

Household Hints For Women

A Column Specially Prepared By The Planet For
The Busy Housewives of Chatham and Vicinity.

RECIPES FROM TABLE TALK.

RUSK.

Scald one pint of milk. Dissolve in it two tablespoonsful of butter and a half teaspoonful of salt. When lukewarm add one-half of a yeast cake dissolved in a little warm water and sufficient sifted flour to make a drop batter. Beat well, cover and set aside until light. Beat together three eggs and one scant cupful of sugar. Add this to the sponge when light, with a half cupful of flour; beat and let raise again. When very spongy stir in sufficient flour to make a soft dough and knead until smooth. Put aside again until light, then take off pieces the size of a large egg and mold into round biscuits. Put close together in well greased deep pans, brush the tops with milk, and when very light bake in a moderate oven; they must not be very brown when done. To dry them, let stand for a day, then break or cut each rusk in halves. Spread on flat pans and let stand in the open oven for a day or more until thoroughly dried. Keep in a tight can or covered stone crock.

POTATO BISCUIT.

Pare and boil six white potatoes. While hot put through a ricer, then add gradually one pint of scalded milk, one-half of a cupful of butter, one teaspoonful each of salt and sugar and one-half of a cupful of flour. Let stand until lukewarm, then add one yeast cake dissolved in a little warm water and sifted flour to make a soft dough. Knead lightly, using no more flour than is needed to keep from sticking to the board. Cover and let stand again until very light, then form into small rolls, handling most carefully and greasing the hands if the dough is inclined to stick. Place in greased pans, let stand until fully doubled in bulk, then bake about twenty minutes in a quick oven.

BREAD CROQUETTES.

Rub the inside of a loaf of stale bread through a colander, then measure. To one good quart add one pint of milk and heat over the fire

in a double boiler. As soon as it reaches the boiling point take it off, let stand for a moment, then add one-half of a cupful of cleaned currants, two tablespoonsful of chopped citron, one-half of a teaspoonful of cinnamon, two tablespoonsful of chopped almonds and the beaten yolks of two raw eggs. Return to the fire and stir and cook for two minutes, then turn out on a greased dish and set aside until cold. Form carefully into small cylinders, dip each in egg, roll in fine dried crumbs and fry golden brown in smoking hot fat. Serve with a foamy sauce.

DEVILED KIDNEYS.

Remove the fat from four veal kidneys, then, with a very sharp knife, cut the outer portion from each lobe, rejecting the central purplish or dark colored core. In doing this have the good portion in very thin chips. Melt one tablespoonful of butter in a frying pan; add the prepared kidneys, toss and stir over a quick fire for five minutes. Add a half teaspoonful of salt, a dash of pepper and the merest pinch of grated nutmeg. Skim the kidneys from the pan and put in a hot dish. To the butter in the pan add one tablespoonful of flour and brown, then add one cupful of good beef stock, one tablespoonful of Worcestershire, a dash of cayenne and a few drops of caramel coloring. When boiling take from the fire and add two tablespoonsful of sherry and strain over the kidneys.

COFFEE FILLING.

Scald one cupful of milk in a double boiler. Tie two tablespoonsful of ground coffee loosely in a piece of thin muslin, drop it into the hot milk and steep for ten minutes. Blend two tablespoonsful of cornstarch in a little cold milk. Take out of the coffee bag, add quickly the starch paste and stir until thick and smooth. Cover and cook for five minutes. Pour it over two well beaten eggs, blend and return to the fire for a moment. Take off, add a half teaspoonful of vanilla and, when slightly cooled, spread between the cake layers.

SNAPSHOTS OF LA MODE.

Face Sashes Very Smart—Cheap Panama Skirts—Nail Head Dog Collars. Gowns of linen, batiste or lawn made with simple tucks and plaits, lace yokes and frilled sleeves, receive an added touch of beauty if girdled with a lace sash. These sashes are really very ultra affairs and are easily made by the ingenious girl. The girdle portion is boned and shaped to the figure,

SMART TRAVELING HAT.

while the sash ends, narrow at the top and beaver shaped at the bottom, are lined with white mull and corded.

Good, well cut Panama cloth skirts are selling for \$4.50 and \$5. This material wears like iron and the skirts are therefore good investments.

Dog collars made of nail heads in various colors—purple, pink or red—are very much worn. These nail heads are artistically combined with tiny gold beads.

