

NOVA SCOTIA STEEL & COAL CO., LIMITED

Manufacturers of Steel for Shrapnel Shells and Admiralty Forgings

Only Company in Canada producing Steel Ingots by the "Harmer" liquid process.

Can supply Forgings up to 40 Tons in weight and to all Admiralty and Lloyd's Tests and Specifications

Our modern Steam Hydraulic Forge Shop at New Glasgow, N.S., and our large Steel Plant at Sydney Mines, N.S., equal the very best in America.

On the shortest notice, we can supply forgings of all shapes and sizes, made of ordinary or "Harmer" fluid compressed open-hearth steel, and satisfying the most severe specifications.

Our forges are modern in every respect—designed and installed after close study of the latest developments in all countries. Moreover, we produce the highest grades of steel by the most approved methods. It has always been the policy of "Scotia" to hold a position in the front rank of trade, and by the recent additions to plant, this policy has been maintained in a practical manner, bringing "Scotia's" equipment abreast of the best foreign forges.
