CASE OF WALTER HERBERT

ATTORNEY-GENERAL SAYS LAW MUST TAKE ITS COURSE.

The Crown's Chief Witness in the Sifton Trial Must Take the Consequences of His Confessions, Though Mercy May be Extended.

Toronto, Nov. 18.—"I do not see that we can do anything but let the law take its course," said Hon. J. M. Gibson, Attorney-General, when asked respecting the fate of Walter Herbert, the chief witness against Gerald Sifton, on the charge of murdering his father, Joseph Sifton, in Middlesex County. "He has confessed himself to be guilty of murder. It does not seem to me that any other course is open than to bring him up for sentence at the next Assizes at London. In fact, he will remain in jail and come up, as a matter of routine, to be dealt with by the presiding Judge. After he has been sentenced it will be for the Ottawa authorities to exercise clemency if they see fit."

Mr. Gibson was asked if prosecution for perjury would not be more consistent with the jury's action in finding Sifton not guilty, than to sentence him for murder. The Attorney-General shrugged his shoulders and remarked simply that the Minister of Justice might have some difficulty in deciding just what to do under the circumstances.

GOLDWIN SMITH'S BRAIN.

HE HAS AGREED TO LEAVE IT TO CORNELL UNIVERSITY.

He Will Abide by a Joking Conversation—Prof. Wilder of Cornell Making a Collection.

Toronto, Nov. 18.—Mr. Goldwin Smith has, as the result of a joking conversation, agreed that after death his brain shall be sent to Prof. Wilder of Cornell University, Ithaca, N. Y. In explaining how this agreement was made, Mr. Smith said: "I know Prof. Wilder very well, and he has been making a special study of brains and collecting them for his museum. He asked me for mine one day and I remarked laughingly, 'You shall have it, I think it is the only bequest I will be able to make to science.' I treated the matter as a joke, but Prof. Wilder was in earnest. I am now in my 80th year, so that the legacy may soon fall."

When Mr. Goldwin Smith first came to America in the later sixties he was appointed professor of history in Cornell University, and has ever since maintained the most sympathetic relations with that institution.

METHODIST MISSIONS.

Nearly \$12,000 Raised in Toronto Last Night—Mr. Sifton Speaks.

Toronto, Nov. 18.—"Speak up for the people that they go forward," the motto displayed above the platform at the Metropolitan Church last night, appeared almost unnecessary. It was apparent that they will press forward towards the goal of the \$50,000 emergency fund for Methodist home missions, authorized by the General Conference at Winnipeg. Last night's rally was but moderately attended, the wet weather preventing many from being present, yet \$11,800 was subscribed, as Dr. Sutherland said, only \$700 less than the fourth of what is asked from the whole of Canada. The emergency fund has yet to come before the individual Methodist churches in Toronto, so that this does not by any means represent Toronto's contribution to the fund.

Hon. Clifford Sifton, Minister of the Interior, delivered an address of some length, which was marked by a rational optimism in regard to the future of the west that deeply impressed his hearers. The result of the donations was announced at the conclusion of Mr. Sifton's speech. It was \$11,800, and included one donation of \$5,000, said to be from the Hart A. Massey estate; five of \$1,000 each, of \$500, one of \$200, one of \$100, five of \$50, the others being for smaller amounts.

FOOLED THE OFFICER.

Clever Escape of a Prisoner on a Flying Train.

Utica, N. Y., Nov. 18.—Paul Zowalski, a prisoner who was arrested in Cleveland, Ohio, and was in charge of an Albany officer, who was taking him to Albany to answer a charge of grand larceny, escaped from the southwestern special just west of this city at an early hour yesterday. The train was about five miles from the city and was running 50 miles an hour, when Zowalski was permitted to enter the ante-room, but a minute or two later the officer looked for him and discovered that the door was locked and that his prisoner had escaped out the window. A few minutes afterwards the train stopped at this station. The Albany officer and others went back after Zowalski, expecting to find him dead or injured, but no trace of him was found, though the search was kept up till after daylight. It has since been discovered that Zowalski climbed to the top of the coach and rode to this city. He remained on the roof till just before the train started and then dropped off and escaped in the dark. He was seen by a messenger boy a few minutes later warning himself beside one of the switch engines and it is supposed that he left before daylight on a freight. How he clambered from the window to the top of the coach is the wonder of all railroad men here.