The narrow cluny insertions, some of them looking very much like heavy hand crocheted work joining seams and used in place of veining, are particularly favored. Such narrow cluny lines set together all the seams of many blouses that have cluny trimmings.

A smart little traveling hat is seen in the cut of tan chip. It is simply trimmed with a band of chestnut brown velvet and decorated at one side with two American Beauty roses and some velvet knots. JUDITH CHOLLET.

Nothing is impossible to industry.

CASTLE IN THE AIR

Warrant For Montreal Who Posed as Having Been Left a Fortune.

Montreal, Nov. 1.—R. M. Cremer, who posed as heir to a fortune of half a million, and who was on his way from Germany, has confessed to the fraud, and a warrant was issued yesterday.

He managed to get money advanced him and purchased real estate and personal property to the value of \$10,000. For the past week he has been driving the best horses and rigs in the city, with footmen and groom in elaborate livery.

He bought \$5,000 worth of jewelry for a young lady, \$1,200 for clothes, \$3,000 for horses, and \$2,700 for harness.

He confesses the fraud, but still insists he has a large estate in Germany. He has lived here for ten years, and was well known as a steady man.

SOO GUARANTEE LOAN.

Renewed For Five Months—Government Retains a Director.

Toronto, Nov. 1.—The Soo guarantee has been renewed for five months. Hon. Mr. Matheson made the following statement yesterday evening:

"The Canadian Improvement Co., which is the one with which we deal, have been negotiating with prominent financial firms to enable them to take up the guarantee loan of \$1,000,000, commonly known as the Soo guarantee, falling due May 1, 1907, by various means, and partly owing to the rise of the Bank of England rate to 6 per cent, they were not prepared to meet the payment due on this date, and they have asked the Government to extend the provincial guarantee for five months, to April 1, 1907, they paying the interest falling due on Nov. 1, for the past six months, to the holders of the certificates."

"These are issued by the Canadian Improvement Co. and secured by the Government. It is possible the company may be able to take up the certificates before the 1st of April, but they asked for that extension and the Government has granted the request."

"The holders of the certificates having agreed to the extension, an agreement carrying out the arrangement has been authorized by the Government and executed by the Canadian Improvement Co., the holders of the certificates and the Provincial Treasurer, on behalf of the Government."

Hon. Mr. Matheson stated also that it had never been proposed to remove the Government director from the board of the company.

GET RELIEF UNDER NEW ACT.

A Point Which Peterboro Deputation Was Unaware of.

Toronto, Nov. 1.—T. H. Bradburn, M. P. P., Senator George A. Cox, Mayor Best, James Kendry, T. F. Matthews, E. H. D. Hall, city solicitor, and Ald. Adams composed a deputation which waited upon Premier Whitney yesterday morning. The city wanted authority to develop and distribute electric energy from waterpowers on the Ottawa River. The Premier referred the delegation to the Hydro-Electric Power Commission, and they saw Hon. Adam Beck in the afternoon.

A private bill was before the committee of the Legislature with the same object last session, but was thrown out on account of its conflict with the Commerce Act, and the opposition of local interests.

Hon. Mr. Beck pointed out that until the Hydro-Electric Commission received an application for power from the city the Commission was unable to act. As soon as an application was received, the new Hydro-Electric Power Act would apply to the situation, and the Commission could then arrange for the supply of whatever power was required, quite irrespective of the Commerce Act.

The relief afforded by the Hydro-Electric Power Act appeared to have escaped the attention of the municipality, as it has in other cases.

St. Helena Without Garrison. Jamestown, Island of St. Helena, Nov. 1.—For the first time in its history since it became a British possession, St. Helena is without a garrison. All the troops have been withdrawn as a measure of economy, the guns and ammunition have been removed and the island is left defenseless. The outlook for the islanders is dark, as they practically lived off the garrison and will now have no market for their produce.

Sporting Parson Shot. Toronto, Nov. 1.—On Tuesday Rev. A. J. Fawcett, who has charge of the Presbyterian parishes of Coldwater and Waukegan, went duck hunting on Georgian Bay with E. F. Clifford of Leatherdale. An ear struck the gun and the charge of shot went into Fawcett's thigh. He was attended by Dr. Harvey, who accompanied him to the General Hospital here last night.

