

FROM ALL OVER THE MARITIME PROVINCES

WOODSTOCK

Woodstock, May 22—The trial of Thos. Frederick and Thomas McIntyre, of Houlton, charged with stealing a sum of money from Frank Wallace was held in the police court this morning.

Wallace swore that he was a native of Woodstock, but for the last four years had been working for Miles Moore in Griswold (Me.). Last week he was paid off, getting a due bill for \$66, which he cashed in a Houlton store. He purchased some liquor and while under the influence he hired a team and in company with Frederick and McIntyre started for Woodstock. He thought he had over \$40 in his pocket when he started. When he arrived at the home of his brother a short distance out of Woodstock he found his money had been removed while he slept on the way over. There was no direct evidence of robbery produced and the magistrate dismissed the case.

Paul Griffith, who has been connected with the Dickinson tannery as bookkeeper for the past twenty years, has severed his connection with that concern and will leave on the 31st of May for Amherst, where he has secured a situation with the firm of Douglas Bros. Mr. Griffith's departure will be regretted by a large number of friends.

Good progress is being made in the development work at the iron mine one and a half miles north of Woodstock. The diamond drill is now at work and some good samples are being discovered.

REXTON

Repton, N. B., May 24—The census commissioners, John Fraser and (Camille) Garneau, with all the enumerators for the country are in town and are in session in the public hall, where the enumerators are being instructed.

The electrical storm which visited this section Sunday night was very heavy and there was a good downpour of rain, which was very welcome. The spire of the Catholic church at St. Anne was struck with lightning and considerably damaged. The house of Lucas Comeau, at Little Aldouane, was set on fire by the lightning but the fire was extinguished before much damage was done.

The Swedish Lumber Company's saw mill began saving on Monday.

H. E. Sullivan, of Bristol (Eng.), has taken the position of bookkeeper for the Swedish Canadian Lumber Company at R. Killam, of Yarmouth (N. S.), is filling the position of sifter for the same company.

Mrs. H. H. Pickett, of St. John, who has been spending a few days with her sisters, Mrs. Gordon and Miss Orr, returned home yesterday.

CHATHAM

Chatham, May 22—A very severe thunderstorm, accompanied by heavy hail showers, passed over this district yesterday afternoon and evening and considerable damage resulted. Several buildings were struck and telephone wires in all directions were put out of commission.

The electric light station plant was badly damaged and several transformers were destroyed either at the station or in different parts of the town.

Part of the roof of the house occupied by Fred McKnight was torn off. In the house of William Groat the lightning came down the chimney and did damage. Several other chimneys, including that at the pulp mill were more or less damaged.

A baby girl was born to Mr. and Mrs. Jacques B. Richard, of the Royal Hotel, Wednesday.

McLellan Girvan has entered the Royal Bank of Canada as junior clerk.

Miss Zita Brittain went to St. John yesterday.

HOPEWELL HILL

Hopewell Hill, May 22—A young man named Garland, of Elgin, who had been a resident of Albert, for some time, was fined \$50 and costs at the police court today for violation of the Canada Temperance Act. The accused pleaded guilty to the charge of selling a bottle of liquor at Elgin, and in default of payment of the fine was taken to the jail at Hopewell Cape this afternoon.

Garland was brought out from Elgin in charge of two constables. The accused it seems put up strong resistance, when arrested, three men and a pair of handcuffs being required to make the capture.

McLellan Girvan has entered the Royal Bank of Canada as junior clerk.

Miss Zita Brittain went to St. John yesterday.

Referring to the work among the young people the report went on to state that it was the belief of the committee that the most stress ought to be put on it. The G. W. P. said that he had met with the Band of Hope at Richibucto Division, No. 42, when there was a large number of young girls and girls present whom he had addressed.

Mr. Hennigar reported that since the annual meeting he had paid official visits to the following subordinate divisions: Grand River, Gourey, Loyalist, McArthur, Gledonia, Silver Stream, Port Elgin, Jolice, Back Bay, Corn Hill, Rexton, Star of Hope, Richibucto, Bass River, Northumberland, Moncton, Dry Ledge, Moncton, Sackville, Base Verte and Midgie.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you.

The following division meetings were also attended by Mr. Hennigar in the course of the year: Kings county at Carletonville; Kent, Northumberland, at Harcourt, Kent county; St. John District Division in Loyalist Division hall, Paradise Row. In each of these cases public temperance meetings were held, officers elected and installed and plans for future work laid. After a brief reference to the correspondence attached to his office, the G. W. P. went on to say that on Feb. 7 he reorganized a division at Back Bay, Charlotte county; Feb. 28, another at South Branch, and a third on March 6 at Chatham. A list of public meetings attended includes: Scotch settlement, Beauséjour, Douglasville, Loggieville, Harcourt, Port Elgin, Jolice, Back Bay, Carletonville, Cornhill, Rexton, South Branch, Richibucto, Milltown and New Bay. The semi-annual meeting of the Grand Division, Sons of Temperance, was opened last night in the Temperance Hall, Paradise Row, Grand North by Patriarch E. S. Hennigar in the chair, all the other officers being present. Rev. G. A. Lawson, of Moncton, M. W. P., of North America, was received by the Grand Division with honors, an address of welcome being made by Mr. Hennigar.

