We are needing more rain. Farmers cannot plough much yet.

The frost has hit the buckwheat and corn.

AUTOIST GAVE FIRE ALARM.

Shortly after passing Hillier, our first exciting experience occurred.

Having passed a large white frame residence, Mr. Basil Tucker, who was driving, saw reflected in the mirror on his car, smoke issuing from an upper window of the dwelling and that the roof was on fire. Hastily stopping the car, the gentleman ran back and gave the alarm. No one was about the house at the time, the older members of the family being away, and the younger ones attending to the noon work at the barn. However, in answer to the summons of the telephone, the neighbors soon began to arrive in autos, wagons, and on foot, and after a stubborn fight succeeded in extinguishing the flames.

After many inquiries as to our names and addresses, and amid profuse thanks from grateful children for our timely aid, we once more set out for our next stopping place, Wellington, where we arrived in time for a late dinner.—W. H. Tucker in Norwood Register.

SAW GRAVE OF SON.

Hon. Col. Jas. L. Hughes, brother of the Minister of Militia, has just returned to Toronto from the battle front in Belgium and France. It was to visit the grave of his son Lieut. Chester Hughes, who numbers among Canada's brave sons who have made the supreme sacrifice in the cause of righteousness, that Col. Hughes went to Europe. His brother General Sir Sam Hughes, was going over at the same time and he went along. Colonel Hughes saw his son's last resting place. The commanding

officer of the unit to which the late lieutenant belonged, whose name by the way was also Hughes, although they were no relation, took him to it. He found it in a little parish cemetery at Locre in Belgium, about half a mile from the French border. It like the graves of the other Canadians who have fallen, was marked by a Greek cross. This is somewhat from the ordinary one, and many of the units have adopted it for marking the graves of their fallen comrades.

Brig-Gen. Sir William St. Pierre Hughes accompanied his brother, the colonel, as did Lord Brothmere of the London Daily Mirror.

HAVE LOST ALL CHANCE.

Conclusion of Danish Military Expert Regarding Central Empires.

The military correspondent of the Christiania Morgenblad, Captain Norregard, whose work as a military critic during the war has been highly appreciated, expresses the opinion that the developments since the beginning of the allies' offensive prove that the Central Powers have lost all chances of winning the war.

The Central Powers, he says, have everywhere had to leave the initiative in the hands of the allies, and even if they regain the initiative locally they cannot accomplish now what was too much for them in 1915, when their military power was at its zenith, and when the allies were in every respect less well prepared and organized than they are now.

Captain Norregard, however, points out that immense difficulties still confront the allies, and doubts their ability to expel the Central Powers from the occupied territory by military means alone within a reasonable time. Still, military pressure is not the only means which the allies can apply to crush their opponents.

WIRELESS TELEGRAPHY.

As stated last week, the troops from Barriefield camp who visited Gananoque, brought with them their wireless outfit, which was used during their stay here to keep them in communication with the camp. The Reporter has the distinction of receiving the first wireless message in Gananoque. It was received on Saturday morning from the Kingston Whig, and read as follows:—"Give troops deserved welcome." Through the courtesy of the officials in charge The Reporter sent a return message to the Whig on Monday morning:—"Troops left on return march to Barriefield at nine thirty, in fine fettle. They were warmly received, well entertained, and leave with best wishes and loyal support of entire community."

Sergt. Instructor Hicks was in charge of the equipment here, and the station was in charge of students of the School of Signalling, who are taking the wireless course.—Gananoque Reporter.

FALSE HEALTH CERTIFICATES.

A practising physician in eastern Ontario has been found guilty of a serious offence, so the Assistant Director of Medical Services discovered. This doctor, it is claimed, has been making a practice of securing sums of money by rendering false certificates to soldiers who desire to prolong their leave. A soldier was despatched to the doctor after being examined by two medical men in camp and found in perfect health. He paid a dollar, and was given a certificate, declaring him unfit for work for several days, as he was suffering from tonsillitis. On return to camp he was again found to be in good health. The matter has been reported to the council of Physicians and Surgeons.

HELP THE CHILDREN.

Editor Ontario. Will you kindly allow me to make an appeal through your valuable paper to the farmers and citizens of this county and city. This is the season of the year when we all gather in our store for the winter. We would be very grateful if our friends would kindly remember the children at the Shelter when putting down their sealers of fruit, vegetables, etc. Every little helps and the prices of food these days make it a problem when there is so many children to feed and care for. We are also in need of new baby clothes. Goods can be left at the office, 249 L-2, Front street, or the Shelter.

Thanking you in anticipation of your kindly response, I remain, Sincerely yours, THOS. D. RUSTON, Inspector C. A. S.

TOWNS AFTER THE SEYMOUR TAXES.

Port Hope, Sept. 26.—The Mayors and Reeves from all the municipalities in the counties of Victoria, Peterborough, Ontario, Durham and Northumberland met here this afternoon. As a result of the acquisition of the Seymour interests in the Trent district by the Hydro-Electric Commission the municipalities will possibly lose all the taxes on the property heretofore owned by the former company. A resolution moved by Mayor Conant of Oshawa, seconded by Mayor Kyle of Lindsay, was unanimously carried protesting against the action of the Hydro-Electric, and appointing a strong deputation to wait upon the Commission, with a view to having the taxes of 1916 paid.

McINTOSH BROS.

went to take his rig out his wet goods were missing. His running out in the middle of the road and yelling "Police" would almost impress one there was about to be murder committed.—Sentinel Star.

INSPECTOR GEO. GOODRICH APPOINTED FOR NORTHERN BELAND.

Mr. Geo. Goodrich of Dundonald, who has been the License Inspector for East Northumberland under the Liquor License Act for the last eight years, has been appointed License Inspector for Durham and Northumberland under the Ontario Temperance Act to force the provisions of that Act. Mr. Goodrich will be required to devote all his time to the work and will move to Cobourg.

In the past Mr. Goodrich has performed the duties diligently and well and while strictly prosecuting cases of infraction, he has done so with discretion after careful investigation and at no time in a spirit of persecution.—Colborne Enterprise.

HE IS JUST ONE MORE OF MANY WHO HAS FOUND NEW HEALTH IN DODD'S KIDNEY PILLS.

Phillip McLeod Tells How He Suffered From Kidney Trouble For Years and Found a Quick and Complete Cure in Dodd's Kidney Pills.

Tarbot, Victoria Co., C. B., Sept. 25th.—(Special)—Phillip McLeod is just one more of the many residents in this neighborhood who have found new health in Dodd's Kidney Pills.

"I have used Dodd's Kidney Pills with great success," Mr. McLeod states. "For years I had kidney trouble and could get nothing to help me. Hearing of what Dodd's Kidney Pills have done for others led me to use them. Five boxes cured me completely."

"I have recommended Dodd's Kidney Pills to many people. I cannot speak too highly of them."

The testimony of people who have been cured is better than all the theory in the world. Dodd's Kidney Pills are purely and simply a kidney remedy. If you have kidney trouble all you need to do is to ask others. They will tell you that Dodd's Kidney Pills will cure you.

They will also tell you that Dodd's Kidney Pills cure rheumatism, dropsy, heart disease, diabetes, gravel and Bright's disease. That is because all these diseases are either kidney diseases or are caused by diseased kidneys.
