A service for members of the Orange Order, conducted by Rev. Mr. Beckett will be held in St. Andrews Church Toledo on Sunday, the 13th inst., in the afternoon at 2.30.

Athenians were treated to an open-air concert on Friday evening last by two colored gentlemen. Their repertoire was composed of the latest and other music. The playing on the banjo and guitar and their singing attracted a large audience, who seemed quite content to while away an idle hour.

The annual outing of the Methodist church choir was held on Friday to Charleston Lake. To say that this was the "best ever" would not be saying too much. The party left town early and upon arrival at the lake, boarded Mr. Loverin's houseboat Kah-ne-o-tah, in tow of the trim little yacht Sport, for Huckleberry Hollow. Under Mr. Loverin's pilotage the mountain was scaled where a magnificent view awaited the pleasure seekers. A happy day was spent, the return trip being made soon after supper. Mr. E. S. Clow secured several group pictures of the party during the day.

The Reporter was favored with a call on Wednesday last from Messrs J. M. and H. J. Barden of Rockford Ill who are on a flying visit to the home of their birth. They are sons of Seth Barden a former well known resident of Greenbush and Elbe Mills.

At the latter place Mr. Barden ran a grist and saw mill for some time. It is forty three years since the boys left this section and they are surprised at the marked improvement in the looks of the country and especially Athens.

They go to Greenbush to-day and will visit all their old school mates to be found there, and will also take a short trip to Charleston Lake where they will be the guests of B. Loverin on the Lah-ne-o-tah.

The associate examiners at Toronto concluded their labors on Tuesday last and anxious students who wrote on the leaving and matriculation examinations may expect to hear the result about the middle of August. The work of the revision committee will cover several days and clerical work connected with the filling in of the reports to high school principals will require several more. There has been considerable fault-finding with certain of the junior leaving papers this year and some teachers, high in the profession have advocated by their letters to the press the appointment of a permanent board of examiners more in touch with high school work, the papers set by these to be submitted to the two high school inspectors for approval.

There were about 85 guests present to celebrate the 5th anniversary of their daughter Hazel's birth. Railway Co. will run a special excursion train, leaving Athens at 6.15 p.m., arriving at Ogdensburg at 8 p.m., giving excursionists 2 full hours in that city.