A GOOD SAMARITAN.

Being Helped Himself Wishes to Help Others.

The papers were never so filled with advertisements of remedies that will cure every known disease, as they are today; these are invariably accompanied by letters from people, testifying in the strongest terms to the virtue and merit of the particular preparation advertised; but because so much is claimed for the medicine, it has come to the point where most people regard such testimonials as pure "fakes" and made up out of whole cloth.

We are glad however to vouch for the reliability of the following from Mr. Wm. Lichtenwalter, proprietor of the largest printing house in Canton, Ohio, regarding the Pyramid Pile Cure, for which nothing is claimed except that it will cure any and every form of Piles.

"For several months past I have received so many inquiries from sufferers asking if my testimonial is authentic, that I am inclined to send in a bill to you for postage and stationery."

It is now two years since I was last troubled, and my rectum is as clear and clean as any man who never had piles, although I suffered with protruding, bleeding and internal piles for twenty-seven years. I will not attempt to detail the agony I suffered, being too happy to say I believe I am cured, after two years of evidence.

What will cure one man will sometimes not cure another; whether it was the Pyramid Pile Cure that cured me, I cannot say; but I have been free from piles for two years after using your treatment. I leave sufferers to draw their own conclusions.

I will answer any communication that a sufferer may ask, and will refer to any business house, bank or manufacturer of Canton, Ohio, concerning my identity, among whom I have lived for forty-eight years. The Pyramid Pile Cure is sold by druggists for fifty cents a package, or will be mailed to any address by Pyramid Drug Co., Marshall, Mich., upon receipt of price.

Drawn from a card asking for their little book describing the cause and cure of piles.

WOOD PULP CONTROVERSY

U.S. GOVERNMENT NOT MOVING IN THE MATTER.

No Tariff Retaliation for the Present at Any Rate—Congress Only Has the Power.

Washington, Nov. 18.—The rumor referred to in Toronto despatches of yesterday to the effect that a proposition is afoot to levy a duty of \$4 per thousand on Canadian lumber, has been found its origin in some threats of private American paper mill owners. It is stated positively here that the Washington Government has given the subject no consideration so far. This Government does not propose to enter Canada without a better understanding than it now has of the issues involved in this wood pulp controversy. Moreover, it is the official view that the executive power in itself is insufficient to increase tariff rates upon Canadian products, and that legislation in the direction must come from Congress.

A NATIONAL CRIME.

THE PREVALENCE OF DRUNKENNESS IN ENGLAND.

Spirit Clubs Formed Among Factory Girls, to Which They Are Forced to Contribute.

London, Nov. 18.—The Star says:—The Bishop of London made a startling statement at the Women's Union Conference of the Church of England Temperance Society, held at the Church House, Westminster. Quoting from a letter which he had received and the authenticity of which he guaranteed, he said that there were many "spirit clubs" amongst the factory girls of London. The girls are intimidated if they do not contribute their quota to the general fund. The result is that Boxing Day, or more frequently Christmas Eve, becomes a drunken orgy.

Sir Thomas Barlow, one of the King's physicians, added his testimony, and said that although it was quite true that the coarser form of drunkenness had decreased amongst the educated classes drinking was still a national crime. And secret drinking amongst women was a national sin. The woman who secretly drinks said Sir Thomas, becomes nervous, is subject to headache, is afraid to cross the street, is afraid of a strange building in case she cannot get out again, has a feeble circulation, is blue at the extremities and breaks out frequently to sudden cold sweats. Paralysis of the lower limbs is another symptom.

"The matter," added Bishop Ingram, "is tremendously bound up in the question of the housing of the working classes."

"Give them better homes."

Contracts for U. S. Firms.

St. Petersburg, Nov. 17.—A United States firm was today awarded a million dollar contract to construct a system of telephone conduits in this city. The contract provides for the laying of twenty miles of underground tubes in 1903. The City of St. Petersburg is preparing to install a model telephone system. A Chicago firm has secured the contract for the switchboard.

