

# BOOKS FOR CHRISTMAS

## EVERYMAN'S LIBRARY

SIR WALTER SCOTT

ALEXANDRE DUMAS

**Y**OU can have a handsome Library at very small cost, in which every book shall be standard, every author famous, all the volumes being uniform in size, cover and type, printed on thin, strong paper.

WILLIAM MAKEPEACE THACKERAY

The inspiration for the Everyman's Library comes from the English custom of collecting well-printed books in paper covers, and having the entire lot bound from time to time in a uniform way, a process that costs for the binding alone more than the cost of any one of the five hundred volumes of Everyman's Library, bound in full red leather, ornamented in gold.

CHARLES LAMB

Books of the Everyman's Edition are just large enough to be carried easily in your pocket. The type is clear for reading on the train or trolley car, and the bindings are of cloth or leather, with a choice of colors in the former.

PEPYS

**Biography, Classical, Essays and Belles Lettres, Fiction, Oratory, Philosophy and Theology, Poetry and Drama, Science, Travel and Topography** are all included in this wonderful list of great books, as well as a splendid group of **Juvenile books and books for young people.** The scope for Christmas Gift selection is tremendous.

CHARLES DICKENS

Begin your library now, by purchasing the first volume and reading it.

Start the book habit for your son or daughter by the present of an Everyman's book at Christmas time, and follow it up with others on birthdays, etc.

*The full list of Everyman's Library can be had at the Book Department, in printed form, and the books themselves are kept in complete stock.*
