

When you go into the woods do you meet friends or strangers?

Your everyday contact with trees in town or country can be turned into a delightful adventure if you are equipped with a copy of

"THE TREE GUIDE"

By J. E. Rogers,

(Published by Doubleday, Page & Co.),

describing all trees east of the Rockies, in Canada and the United States.

This is an unusually complete and handsome volume. It contains 265 pages, and is bound in rich green leather, with title stamped in gold.

The size $5\frac{3}{4}$ inches long, $3\frac{1}{2}$ wide—is a valuable feature, as the book can be thrust into a side pocket. A complete index makes reference easy.

32 in Natural Colors**

Each copy packed in a neat box.

You will find this a companionable volume on your next tramp. It is equally interesting as a reliable reference on your library table.
