Montgomeryshire, in Mid Wales, is one of the real homes of the Shire horse. The great line of stallions Childwick Champion, Champion's Goalkeeper, and the rest, not speaking of the many winning mares owned by Lord Rothschild and other leading breeders of the last 20 years, come from Welshpool, where, in September, the annual show of the Montgomeryshire Agricultural Society was held. Senior Shire stallions were a rare lot, and the Earl of Powes' three-year-old bay, Welshpool Dray King, and Mr. John Vaughan's four-year-old brown Moors Nulli Secundus, took a lot of placing. Sired respectively by Bramhope Hecla and Babingley Nulli Secundus, they are both of great weight and full of character. The decision in putting Dray King top was approved by the fans. In two-year-old stallions the Earl of Powes carried off first and second prizes with Welshpool Ruler and Welshpool Menestrel. Welshpool Ruler is an impressive colt, and he won the president's silver cup, for which trophy his stable companion, Welshpool Menestrel, was reserve.

Five exhibits paraded in the open class for mares and foals, and J. Vaughan won with a roomy mare of rare quality in Moors Magdalene, beating Trebelig Buttercup, another typical brood mare with which Charles Jones was first in the open class at the Shropshire and West Midland Show. Trebelig Buttercup also carried off the Shire Horse Society's gold medal. Moors Magdalene's foal by Moors Nulli Secundus won his class.

Another good centre for Shires is Spalding in the Fen County of Lincolnshire. At the 19th annual local foal show, colts made a strong class of thirteen, and including the remarkably fine and well-set-up brown colt sired by St. Leger Governor, belonging to Messrs. S. Leggate & Son, Dogdyke, Lincoln, which has had an unbeaten record at Lincolnshire and other shows, winning sixteen firsts and numerous cups. He now took chief honors and was awarded the McLaren challenge cup, value £25, for the best foal in the show. He was afterwards sold for £800.

In the open filly class seventeen promising youngsters were lined up. The winner was found in a brown by Horning Mimic, the property of Russell Casswell, Riverdale, Spalding, which also received a challenge cup, value £10, and won prizes in other classes. This filly is a bit on the small side, but is well balanced and a fine mover, and looks like finishing into a good brood mare. Messrs. A. H. Clark & Son won in Shire mares with foal at foot, and also received a challenge cup.

Records, in the way of prices paid for pedigree live stock, still continue to be made in Great Britain. Ram sales, recently held in Scotland, have produced a crop of high figures. A record price of £800 was established for Blackfaces at Lanark, while at Perth the best price for this breed was £700. Kelso, however, provided the sensation, a Border Leicester ram going at £1,100.

The £800 ram at Lanark was exhibited by Mr. Charles Cadzow, Borland. He was fifth in his class at the Highland Show at Aberdeen, and is exceptionally well balanced, with a fine head and coat, and particularly good bones.

James McLaren, Shielbrae, paid £660 for a ram, which was second at Edinburgh, and £600 was the price paid by James Clark, Crossflatt, for a tup seventh at Aberdeen.

At Perth Ram Society's sale, M. G. Hamilton had the honor of producing the £700 ram, the buyer being James Cadzow.

Border Leicester rams made record prices at Kelso sales. One fetched £1,100, and others made £420 and £300. The top-priced ram was sent up by Alex. Findlay, Mill of Marcus. Sired by West-side Sprightly, this is a magnificent ram with a beautiful head and coat, a fine, broad, firm back, standing well on his legs and possessing capital bones. His buyers were Messrs. Cameron, Westside, Brechin, the breeders of his sire. A good demand prevailed for Oxford and Suffolks, £280 being the best price for the former breed for one from Messrs. Templeton, Sandyknowe.

And this name is more than a mere tradition. It signifies progress as well as long establishment.

Waltham was the world's first factory to produce complete watch movements. At Waltham to-day the specially-designed mechanical equipment and the large staff of skilled watchmakers combine to make every Waltham Watch a perfected piece of mechanism.
