**U. S. Poultry Fence**  
The Acme of Poultry Fencing

Built on miniature scale of farm fence interwoven with parallel wires and hinge joints so that it stretches to the posts straight, even and nice without buckling, bagging or sagging.

It is so stiff and satisfactory that it does not require top rail and base board or so many posts as the old style netting. Guaranteed 5 or 6 times as strong and at least 100 per cent better in every way. All parallel wires are of even length and all meshes of uniform size. They can't be otherwise the way it's made. Made in heights from 12 to 72 inches. Galvanized before or after weaving. Put up in 150 foot rolls.

It's the strongest, cheapest, most sightly and best fence for the purpose yet invented.

Do not purchase Poultry Netting or Fencing until you have seen our **U. S. POULTRY FENCING**—it will be a surprise and revelation to you.

"The Fall of the Romanoffs" which is coming to the Nicklet theatre on Wednesday and Thursday, this week is without a parallel both from the point of view of the subject and the photography. Russia's history for the past fifteen years is vividly told. All the characters, who by their ruthless deeds helped to bring about the state of affairs which led up to the revolution, are shown as in actual life. Rasputin, 25cts., Children 15cts.

the most notorious of these characters, his life and death, and those with whom he was associated, are met face to face. Illiodor the "mad monk", appears personally in the picture, and it was many facts which he was able to bring from Russia that formed the basis of this truly historical drama. The production is in 9 parts Adults 25cts., Children 15cts.

Mrs. P. M. Fielding of the Windsor Tribune was in Kentville on Saturday and visited the Nova Scotia Sanatorium, Mrs. Fielding though usually busy with editorial work always finds time to do more than one women's share of work for temperance. Red Cross, Patriotic and other forms of philanthropic work. She is one of the nobility not of birth but by good deeds. When Halifax was afflicted she went thither with the first relief train and ministered long to the suffering. She was just returned from a trip in the interests of the Blind of our Province.

Up from the seething whirlpool of the submerged Russian people rose a man who strove to free his native land from a reprobate's grasp. A young priest, a mystic, a friend to all, he was finally driven from Russia, a hunted fugitive. This man was Ilodor, the Mad Monk, and with all the other great characters connected with the sensational Russian uprising will be shown in the greatest photoplay of history, "The Fall of the Romanoffs", which is the attraction at the Nicklet theatre on Wed. and Thurs., this week. The production is in 9 parts, Adults 25cts., Children 15cts.
