A pretty wedding was celebrated in St. Andrew's church, Dipper Harbor, on Tuesday morning, Oct. 3, at 9 o'clock, when Miss Alice Boyle, daughter of Mr. and Mrs. James Boyle, and James Kerrigan of Church's Mills, were united in marriage by Rev. J. W. Holland. The bride is attended by her sister, Miss Kathleen, while Timothy Driscoll supported the principals were the guests. The groom's gift to the bride was a substantial one and to the bridesmaid a very pretty hat and pearl ring. A breakfast was taken at the home of the bride's parents, after which they drove to their new home at Church's Mills.

## BALM FOR DEFEATED WESTERN TORIERS

### Nine Senatorships Now Ready for New Provinces to Follow Census

### Redistribution Bill Likely to Be Introduced in Parliament at Its Second Session, and Rewards to the Faithful Will Then Be Handed Out.

Ottawa, Oct. 12.—The Borden government has in view one very convenient and happy way out of the difficulty of finding places for the foremost names on the long list of party workers now anxiously awaiting increased representation for newer provinces to follow census.

The redistribution of the west in the senate is to be increased. When the autonomy bills were passed in 1905 establishing the provinces of Alberta and Saskatchewan, it was provided that each province shall be represented in the senate by four members provided that such representation may, after the completion of the next decennial census, be from time to time increased to six by act of parliament.

The new senate redistribution will give to Ontario, 21 to Quebec and 21 to the Maritime Provinces, as at present. That will make the total membership of the senate 98 instead of 72, as at present. Likely appointments.

Various names have already been suggested for the nine senators to be appointed from the west. For British Columbia G. H. Cowan, M. P., and Sir Chas. Hibbert Tupper of Vancouver, and Hon. Robert Rogers, ex-Minister of the Interior of the McBride government, are mentioned.

For Alberta the names of John Heron and C. A. McGrath, the defeated Conservative candidates in Medicine Hat and McLeod, respectively, and L. G. McCarthy, M. P., for Calgary are suggested.

In Manitoba, Alex. Haggart, M. P. of Winnipeg, who is giving up his seat for the next election, is entitled to one of the new senatorships in case he does not immediately secure the vacant seat left by the late Senator Cheverly. Mr. Haggart is expected at once to resign the next seat might be claimed by Glen Campbell, ex-M. P., and Hon. A. A. C. Lariviere, ex-M. P.

## CHINA IN THE THROES OF A REAL REVOLUTION

### Rebels Declare a Republic

### Whole Province Secedes and Establishes a New Government—Cities Fall Into Their Hands—Leader an Exiled Revolutionary—Missionaries Safe.

Hankow, Oct. 12.—The revolution which has been hanging over China for months past and of which the rising in the province of Sze-Chuen was only a small part, has begun in earnest. It is a concerted movement to take the empire and declare a republic.

The noted exiled revolutionary, Dr. Sun Yat-sen, leader of the anti-Manchu party, if the plans do not miscarry is to be elected president. He was the delegate of the revolutionary party to the United States in 1910, and it is believed during that tour to have made arrangements for the financing of the movement. Sun Yu, brother of Dr. Sun Yat-sen, who is in Hankow, has been elected president of the provincial assembly and Teng Hui Lung, the retiring president of the assembly and a noted scholar, has been elected governor of Hu-Peh.

The whole assembly has seceded from the imperial government. The rebels are well organized and financially strong. They have confiscated the local treasury and banks and are issuing their own paper money redeeming the government notes with this as the foreign banks are refusing government notes.

Rebels Capture Notes. The revolutionaries have captured Wu Chang, the native son of Hankow and Han Yang, all adjoining cities in Hu-Peh province. Chang Shu, capital of Hunan, is reported to have risen in revolt and Nanjing capital of the province of Kiang-Su, is on the verge of a rising, several public buildings having been destroyed.

