

Champion "X" for Ford Cars. Price \$4.75

All New Fords Have Champion "X" Plugs

The fact that all new Ford and Maxwell cars are exclusively equipped at the factory with Champion Spark Plugs is the best reason in the world why owners of these cars should replace with Champions.

The manufacturers selected Champions because they insure maximum efficiency in their motors—prevent loss of compression and are absolutely dependable in emergencies.

The Champions illustrated were developed especially for service in Ford and Maxwell motors and efficiently meet their exacting requirements.

Champion Toledo Dependable Spark Plugs

Have been chosen as factory equipment by over one hundred motor car manufacturers with a combined output of eighty per cent of all automobiles made.

Dealers everywhere sell Champions specially developed for every make of automobile, motor boat, gas engine or tractor.

Be guided by the selection of the engineers who made your motor when replacing the Spark Plugs in your Ford or Maxwell.

Be sure the name "Champion" is on the porcelain—its your guarantee of "Complete satisfaction to the user—Free Repair—Replacement or Money Back."

Choose Your Engine as You Would Your Friends

Wearing Quality as well as Appearance

A few dollars saved on first cost looks very small when compared to valuable time lost because of an unreliable power plant.

The MONARCH
Reliable and Economical

because of having in its construction all the features absolutely necessary to accomplish this result.

It will prove a friend indeed to those whose profits are being consumed because of unreliable power.

Our leaflet explains the many desirable features of the engine. Free for asking.

FROST & WOOD MOWER

It's a sure crop getter because it embodies 80 years' experience of Canadian Hay Crop conditions.

The F. & W. Mower is sure to give you splendid service for many years to come. It is very easy on your horses, and it's so perfected mechanically, that it is always ready for work, and rarely calls for repairs or adjustments.

Think what it means to look out at a heavy, and perhaps tangled hay crop and be able to say "My Frost & Wood Mower will go through that all right." Most mowers will cut a nice, standing crop—your F. & W. will handle the other kind too.

TAKE OUR "INTERNAL DRIVE" GEAR, FOR INSTANCE—

it transfers the power from the drive wheel to the cutter bar—it is on the inside, revolving in the same direction so that it never loosens, rattles or breaks its cogs. Heavy brass bushings guard against years of hard wear—splendid roller bearings make light draft—heavy, high-carbon steel cutter bar can be set in a second, at any angle, and knives continue cutting even when raised to clear an obstruction.

Too many good features to even list them here. Let us send you our newest folder on F. & W. Mowers, Rakes and Loaders.
