

TABLE OF CONTENTS.

Experiments with Kites Aug. 19, 20, 21, 1908, and the final experiments with Kites A, C, & D, Aug. 22, 1908 by A. G. Bell.....1-35

1. Aug. 19: Kites A, D and the Pilot Kite.....1-4

2. Aug. 20: Kites A, D, the Pilot Kite, the old Victor Kite, and the White Kite with Baldwin's Trussing.....5-13
Summary & Averages for A&D.....13

3. Aug. 21: Kites A&D with D loaded to the same weight as A.....14-17

4. Aug. 21: Baldwin's experiments with the old Empty Frost-King Kite.....18-21
Summary and Average.....21

5. Aug. 22: Baldwin's experiments with Kites A, C&D to test the effect of changing the point of attachment of the flying-line.....22-33

Introductory remarks.....22
21 experiments with Kite B.....24
21 experiments with Kite A.....25
14 experiments with Kite C.....26
Grouped Summaries.....27
General Averages.....28
Lifts, drifts & efficiencies.....30

6. References to Kites A, B, C&D in the Bulletins of the A.E.A; and Miscellaneous references.....32-33

Illustrations.

Graphical diagrams of results with A, C&D.....229-29
Photograph of Empty Frost-King.....34-34
Photograph of the Victor Kite.....35-35
