

INTERRUPTED AND FEEBLE ACTION OF THE HEART,

DISEASES PRODUCED BY

OVERTAXING THE MIND; BY GRIEF OR ANXIETY; BY
RAPID GROWTH; BY CHILD-BEARING; BY INSUF-
FICIENT NOURISHMENT; BY RESIDENCES IN
HOT CLIMATES, OR UNHEALTHY LOCALI-
TIES; BY EXCESSES, OR BY ANY
IRREGULARITIES OF LIFE.

THE ENDLESS CHAIN

of good effects is thus formed by Fellows' Compound Syrup of Hypophosphites,—and we are safe in saying from a long experience in medicine these effects ARE NOT POSSESSED BY ANY OTHER COMBINATION, as the following summary will demonstrate.

IT IS ACCEPTABLE to palate and stomach.

SUFFICIENTLY POTENT to insure decided benefit, yet harmless, howsoever long its use may be continued, this characteristic is possessed by no other remedy.

IT ASSISTS DIGESTION and assimilation.

IT VITALIZES THE BLOOD, supplying such ingredients as may be required.

IT RESTORES TONE to the nerves.

IT GIVES POWER of endurance and of concentration to the mind.

IT PROMOTES VIGOR in the organs which depend for health on involuntary muscular action, viz.: Liver, Lungs, Heart, Stomach, and Genitals.

And, unless afflicted with some disease involving ABSOLUTE ORGANIC LOSS, it will SUSTAIN THE SYSTEM until it reaches the age allotted to man by a beneficent Creator.

NO PERSON will be disappointed in the effect of Fellows' Hypophosphites, who rigidly follow the Directions.

FELLOWS' HYPOPHOSPHITES.

INCEPTION.

The experiments which perfected this preparation occupied many months, and were instituted with a view to supply the deficiencies in Hypophosphites already in use, and in order to cure that insidious disease,

TUBERCULAR CONSUMPTION.

For although their nature was correct in theory, the preparations were, owing to their imperfect organization, in practice found wanting.

While they cause the formation of fat and generated heat, they did not improve the blood. The tonic effect upon the nerves and muscles was circum-

scribed, and owing too expensive.