After the reading of the minutes of the last annual meeting the reports of the G. W. P., of the G. Scribe, the G. Treasurer and the Grand Patron of Young People's Work were presented to the meeting and referred to committees. The report of the County Division of Kent and Northumberland asked the Grand Division to petition both the Dominion and provincial governments for drastic changes in temperance legislation. This was referred to the committee on county divisions which will report tomorrow.

There will be a special meeting in the interests of temperance at Zion Methodist church at which the principal speaker will be Rev. Mr. Lawson, of Moncton. Special music is being arranged for.

Mr. Hennigar's Report.

The report of the Grand Worthy Patriarch E. S. Hennigar, in which he expressed satisfaction on the growth of temperance sentiment in this country and the United States, commented on the fact that some people work along lines for the beautifying of towns and cities, and for the improvement of the water supply.

It was said, however, that the sentiment for total prohibition was growing steadily all over the country. Allusion was made to the advance of temperance legislation in Nova Scotia and Ontario and the G. W. P. expressed the hope that the time was not far distant when the total prohibition law would be placed on the statute books.

Referring to the work among the young people the report went on to state that it was the belief of the committee that the most stress ought to be put on it. The G. W. P. said that he had met with the Band of Hope at Richibucto Division, No. 42, when there was a large number of young girls and girls present whom he had addressed.

Drastic Changes Asked For.

The report of the Kent and Northumberland District Division, sent by Rev. H. H. Stuart, D. W. P., Harcourt, and H. H. Stuart, D. W. P., Newcastle, urged the grand division to endorse an agitation for some very important amendments to the Canada Temperance Act and Provincial Liquor License Law.

The District Division calls upon the Dominion government to amend the Canada Temperance Act so as to provide that:

(a) No liquor shall be imported into a district under the C. T. A. by private individuals, all liquors required for legal purposes to be purchased from vendors appointed by the said government and residing within such district.

(b) That all persons arrested for drunkenness be committed to jail where and from whom they obtained their liquor, imprisonment to be the penalty of those refusing to tell.

(c) That each government vendor of alcoholic liquors be required to annually publish a complete statement of business done by him during the year.

(d) That the privilege of obtaining prescriptions for the importation of medicinal liquors be restricted to persons residing outside of district under C. T. A. be done away with, the only exception to be the case in which the medical man nearest to the patient resides in an adjoining municipality.

Further, the provincial government is requested:

(a) To publish the importation of alcoholic liquors by any person or persons into any non-licensed district in the province.

(b) That all persons arrested for drunkenness, whether in license or non-license districts, be compelled to tell where and from whom they obtained their liquor, imprisonment to be the penalty for those refusing to tell.

In matter of enforcement of liquor laws the grand division is asked, as has been done by the district division, to endorse the amendments the Nova Scotia Assembly made this year to the provincial prohibition law, among which are: The finding of liquor on any premises to be, until contrary is proved, deemed evidence of intent to sell, although no barroom application may be presented; law officers to have power to search for and seize liquor without warrant; the finding of liquor concealed or falsely labelled to be prima facie evidence of intent to sell; the institution of prosecutions for second offence to immediately follow first conviction, and no appeal from decisions of stipendiary magistrates, urging upon the Dominion and provincial governments the necessity of making their liquor laws as effective as those of Nova Scotia.

This was referred to the committee on county divisions, which will report later.

Romance Closes With Deportation

Priest and Sweetheart, Who Flew from Italy to Boston, Are Sent Home.

Boston, May 24—A romance between a young priest and his boyhood sweetheart, which led first to their separation and the girl's marriage to another man, then the flight of the woman and the clerical lover from their native village in Italy to America, had a curious chapter added to it yesterday when both were deported. Both it is said would rather die than return to their native land.

The priest is the Rev. Antonio Lombardi, son of a wealthy family of Comulita. His affection for a maid of the village made him reluctant, but he was finally ordained.

Meantime, his sweetheart, Rosina, had married a peasant named Marino, who to better his fortune came to America.

Then Lombardi was assigned to the parish where Mrs. Marino lived alone. In going to church the old intimacy sprang up between her and the lover of her girlhood. Finally, to avoid exposure Lombardi, it is charged, drew 100 francs money belonging to the parish, and he and Rosina Marino left for America.

When they reached Boston, where they lived with Lombardi's uncle, they were discovered, arrested and arraigned charged with living together though not man and wife. The case brought their identity to the attention of the immigration office, and that of Giuseppe Marino in Brooklyn.

