Hats Eccentric, Though Becoming.
Some one has said that the hats of
the season look as if they had been put
through a wringer. The shapes are
certainly very eccentric.
The dome crowned hat is in evidence
everywhere, and many shapes are fas-
hioned of two tones in felt, one color
serving for the brim and the other for
the dome and border to the former.

PICTURE CHAPEAU.

Ostrich feathers in which the two
shades are blended serve as the sole
decoration. If one omits to count the
deep bandeau which is quite inevitable
and in nine cases out of ten a part of
the hat itself. Fur toques are stunning
draped and ruffled with lace and net.
Violets and gray squirrel, white camellias
and sable, pink roses and mole are
all harmonious combinations for a fur
hat.

A smart gray squirrel toque of rather
elongated shape boasts no other adorn-
ment than two long, narrow velvet
leaves in dull green tone, while a sable
toque is similarly trimmed with white
velvet leaves.
Black and white hats always strike a
telling note, but they require good ma-
terials to present a requisite note of
chic.

A white felt of slightly bizarre shape
with black felt brim is simply trimmed
with a black and white ostrich feather.
Soft white felts adorned with bands
around the crown of white chiffon held
up by a bird's head are the smart golf-
ing hats of the moment.
Since it takes several hatpins to hold
in place the winter creations in millin-
ery the jewelers are manufacturing
sets of pins all of the same color, but
in different sizes.
The picture hat in the cut is of black
panne velvet. The crown is swathed
with pastel green chiffon. A panache
of green feathers is placed at one side.

FRIBBLES OF FASHION.

**The Empire's Favorite Model—Chif-
fon Velvet—For Blouses.**
First and foremost among coats is
the empire in its vast range of styles
and shapes, the distinguishing feature
of short bodice effect being maintained
throughout. In light pastel toned
cloths this coat serves the double pur-
pose of day and evening use.
Chiffon velvet is a lovely fabric
that is used in the fashioning of smart
and becoming blouses.
Umbrella skirts are favorite models,
although the many gored skirt is be-

GRAY-BLUE TWEED COAT.

loved by the tailors. There is still an-
other model with a close fitting top
and flaring base arrived at by means
of inverted plaits that are only in evi-
dence when the wearer walks.
There are some charming little jack-
ets of caracole cloth that are very chic.
Marathon coats and neck pieces are
often mixed with ostrich feathers, and
the result is beautiful.
The cut shows an empire coat car-
ried out in Donegal tweed in a gray-
blue mixture. The back fullness is
folded into an inverted pleat. Strap-
pings are employed to simulate a
short waisted effect.

SAN DOMINGO REVOLT.

President Morales Reported to Be in
Irons—Another Report Says He
Has Escaped—Troops Marching.
Turks Island, Bahamas, Dec. 27.—
Mail advices received here from Monte
Christi, Santo Domingo, Monday, say
that Guayubin, Dajabon and Sabanaeta
have taken up arms against the Gov-
ernment, and the Dominican-American
fiscal convention. Generals Benito
Rio Diguez, Joaquin Barba, Navarro,
Martinez and Pedro Alvarez have gone
with six hundred men to attack San-
tiago, and General Perico Lazala has
marched on Lavaga with a force of
about 100 men.
Gen. Beschamps, former vice-presi-
dent of Santo Domingo, leaves here
shortly on board a sailing vessel to
operate against Puerto Plata.
It is rumored here that President
Morales is a prisoner in irons at the
capital, San Domingo.

Morales Escapes.
San Domingo, Republic of San Do-
mingo, Monday, Dec. 25.—Following
the announcement to-day that the
president of the republic, Gen. Carlos
F. Morales, had left the capital for an
unknown destination, troops were
sent in pursuit of him. A fight took
place about ten miles from here, and
it is supposed that Gen. Pimentel, the
rebel commander, was attacked by
the government troops.
The whereabouts of the fugitive
president is not known.
U. S. Won't Interfere.
Washington, Dec. 27.—For the pre-
sent there will not be any interfer-
ence by the United States in the diffi-
culty which has arisen in San Do-
mingo. The trouble is regarded by the
State Department officials as entirely
an internal one, and so long as outside
interests are not menaced this attitude
of non-intervention will be main-
tained.

International Bible Lesson for To-
morrow.
Review of the past quarter's les-
sons.

Golden Text—"Thou crownest the
year with Thy goodness."—Ps. 65, 11.

The lesson of the quarter extended
over a period of more than 100 years,
from 538 B. C. to 430 B. C., or there-
abouts, the exact date of Malachi's
prophecy not being known. The
lessons of the quarter are not very
closely connected with one another,
and perhaps the best way to review
them would be to bring out the cen-
tral teaching of each lesson.

Mr. Otto A. Fleissner's KIDNEYS WERE SOAKED WITH CATARRH.

Pe-ru-na Promptly Cured Him.

Mr. Otto A. Fleissner, American Epicurean, late Chef to Col. W. J. Coady,
(Buffalo Bill), now chef at the Rainier Grand Hotel, Seattle, Wash., writes:
"I suffered with kidney and bladder trouble until life did not seem
worth living. I had tried many medicines, but did not get any relief
until I took Peruna. It was really wonderful how much better I
was after I had used this medicine only a week. I did not expect that it
would help me permanently, but as long as it was doing me good I con-
tinued to use it. At the end of six months I found to my relief that it
had rid my system of all poisons, and that I was cured to stay cured. You
certainly have a splendid medicine and I gladly endorse it."—Otto A.
Fleissner.

Catarrh of the Kidneys a Common Disease—Kidney Trouble Often Fails to Be Regarded as Catarrh by Physicians.

Catarrh of the kidneys is very com-
mon indeed. It is a pity that this fact
is not better known to the physicians as
well as to the people.
People have kidney disease. They
take some diuretic, hoping to get better.
They never once think of catarrh. Kid-
ney disease and catarrh are seldom as-
sociated in the minds of the people, and
alas, they are not very often associated
in the minds of the physicians. Too
few physicians recognize catarrh
of the kidneys. They doctor for some-
thing else. They try this remedy and
that remedy. The trouble may be cat-
arrh all the time. A few bottles of Pe-
ru-na would cure them.
