Makes Oatmeal almost a necessity for breakfast. Few people realize how much care is necessary to make a really excellent rolled oats. It has become such a staple article of diet that it is almost always sold at cut prices. This tends to lower the quality. The sweet nutty fresh flavor of fine oatmeal is usually lacking. In our "pan dried" rolled oats you are sure of get-ting the best. We buy direct from the mill, get it fresh and get it often.—

### **ENGINEER TALKS**

Protests Strongly Against Bad Sidewalks and the Present Bicycle The sidewalk on the east side of

Victoria avenue is in a very dangerous condition. The matter was referred to the city engineer, who said: "I have inspected the walk and condemmed at and it should be torn up and thrown out into the road. The people here seem to prefer to walk on a bad sidewalk and have the privilege of kicking than to walk on

a good sidewalk and have no reason

for complaint.

"If I had been here early in the season I would have agitated strongly against the present bicycle by-law," continued the city official. "The present by-law is absurd. The idea of fining a man who rides on the sidewalk when no one else is on it is purely nonsensical, when you take into consideration the fact that push carts heavily laden with ladders and other truck are allowed to be wheel-ed along the sidewalk. I would far rather meet a bicyclist on the sidewalk than one of those carts."