At the same time orders have been issued for the destruction of the Yangtze River, a fleet of warships which are to unite with the land forces against the rebels. According to the official report at least 20,000 of the troops are Manchus. It is said that they captured 30 modern guns at Wu Chang.

## THE CONNAUGHTS ARRIVE AT QUEBEC

### Duke and Duchess Remain Close to Quarters on Steamer and Crowd Didn't See Them—Will Make Official Landing Today.

Quebec, Oct. 12.—The Duke of Connaught, the new governor general of Canada, is now awaiting the ceremonies which will take place tomorrow to make him the representative of the king in this dominion.

The Empress of Ireland swung into port shortly after 6 o'clock this evening, but it was almost an hour later when the vessel moored at the dock. There was a large crowd in attendance, and a rush was made for the steamer to see his royal highness.

The steamer, however, came into dock as usual and the duke and his party were not in evidence. His royal highness and the duchess kept to their quarters and few people, outside of the officials, had any chance to see his royal highness.

The official landing of the duke and duchess will take place tomorrow.

## WOMAN SUFFRAGE WINS IN CALIFORNIA

### Later Returns Show Suffragettes Have a Safe Majority—Initiative and Referendum and Recall, Including the Judiciary, Carried by a Sweeping Vote.

San Francisco, Oct. 12.—Woman suffrage has triumphed in California. Returns late today wiped out the majority previously recorded against the amendment, and now this time the margin in favor of the amendment has increased steadily. Totals early tonight were:

For suffrage, 119,088; against, 117,408; majority for the amendment, 1,680. These figures represent the returns from 2,777 precincts out of a total of 3,121 in the state.

Virtually all of the remaining precincts are in counties which have given suffrage majorities. So overwhelming was the vote in favor of the other important amendments, the initiative and referendum, and the recall, including the judiciary, that the tabulation of the returns was suspended with nearly a third of the precincts remaining unreported.

The final count taken showed the following result: For the initiative and referendum, 188,181; against, 44,850. For the recall, 148,872; against, 46,260.

## UNCLE SAM 'BUSTS' ANOTHER TRUST

### Electrical Combine Ordered Dissolved by United States Court

Washington, Oct. 12.—By a sweeping decree entered in the United States Circuit Court at Toledo today, the backbone of the so-called Electrical Trust was broken and, in the judgment of Attorney-General Wickensham, the government was equipped with precedents of genuine value in its prosecutions of commercial combinations forbidden by the Sherman law.

Meeting the government's charges that the trust controlled the electric lamp business of the country, regulating by agreement the prices at which all lamps were sold, the decree severed all relationship between the General Electric Company and the National Electric Lamp Company. The latter concern and all of its subsidiaries are ordered dissolved.

The contracts and combinations entered into by defendants, the attorney-general pointed out today, are declared unlawful and the companies are enjoined from entering into any agreement to control the prices of incandescent lamps. The important principle was set down, according to the attorney-general, that once a lamp is sold by a manufacturer, the price at which it is used by a dealer or jobber must be open to free competition.

The decree was acquiesced in by the defendant companies and this gives the government the moral certainty that there will be no appeal. Speaking of the electrical combination, Mr. Wickensham said it appeared to control ninety-seven per cent. of the electric lamp business.

## ARMY CORPS LANDS AT TRIPOLI

### Orders Given to Advance Against Turkish Troops

Tripoli, Oct. 12.—General Caneva, commander in chief of the Italian expedition has decided to act quickly, and it is believed that Italian troops under him will march immediately against the positions occupied by the Turks. A reconnaissance of the desert today disclosed the field guns not far from the city.

Nineteen more Italian transports escorted by warships and carrying the second division of the troops, arrived this morning. The men were hastily landed. This division is 15,000 strong and there are now 22,000 Italian soldiers on the coast of Tripoli for its defense. Not only is the Italian position now safeguarded against surprise, but an effective occupation of the interior can begin.