After consultation between the court and the immigration office it was agreed to deport the priest and his sweetheart, the couple sent back to Italy. Marino begged that the woman be allowed to stay. He said he would forgive his wife and take her back to live with him, but the immigration office would not consent to that arrangement.

Quebec, May 24—As the result of the examination by the special board of examiners appointed by the immigration authorities, it was finally decided that both Mr. D'Abbadie and Miss Helena Benoit, who were detained here on the arrival of the steamer Lake Manitoba, Monday morning, on the technical charge of being undesirable citizens, have been ordered to be deported.

Miss Benoit has appealed to the minister of the interior, denying that there had been impropriety between her and her former employer. It is understood, however, that both will be sent back to England by the Lake Manitoba tomorrow.

(a) To publish the importation of alcoholic liquors by any person or persons into any non-licensed district in the province.

(b) That all persons arrested for drunkenness, whether in license or non-license districts, be compelled to tell where and from whom they obtained their liquor, imprisonment to be the penalty for those refusing to tell.

In matter of enforcement of liquor laws the grand division is asked, as has been done by the district division, to endorse the amendments the Nova Scotia Assembly made this year to the provincial prohibition law, among which are: The finding of liquor on any premises to be, until contrary is proved, deemed evidence of intent to sell, although no barroom application may be presented; law officers to have power to search for and seize liquor without warrant; the finding of liquor concealed or falsely labelled to be prima facie evidence of intent to sell; the institution of prosecutions for second offence to immediately follow first conviction, and no appeal from decisions of stipendiary magistrates, urging upon the Dominion and provincial governments the necessity of making their liquor laws as effective as those of Nova Scotia.

This was referred to the committee on county divisions, which will report later.

The semi-annual meeting of the Grand Division, Sons of Temperance, was opened last night in the Temperance Hall, Paradise Row, Grand North by Patriarch E. S. Hennigar in the chair, all the other officers being present. Rev. G. A. Lawson, of Moncton, M. W. P., of North America, was received by the Grand Division with honors, an address of welcome being made by Mr. Hennigar.

After the reading of the minutes of the last annual meeting the reports of the G. W. P., of the G. Scribe, the G. Treasurer and the Grand Patron of Young People's Work were presented to the meeting and referred to committees. The report of the County Division of Kent and Northumberland asked the Grand Division to petition both the Dominion and provincial governments for drastic changes in temperance legislation. This was referred to the committee on county divisions which will report tomorrow.

There will be a special meeting in the interests of temperance at Zion Methodist church at which the principal speaker will be Rev. Mr. Lawson, of Moncton. Special music is being arranged for.

Mr. Hennigar's Report.

The report of the Grand Worthy Patriarch E. S. Hennigar, in which he expressed satisfaction on the growth of temperance sentiment in this country and the United States, commented on the fact that some people work along lines for the beautifying of towns and cities, and for the improvement of the water supply.

It was said, however, that the sentiment for total prohibition was growing steadily all over the country. Allusion was made to the advance of temperance legislation in Nova Scotia and Ontario and the G. W. P. expressed the hope that the time was not far distant when the total prohibition law would be placed on the statute books.

Referring to the work among the young people the report went on to state that it was the belief of the committee that the most stress ought to be put on it. The G. W. P. said that he had met with the Band of Hope at Richibucto Division, No. 42, when there was a large number of young girls and girls present whom he had addressed.

Mr. Hennigar reported that since the annual meeting he had paid official visits to the following subordinate divisions: Grand River, Gourey, Loyalist, McArthur, Gledonia, Silver Stream, Port Elgin, Jolice, Back Bay, Corn Hill, Rexton, Star of Hope, Richibucto, Bass River, Northumberland, Moncton, Dry Ledge, Moncton, Sackville, Base Verte and Midgie.

The following division meetings were also attended by Mr. Hennigar in the course of the year: Kings county at Carletonville; Kent, Northumberland, at Harcourt, Kent county; St. John District Division in Loyalist Division hall, Paradise Row. In each of these cases public temperance meetings were held, officers elected and installed and plans for future work laid. After a brief reference to the correspondence attached to his office, the G. W. P. went on to say that on Feb. 7 he reorganized a division at Back Bay, Charlotte county; Feb. 28, another at South Branch, and a third on March 6 at Chatham. A list of public meetings attended includes: Scotch settlement, Beauséjour, Douglasville, Loggieville, Harcourt, Port Elgin, Jolice, Back Bay, Carletonville, Cornhill, Rexton, South Branch, Richibucto, Milltown and New Bay. Mr. Hennigar acknowledged his indebtedness to Rev. Mr. Lawson, M. W. P., Rev. A. C. Archibald, F. M. Bacon, W. W. Rainey, John B. Proulx, J. E. Gillmor and Grand Scribner Robinson.