Shareholders to Meet. Toronto, Nov. 1.—There is to be a preliminary meeting of the shareholders of the Ontario Bank to-day, largely due to the initiative of Cephus Goodie. It is sought to assemble 7,000 shares and thus control the election of directors to be held on Dec. 11, as 2,200 shares are said to have been taken off the market and therefore can not be used for voting purposes.

Had Legs Cut Off. Died. Quebec, Nov. 1.—Benjamin Lemieux, who had his legs cut off by a locomotive in the C. N. yards at Chaudiere Tuesday, died the same evening at the Hotel Dieu hospital, Levis.

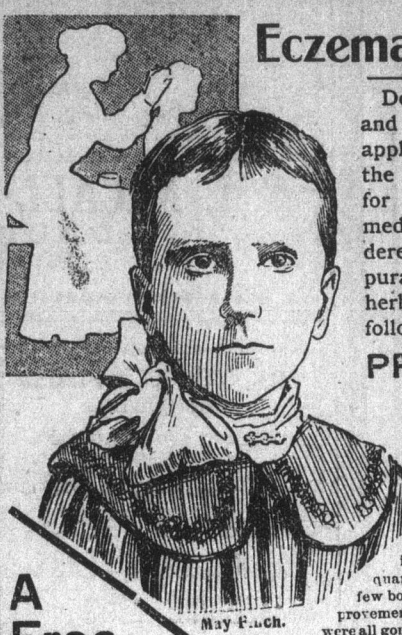

House Meets Nov. 22. Ottawa, Nov. 1.—Announcement will be officially made to-day of the calling of Parliament. It is practically certain that the session will open on the 22nd of November.

Fenian Raid Veteran Dead. St. Thomas, Nov. 1.—George Drinkwater, a Fenian Raid veteran, died Tuesday at the age of 77. He was a native of Peel County.

Keep Minard's Liniment in the house.

A bean in liberty is better than a commit in prison.

SCALP SORES

A Free Box

will be mailed you if you send this coupon and 1 cent stamp to ZAM-BUK CO., Toronto

Eczema, Ulcers and Skin Diseases.

Don't you believe in nature? Don't you think that skin and blood diseases such as the above, can best be cured by applying nature's own herbal extracts? From Bible times the "herbs of the field" have been commended to mankind for this purpose. Zam-Buk is a combination of the finest medicinal herbal essences, concentrated, purified, and rendered highly antiseptic. Zam-Buk cures pain, stops suppuration, and heals all sores and skin diseases. A natural herbal balm, operating in nature's own way. Note well following cases.

PROOF OF ZAM-BUK'S POWER.

Mr. Montague Jones, of Tavistock, Ont., says:—"About four years ago sores started to break out on my skin. I used salves to check them, but only for a time, and they caused me great pain. Sores then started to break out on my head. I went to the doctor, who told me that I had scalp eczema and that I should need to give very careful attention. He gave me some salve which I rubbed on, but notwithstanding all my care I continued to get worse. I then tried several advertised remedies, but to the same end. One day I read a report about Zam-Buk, and I thought that what had done for other people it could do for me, so sent for a sample box. The result of the use of so small a quantity was so satisfactory that I at once obtained a full supply. I also obtained a few boxes of Blisters for internal use. Within a very short time there was a marked improvement. I applied ZAM-BUK in accordance with the directions and very soon the scales were all gone and the sores completely healed. They show no trace of returning, and I feel that I am cured to stay cured."

"Mrs. L. Finch, of Cambrill, says:—"Our little girl, May, had eczema on the scalp. It spread all over the head and the pain was so bad at times that the poor child screamed aloud. Her hair came out in patches. Hospital treatment failed. The first application of Zam-Buk eased the agony and by the time we had used a few boxes the disease was cured. It is the finest balm ever brought into a house for all skin injuries and diseases."

USE ZAM-BUK IF YOU SUFFER FROM:— Eczema of any skin disease, Ulcers, Abscesses, running sores, blood poison, eruptions, chronic sores, etc. It also cures chilblains, chapped hands, cold sores, cuts, burns and bruises. It eases the pain of piles, and cures the ailment by softening the hard veins and removing the congestion. Also good as an embrocation. Used by Sherman, the "Markham" inner; Leamon, ex-champion wrestler, and leading athletes the world over. All Druggists, 50 cents a box, or from the ZAM-BUK CO., TORONTO, upon receipt of price, 6 boxes for \$2.50.