THE DEATH OF HENTY.

POPULAR WRITER OF BOYS' STORIES PASSES AWAY.

Was on Board His Yacht at Weymouth—Had Written Many Stories of Adventure.

London, Nov. 18.—Mr. Geo. A. Henty, the well-known correspondent and author, died yesterday on board his yacht at Weymouth.

George A. Henty was born in 1832 and educated at Westminster School and Cambridge, leaving the university for the Crimea without taking a degree. He was in the Purveyors' Department, and on being invalided home was raised to the rank of Purveyor. He was in charge of several districts. After some years spent in mining operations in Italy he became special correspondent of The Standard, and was through the Austro-Italian, Franco-German and Abyssinian expeditions, and was with Garibaldi in the Tyrol. He wrote several novels, but latterly had been chiefly known as the author of books for boys, of which he wrote more than seventy.

MUST PAY THE DUTY.

STEAMER HECLA WAS REPAIRED AT KINGSTON, ONT.

Assessment on Cost of Repairs Must be Paid—United States Dockyard Too Small.

New York, Nov. 18.—A decision affirming the action of the collector at Ogdensburg, N.Y., in assessing duty for repairs made on the steamer Hecla at Kingston was announced yesterday by the Board of Classification of the United States General Appraisers. The collector assessed a duty of 50 per cent. ad valorem on the cost of the repairs, and the George Hall Coal Company protested, pleading that there was no United States dockyard on the lake big enough for the Hecla.

WHAT WILL FOLLOW?

WAR ON MILITIAMEN EXCITES SENECACTADY.

Many Union Men in That City Now Belong to the National Guard.

Schenectady, Nov. 18.—The dismissal of a union workman by his employers because he belonged to the National Guard, which action was taken in accordance with recent resolutions passed by the Trades Assembly, has caused intense excitement here. As a matter of fact, most of the Schenectady militiamen are union men, and they are in a serious quandary. They figure that they will show the white feather if they leave the guard, yet if they do not leave they will be expelled from the unions, and consequently be unable to earn a living. They fear for their families in case they seek to do their duty as citizens and continue in the guard, they say. Section 1 of the military code of the State of New York provides that all able-bodied males between the ages of eighteen and forty-five are amenable to military duty, and the Schenectady militiamen are wondering if the unions will carry on the fight, even if some of its members are not actually in the guard, but only help to form a part of the reserve, as do all other citizens of the State the ages of which lie between the years given.

THE KING OF PORTUGAL.

IS NOW THE GUEST OF HONOR AT WINDSOR CASTLE.

Emperor William is Enjoying Good Shooting in the North-To Meet Lord Rosebery.

London, Nov. 18.—The King of Portugal arrived at Windsor last night from France to pay a visit to the King and Queen of England. King Edward, who had come directly from Sandringham, met him at the station. The two monarchs embraced one another most cordially and then drove to the castle. A great banquet was given at Windsor Castle in honor of the royal guest. As the present is the first occasion on which King Edward has visited the Town of Windsor since his illness the inhabitants of the royal borough gave him an elaborate reception.

The other ruler at present in Britain, the German Emperor, had good shooting today on the estate of the Earl of Londale, whose guest he has been at Lower Castle since Saturday. The Emperor will take luncheon with Lord Rosebery at the latter's seat at Dalmeny, Scotland, next Friday on his way back to Germany.

FAREWELL TO CHICAGO.

General Booth Addresses Three Large Meetings.

Chicago, Nov. 18.—General William Booth made what he termed his "spiritual farewell" to the Chicago members of the Salvation Army last night, after addressing three large meetings during the day. He will speak to the general public to-night at the Auditorium on "The Past, Present and Future of the Salvation Army."

Freight officials of the two large railways predict that the congestion of traffic will grow worse as the Ontario crop begins to move.

Worsted Trousers

Ready-to-Wear

Our stock of Worsted Trousers, by a recent trade adjustment, is now in splendid shape.

If you are contemplating investing—(and odd trousers always look well, provided they are the right kind)—NOW is the time to buy, for the assortments are generously complete.

No trouble about the fit—that's the least of our worries.