It is reported that the Arabs have accepted the Italian occupation joyfully, but some of the warships remain in the harbor in readiness for emergency. Troops were landed today also at Benghazi, Derna, Tobruk and Bomba.

Although the utmost precautions have been taken looking to the perfecting of military arrangements, cholera has broken out, and it is reported that four deaths have occurred. General Canava has addressed a proclamation to the inhabitants, assuring them they have not been enslaved by Italy. On the contrary, they have been liberated from the yoke under which they have been laboring for years. They will be ruled by their own chiefs under the patronage of the King of Italy. The religious and civil laws will be respected and taxes will be reduced or abolished. The proclamation concludes by announcing that Italy desires that Tripoli shall remain the land of Islam under the protection of Italy.

Italians Massacred. Rome, via Frontier, Oct. 12.—That an armistice has been arranged between Italy and Turkey, as reported from Berlin, is strenuously denied by the Italian government.

Despatch from Tripoli to the Giornale D'Italia says that the Turkish government being unable to communicate directly with Munir Pasha, commander of the former Turkish garrison at Tripoli, has telegraphed to the Turkish consuls at Tunis and Malta to instruct him to resist as long as possible.

Consular reports have reached the Italian government stating that thirty Ottoman laborers employed on the Heljia railroad, on the boundary line between Egypt and Syria, were massacred at Kral, Syria, early in October.

## WAR MUNITIONS FOR PORTUGUESE ROYALISTS?

### Steamer Left Antwerp Fully Loaded and Port Authorities Are Much Incensed.

Brussels, Belgium, Oct. 12.—A steamer named Zebrus, after taking on a cargo of huge cases which it is understood contain arms and ammunition, a wireless apparatus and provisions, suddenly left Antwerp tonight. The crew were engaged without being informed of their destination and it is believed that the steamer is the property of the Portuguese royalists.

The port authorities are greatly annoyed at the departure of the vessel, the alleged owners, they say, having given false information regarding its cargo and destination.

## REDUCTIONS IN EXPRESS RATES TO VIARY POINTS

### Apply Chiefly to the West—Canadian Manufacturer Advocates Cutting Off Middlemen's Profits.

Toronto, Oct. 12.—Good news was given to the Canadian Manufacturers' Association convention this morning, when Henry Bertram, chairman of the railway and transportation committee, told about the new schedule of rates to be filed by the express companies. The board of railway commissioners had enlarged the time for filing the tariffs until Oct. 15. In some of the tariffs there was a marked reduction shown, the largest being in the west itself, also between the east and west.

There is no change in the present rate between Montreal, Hamilton and St. John (N. B.), and Brandon between London, Hamilton, Toronto, Montreal and St. John (N. B.), and Calgary. The rate has been reduced \$1.25, \$1, \$1.25, and \$1 respectively. To and from Vancouver and the same points \$2.25, \$2.25, \$2.25, \$2 and \$2.25 respectively for the different classes.

## STILL OPPOSED TO ORGANIC CHURCH UNION

### English Delegates to Ecumenical Conference Fear Losing the Name of Methodist.

Toronto, Oct. 12.—(Special)—At the session of the Ecumenical conference the British representative spoke sadly of the prospect of church union in Canada. He seemed to feel that the disappearance of the Methodist name would be an awful calamity. One of his own brethren replied by saying: Methodism is not one of the stereotypes of God, but probably only the temporary means of carrying on his work. What matters the name if the spirit of the church remains?

The English delegates evidently believe in expressing themselves freely on every subject. When a speaker pleases them they exclaim: "Hear, hear," and are quite as ready to say: "No, no," if they disagree with what is said. Some of the Canadian delegates felt that the Englishmen have declared their opposition a little too strongly on the subject of the organic union of the churches that is contemplated in Canada, but it should be remembered that these men have been accustomed to speak their minds freely, especially in conference. They are a splendid body of men and it has been a pleasure to meet and hear them.