ZAM-BUK.

The Wooing of Woman

Began in the Garden of Eden and has been going on with all its delicious consequences ever since. It is the starting point of a woman's life, the hour in which the sun really begins to shine.

Be she savage or civilized it is the dawning of the great light for which every woman longs. The story of how the world in every clime has done its wooing is the most fascinating that can be told the children of men and women.

Read "The Wooing of Woman," by Katherine Leckie in the November Number of our new magazine—

PUSH BOUNDARY MARKING.

Work Will Not Likely Be Completed For Two Or Three Years.

Victoria, B.C., Nov. 1.—The work of marking the boundary between Alaska and the British possessions has gone steadily forward during the last summer. A large survey party under the joint direction of the American and Canadian authorities has been working on that part of the boundary which leads through the high mountains of the Skagway region, the line of demarcation having been described by the joint high tribunal at London.

The work will not be completed for two or three years along the whole line of the international boundary.

SPY AND INTRUDER.

Visit of U. S. Warship to Newfoundland Insult to Colony.

London, Nov. 1.—(C. A. P.)—Judge Prowse, writing from St. John, N. B., in The Standard, relative to the action of the Newfoundland Government compelling the United States warship Potomac to pay duty on supplies, declares the Potomac came as a spy and intruder.

Her visit was an insult to Newfoundland and a breach of international courtesy, which no Government but a British Liberal Cabinet would tolerate for a moment. The English people, he says, would approve the conduct of the Colonial Government.

An old dress, like a kind friend, sometimes does a woman a good turn.

FACTS IN NATURE

Not Only Do We Get Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and rocks.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thoroughly it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery." Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One laxative; two or three are cathartics.

HEPBURN GOES WEST.

Late Liberal Candidate in East Elgin Sells Farm Stock.

St. Thomas, Nov. 1.—The farm stock of W. F. Hepburn of South Yarmouth was sold at auction on Tuesday, realizing \$3,675. His race horse, Wild Brino, was bought by John Barnes of this city for \$250, and the trotting mare, Maud, by William McKenzie of South Yarmouth for \$300.

Mr. Hepburn, who was Liberal candidate for a time during the East Elgin campaign, leaves shortly for the Northwest. He threw up the candidature on the publication of stories concerning his alleged personal habits.

GOOD REASONS FOR ITS SUCCESS

The majority of catarrh remedies are useless. But one that does cure is Catarrhazone. It clears the head of all mucous discharges. Putrid matter in the nostrils, phlegm in the throat, and discharges from the ears are completely swept away. The cause of the disease is destroyed, its results are destroyed, and the system is so thoroughly cleansed of a virulent poison that cure is permanent. All types of catarrh, throat and bronchial trouble, colds and coughs are more certainly cured by Catarrhazone than anything else. Two sizes, 25c. and \$1, at all dealers.

A Typewriting Record.

New York, Nov. 1.—Rose L. Fritts of this city, who won the world's typewriting championship in Chicago last year, came out ahead in the contest at the National Business show in Madison Square Garden Tuesday night. She wrote 2,487 words from dictation in half an hour, making five errors.

French Patrol Wiped Out.

Zunguru, Nigeria, Nov. 1.—News was received here yesterday that a French camel patrol, consisting of one officer and sixty men, was surprised and annihilated by a Senegalese force at the end of August, 200 miles northwest of Lake Chad.

Moscow University Closed.

Moscow, Nov. 1.—The University of Moscow was closed yesterday by order of the rector, until Nov. 12, in consequence of violations of the rule against open political meetings being held in the university buildings.

France May Own All Mines.

Paris, Nov. 1.—Minister of Public Works Barthou's project for the revision of the mining law contemplating the taking over by the state of all mines and the participation of the miners in the profits.

A Turkish Story.

The Turk, as a rule, is not energetic, but he is capable of sudden bursts of activity. A writer in Cassell's Family Magazine gives an illustration: He was going home late one night in Constantinople when a man ran by him, pursued by four zapties. Directly they caught the man they belabored him vigorously with the butt ends of their guns. The Englishman intervened.

"If he is a thief, why not take him to prison and let him be tried properly? Don't half kill the man without a trial."

"O effendi," said the spokesman of the party, "we don't mind his being a thief. We're only hitting him because of the trouble he gave us to run after him." And that is an offence which the average Turk never forgives.
