## GOSSIP.

Wm. Miller, Markham, Ont., offers a few choice young Shorthorn bulls of suitable age for immediate service, and of the most approved breeding.

H. C. Graham, Ailsa Craig, Ont., writes: "Enclosed please find remittance for a small ad. We find your paper an excellent advertiser, as nearly all our turkeys have gone, but as there are still a few left have decided that one insertion will clear them out. Have some beautiful birds left, with one shipment yet to make to Sheffield Mills, N. S. We sold a Shorthorn bull and a pair of turkeys to Mr. F. Baker, of Dasherwood, who was so well pleased that he immediately ordered another pair. Most of the orders have come from the far eastern counties of Ontario. We thank you for your very kind treatment, and for your superior journal during the past year."

## DEPOSIT FOR PALACE HORSE CARS.

The Grand Trunk Railway has decided that in future anyone ordering a palace horse car must deposit \$10 before the car will be supplied. The reason for this new order is that parties would often order a palace horse car, and when it had been sent to the place ordered the parties would change their minds and not accept it. Under the new rule, when the car is accepted the deposit will be included in the freight charges; when the car is refused the deposit will become forfeited. The Canadian Pacific Railway Co. does not demand this deposit when palace horse cars of its own line are ordered, but when cars of other railroads are ordered, but when the \$10 deposit is demanded.

## DAIRY SHORTHORNS.

The general purpose, or dual purpose, cow, as some call her, is occupying the attention of many farmers and agricultural writers at the present time. That she really exists in the flesh we have good evidence in the fact that the Shorthorn cow Jubilee Julian won for her owner, H. K. Fairbairn, Theford, Ont., a place ahead of the best representatives of the Jerseys, Guernseys, and Ayrshires in the public dairy test conducted in connection with the Provincial Fat Stock and Dairy Show at Brantford, in December, 1898. In that trial, on Nov. 30th she gave 41.75 lbs. milk, testing 3.8% fat, and on Dec. 1st 42.75 lbs. milk, testing 3.4% fat, securing a total of 101.784 points. Jubilee Julian = 2323 = is by Royal Albert = 13020 =, by Arthur Victor, imported by Arthur Johnston, and lately was used in H. Cargill's noted herd. Jubilee Julian's dam was Jubilee = 15172 =, by imported Warrior = 4133 =. Royal Albert's dam was Mary Ann of Lancaster XIII., and belonged to one of the best milking families of Scotland. Jubilee Julian is a typical dairy Shorthorn, whose dam milked from 21 to 23 lbs. at a milking, her grand-dam 20 to 21 lbs., and her two-year-old heifer, just gone in calf, presents very encouraging indications. Mr. Fairbairn's herd was descended from the cows Maid of Sylvan, Maid of Sylvan 3rd, and Maid of Sylvan 5th, all bred by Thos. Nicholson & Sons, now R. & S. Nicholson, Sylvan, Ont.

## OUR SPECIAL LIVE STOCK ILLUSTRATIONS.

The Poland-China sow, owned by W. & H. Jones, Mt. Elgin, Ont., and whose portrait is given in another column of this issue, furnishes undeniable evidence that by skilful breeding and treatment hogs of that breed may readily be produced which will fill the bill for a "bacon hog." This sow was considered by good judges, at the Toronto and Brantford Exhibitions, a typical bacon hog, having great length, deep sides, smooth shoulders, well-sprung ribs, good bone, and in addition to these qualities, full, broad, and deep hams, a feature in which too many of the so-called baconers are very deficient.

Mr. J. M. Gardhouse's Leicester shearing ewe is a model of the breed, straight and true in all her lines, with a handsome head well set on; long, level back, and strong, straight legs; a fine, even fleece, and firm in her flesh. It is little wonder that, in addition to winning 1st prize in her class at the Provincial Live Stock Show, she was understood to be the reserve number for the sweepstakes, all breeds competing.

## NOTICES.

Raising Poultry.—Whether for pleasure or profit, this industry requires knowledge based on practical experience. In this connection we direct the attention of our readers to the advertisement elsewhere in this issue of C. C. Shoemaker, of Freeport, Ill., who has issued at a low rate an interesting volume on fowls, incubators, brooders, and poultry houses. It is a "Book on Poultry" and an 1899 almanac combined. Note his offer.

"Scottish Farmer" Album.—The portrait album of the Scottish Farmer for 1899 will be treasured especially by all Scottish lovers of live stock for the excellent illustrations of prize-winning animals, as well as the superior quality of the animals portrayed, being the leading prize-winners of 1898. It also contains portraits of live stock salesmen and auctioneers, as well as a number of Scottish pastoral homesteads. It is sold for 8d., post-paid, by its publishers, Scottish Agricultural Pub. Co., Glasgow.

A Combined Poultry and Animal Show.—The exhibit of the Ontario Poultry Association, held at the Pavilion in the Horticultural Gardens, Toronto, this month, has attracted widespread interest and attention. Both the American Poultry Association and the Toronto Poultry, Pigeon and Pet Stock Association met at the same time, making the most complete poultry and pet animal show ever held in Canada. The management took unusual care in their arrangements for the live stock, and officially appointed the well-known firm, Messrs. Richardson-Pinfrew Co., Limited, of Stouffville, Ont., to disfigure the huge building with their Persiate Henhouse Spray and Poultry Powder. It acts both as a disinfectant and insecticide, destroying vermin and purifying the atmosphere of disease germs and gases consequent upon the close confinement of fowls or animals. This official recognition of the high qualities of this sterling preparation is an endorsement not to be lightly overlooked by farmers and fanciers. It can be purchased at all dealers.

## HAVEN'T YOU SEEN Our Advertisement?

There is no quarantine law, and now is the opportunity for you to get as good Holstein cattle as there is in the United States. Our herd is near the Canadian line. Expense of transportation is comparatively small. We have 100 head, 90 per cent. of them are strong in the blood of De Kol 2nd and Netherland Hengerveld, the two greatest butter cows ever officially tested. Don't be contented with anything but the best. If you're starting, start right. If you started wrong, get right. If you have started, start now. Hundreds of dairymen have doubled the product of their herds. We have a few bulls, sired by De Kol Artis, twelve months old, and ready for service; also females of all ages. Prices reasonable, terms easy.
