TELEGRAM 25

Santiago, April 18, 1944

After dinner given by me for Dr. Grove last Wednesday, April 12th, Foreign Minister asked me to transmit to you proposal from Chilean Government for raising of respective Missions to Embassies without change of diplomatic personnel. An aide-mémoire,[†] then suggested, has now been received and states that Chile has especial interest in strengthening links with Canada with which it collaborates in defence, democracy and civilization and concludes that Chile is disposed to elevate to rank of Embassy its Legation in Ottawa and only awaits decision of Canadian Government with respect to its Mission in Santiago in order to settle formalities and date of mutual accord. I understand similar requests will be sent to Chilean Chargé d'Affaires, Ottawa, for transmission to you. I explained to Foreign Minister the necessity of His Majesty's approval before formal action by Canada or any announcement of any arrangements agreed upon. I understand Dr. Grove would wish to return to Ottawa bearing his new credentials if possible.
