Millions of dollars worth of damage are done through forest fires in New Brunswick almost every year. This is the danger season.

In order to point out how fires may be avoided, and in order to warn all persons of their moral and legal responsibility, The Telegraph prints herwith certain extracts from the Forest Fires Law, Chapter 94 of the Consolidated Statutes of New Brunswick and amendments thereto :

1. Every person who shall kindle a fire in any woods or open space and leave the same burning without being properly secured, whereby damage may be caused, shall be liable to a fine of \$80, together with action for damages.

3. (a) Every person who starts a fire between May 1 and December 1 for the purpose of clearing. land shall exercise and observe every reasonable care and precaution in controlling the same after it has been started, and any damage done to adjacent property by reason of such fire, the party offending shall be liable for damages.

arresters, and it is the duty of every engineer to see that locomotives under his care are so provided.

12. (a) Railway companies must keep section men along their lines of railway, who shall pass over the line at least once daily to extinguish any fire that may have been started.

(b) Motor speeders must be provided by railway companies to follow trains through forest lands within fifteen minutes after each train passes,

13. Railway companies shall remove all brushwood, logs and light combustible material from off the sides of the roadway from the lands taken for such railways.

14. When a fire is discovered in forest lands, Commissioners of Highways, County Councillors or Constables, shall order as many men residing in the neighborhood as they deem necessary to proceed to the fire and assist in preventing its spread. Failure to give such orders, or refusal to obey them, is punishable by a fine of not more than \$20 or less than \$5.

25. Any person or persons who shall tear down, destroy, or mutilate so as to make illegible, any E) Boston, May 12—Ard, schre Victoria, La Have (N S): /Princess, Nova Scotia. Cid 12th, schr A J Sterling, Eatonville, Estonville, The Secretary:—"Every good citizen, est

The bill to control wireless telegraphy vas put through committee after the vari-us clauses had been explained by Hon. fr. Lougheed. In committee on the bill k confirm the greement between Canacia and the West ndies, Senator Donville stated that he culd see no prospect for trade explansion. Lanada needed some West Indian sugar, but as to the West Indias there appeared o be little likelihood of Canada's products little likelihood of Canada's p

o be little likelihood of Canada's products eing taken. Sir MacKenzie Bowell stated that when e was minister of customs it had been ound that some of the darkess and poor-st looking sugar gave the highest sacchar-ne test. He had introduced the system revailing today of ascertaining the brength of sugar. He felt that there was pportunity of sending large quantities of oods to the West Lulies if Canadian anufacturers and producers sought the ade intelligently.

and intelligently. This was a bargain which would tend to ind outlying portions of the empire more osely together and should be ratified. Sir George Ross asked if the agreement rovided for improved steamship service. Hon. Mr. Lougheed said that such a seron. Mr. Lougneed said that such a ser-was provided for. In an answer to question he stated that the steamers I have accommodation for both freight passengers business and the rates shall no higher than those to American s. rmer is just about two cents per

the farmer is just about two cents per tazen.
"In a circuit sixty miles from Toronto it costs the farmer just two cents per dozen, and that," Mr. Benson said, "may be taken as an average. The eggs are all stamped with the date and the name or the owner, and thus the respons bility for the owner, and thus the respons bility for the centre from which they are distributed they are graded and properly packed, and the result of this is that the consumer receives a standard egg of good size and guaranteed freshness, which,"
Mr. Benson said, "is a boon in these times when everyone breaks an egg with eartion. The net result of these circles has been that the careful poultry man is producing more eggs for he can be sure, of rewing more eggs for he can be sure, of rewing more eggs for he can be sure, of rewing more eggs for he can be sure, of rewing an appropriate price for them, and the careless producer, of unsanitary methods of storing, is being eliminated together

Stewart for building between the property of eral Public Hospital and the ease hom adjourned and he had received no further instructions and wanted to know what be was to do. Coun. McLellan reviewed the court proceedings and said that while many promises had been made the surface blasting had not been done away with and the citizens needed protection even if it did cost the company a little more. Coun. Frink said that any steps which would limit the rapidity of the work would act on the city as they had been urging greater celerity in carrying on harbor development.
Win Amos wrote asking that he be way the matter with the was acting account of the source of the press in ter in which he was acting account of the source of the press in ter in which he was acting account of the source of the press in ter in which he was acting account of the source of the press in the intervent of the source of the press in the balance of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the intervent of the source of the press in the press in the press in the press in the source of the press in the press in the press in the intervent of the source of the press in the

6: 3d, June. Schr Harold C Beecher, 308 tons, Wig-rins to Boston, Portland or Belfast, dry humber, \$5.75 and loaded. Stimr Whitefield, 1560, St John to West Stimr Whitefield, 1560, St John to West Wm, Amos wrote asking that he be re-appointed county policeman for Lancast to for the summer months. Coun. Long moved that the appoint ment be made.

The county secretary submitted the cor-respondence between the city and com-pany. The company had not signed the agreement as they wished permission to make certain extensions when the business warranted it instead of being required to do so within a specified time. Coun. McLellan wanted more informa-tion and moved that the council go into committee of the whole to hear H. M. Hopper, manager of the company. Mr. Hopper said that the previous com-mittee had not given them permission to make the extensions they wanted and had misisted upon other extensions of their own choice and no agreement had been reached. He had asked for a conference with the conneillors of the parish of Si-monds in order to reach a working basis. Regarding the delay he said it was not intil October 5 that they had any as surance that they could get permission to cross the I. C. R. tracks. Coun. Agar moved that a committee, consisting of the councillors of Simonds with the secretary, be appointed to con-fer with the St. John Ry. Co. and draft ment be made. There were doubts about his pay, time of service, duties and control. Coun, Frink moved that Mr. Amos be appointed as policeman for the Bay Shore district at the same rate of pay as last year, until the appropriation of \$200 is exhausted and that he be under the con-trol of the chairman of the police board of Lancaster. Carried. The suggestion was made that a uniform be provided and on motion of Gous. McLellan this was was made that a uniform be provided and ou motion of Goun. McLellan this was carried.

ppointed a committee to arrange for urchase of a suitable saddle borre eman of Si heriff's Salary,

STIRLING-On May 13, to Mr. and Mrs. W. E. Stirling, 294 Rockland Road Sheriff deForest wrote pointing out that his salary now is \$1,900 and from this he has to pay \$480 for caretakers and now a deputy is needed at a cost of about \$600 a year, which would leave him

The committee rose and reported and their action was confirmed. Coun. McLellan reported that no furth-er steps had been taken regarding the erection of a morgue but promised im-mediate action. The council adjourned at noon. Jacob Titus of St. Martins was re-elec-ed as member of the Board of Commis-sioners of the Municipal Home. erving papers and there were court to which he was entitled which had d that the
