desired to have them all under his care. I did not see Mrs. Rosenberg at all during her illness, although I would have been glad to have been of service had I been called into the case. It is quite true that I cared for a number of officers' wives at the request of Dr. Fysha, as the press of sickness was abnormal and he was kept too busy to attend to all the cases.

"With reference to the statement that a man was buried at sea before life was extinct, there is a grave misunderstanding there. The man in question died in the early morning, and was buried the following afternoon. There is also a mistake in the statement that one baby born during the voyage across died at sea. This infant was taken by a lady in a first class room and cared for in every way, and landed here in excellent health.

"It is evident that when there is an official investigation at Ottawa the blame for any misconduct and improper treatment will be put upon the proper shoulders."

RECONSTRUCTION WAS THE SUBJECT

Members of St. Monica's Society Yesterday Heard Interesting Address Delivered by Rev. Fr. Daley.

Members of the St. Monica Society were held in rapt attention at the Knights of Columbus rooms yesterday when Rev. Fr. Daley, R. S. M., spoke to them on "Reconstruction." The lecture was along the same lines as the one given some time ago by the learned father before the Knights, but in this case he told the young ladies of the splendid opportunity before them for individual service. He spoke of the work that is being done in other parts of the empire, and in closing urged every one to forget self and creed and work for the state. Only by advancing the state, the country, can the faith be exalted and the individual strengthened.

A hearty vote of thanks was tendered the learned lecturer for one of the most enjoyable addresses delivered before the society.

ST. PETER'S HIGH TEA AND BAZAAR

Grand Opening Last Evening in the Basement of the Church—Artistically Decorated Booths—Those on the Committees.

St. Peter's High Tea and Bazaar opened last evening in the basement of the church for the first time in the history of the parish, as on all former occasions it was held in the St. Peter's Hall.

The affair last evening had a good crowd in attendance, who, apparently enjoyed themselves as they always do on the annual teas of St. Peter's parish. The booths were artistically decorated, and certainly much credit is due to the committee of ladies and gentlemen who did this part of the work. The booths were decorated in excellent style, as was the "This Way In" the quarters in which all may enjoy a good spread, under the capable and efficient direction of ladies. The old reliable City Cornet Band was in attendance, and will be present every evening. The bazaar was placed on a raised pavilion in front of the tea tables, and was heard to advantage in many selections.

The tea tables were prettily decorated for the occasion with shaded yellow chrysanthemums, the work of Miss Annie Carlyn, who made each flower from colored tissue papers, reflecting much on her efficiency in this work. Miss Sarah Lynch as convenor of the tea tables, was ably assisted by a band of willing workers, and this feature alone is worthy of favorable commendation. The fair is now off to a good start, and last evening's activities promise that it will be up to those of former years if not surpassing them. It continues all week, and Friday evening is regular bazaar night, when housewives will be granted the opportunity of carrying out household necessities at a very small cost. The various committees in charge follow:

STRANGE ASSORTMENT.

The King's mail courier brought a strange assortment of correspondence to the Board of Trade rooms yesterday. One letter called for information relating to any firm that may be in a position to export spruce lumber to ports in Spain and Italy. Another letter asked about the possibilities for a shoe repairing plant in the city. Two concerns wrote asking for information regarding mill machinery and supplies, and another communication called for opinions regarding the railway commission which will meet in Ottawa on the 21st inst.

AN EMERGENCY RECEIVING HOME

Salvation Army Barracks in West St. John Being Transferred—Home for Passengers from Troopships.

The Salvation Army barracks in West St. John are being transformed into an emergency receiving home for women and children, passengers on the troop ships, who may have occasion to stop over night at this port. A large general parlor or sitting room will be arranged in the front part of the building, and a dormitory with a capacity of twenty beds will be thoroughly furnished and equipped in the rear.

Many of the women who are now coming home have not sufficient money to carry them through to their destination, let alone pay for a hotel or lodging house bill here. Quite a number are for points in the Maritime Provinces, to which trains do not leave until the early morning, and a night stop-over in the city is imperative.

It is surprising the number of women on board the boats who are travelling either alone, or with several small children as their only escort, and bad as such a condition would be, there is the added hardship or inauspicious money. In this connection the Patriotic Fund, administered under the direction of Frank S. West, has done a noble duty in helping the sick, tired, hungry and financially embarrassed mothers, who are now coming back, many of them war widows, from the Mother Country.

CAPT. A. L. BARRY TELLS OF BONN

Fredrick Officer Writes from German City—High Cost of Living There—Quotes Some of the Prices.

Under date of December 13th ultimo, Capt. A. L. Barry, formerly of Fredrick, writes from Bonn, Germany, where he is at present located. He tells of the high prices of ordinary food stuffs, and remarked that Germany must have the time of the signing of the armistice. Some of the prices quoted were ordinary soap, ten cents in Canada, retelling at the present time in Germany at the rate of seven marks—a mark being nearly twenty-five cents. Ordinary gloves, seventeen marks, or in our coinage \$4.25, the same glove in Canada, \$1.00.

To help overcome the high prices, a patriotic commission had set the value of a mark at seven cents in francs, or a little over 12 cents. Without the new value the cost of living for the troops would be out of the question. Speaking of Bonn, he mentioned the excellent electric tram communication, which ran in and around all parts of the city, and of the natural beauty of the city. The residents in that section of Germany by their attitude to the Canadians, showed that little they were wise then. Concluding his letter he hoped to be home in the near future. A brother of Captain Barry, Corporal J. A. Barry, reached home last Saturday after a service lasting over three years.

CAPTAINS AND WARD WORKERS

Final Preparations for Thrift Stamp Campaign Completed at Meeting Last Night—Canvas Starts This Morning.

At a largely attended meeting of the captains and ward workers held last night the final preparations for the start of the big Thrift Stamp campaign were completed and this morning the canvases of the city and county will be set on foot. It is hoped to place the Thrift Stamps on sale in every store in the city and county and every one who desires to lend to the government in this way, and at the same time save some money, will bring them in a good rate of interest, will not be long to go to the banks or post office to invest.

It is understood some of the larger stores are intending to adopt the booth idea which proved so popular in the United States, and will erect booths throughout their places of business at which the Thrift stamps will be on sale.

One of the workers last night said however the success of the movement depended on the small stores and he voiced the hope that every one of the smaller stores would place the stamps on sale and push the sale as much as possible.

AN EVENT OF INESTIMABLE IMPORTANCE TO THRIFT SHOPPERS

Thousands of this fair city's shoppers in past years have proven to their own very great satisfaction the splendid values that have spread far and wide.

And not only are the prices surprisingly low, but the merchandise, in most cases, is spandy new, and of sterling quality—seasonable as winter itself.

For this month we have laid plans for the busiest January in store history, to surpass the splendid records of last year's great sale. It is but natural to expect it, to date, this January Clearance and Whitewear Sale has been splendidly helpful to those who have been quick to take advantage. The goods are here—counters all over the store are loaded with them.

The values are triumphs of merchandising achievements, and we can promise a counter service that will make shopping in this sale nothing short of a pleasure on that score alone.
