PARIS SEPARATOR AWARDS

The De Laval Cream Separators received the **GRAND PRIZE** award at the Paris Exposition, in the name of "SOCIETE ANONYME SEPARATOR," which is a French translation of "AKTIEBOLAGET SEPARATOR" the Swedish name of the De Laval European organization, both names meaning "SHAREHOLDER'S SEPARATOR COMPANY, LIMITED."

The repeated misrepresentation of the VERMONT FARM MACHINE Co. (manufacturers of the so-called "U.S." separator) in this regard, culminating with the malicious falsehood that no such award was made and that the De Laval Company is guilty of 'lying' in so claiming brings the matter to a point where common business self-respect demands that some radical action be taken.

We have, therefore, this day instructed counsel to at once take such legal steps as may be justified and proper in the circumstances against both the VERMONT FARM MACHINE Co., and, where practicable such papers as may have given advertising publication to these false and libelous statements.

The Razor Steel

Secret Temper, Cross-Cut Saw

WE take pleasure in offering to the public a Saw manufactured of the finest quality of steel and a temper which toughens and renders the steel, gives a beaver cutting edge and holds it longer than by any process known. A saw, to cut fast, "must hold a keen cutting edge."

This secret process of temper is known and used only by ourselves. These saws are elliptic ground thin back, requiring less set than any Saws now made, perfect taper from tooth to back.

Now, we ask you, when you go to buy a Saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other Saw is as good, ask your merchant to let you take them both home and try them, and keep the one you like best.

Silver Steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand.

It does not pay to buy a Saw for one dollar less and lose five per day in labor. Your Saw must hold a keen edge to do a large day's work.

Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws.
