The Academy Players.

A fine audience welcomed the Academy Players on Monday evening on the occasion of the presentation at the Opera House of the genuine mirth-provoking farce, 'Caught in the Rain.' The acting was good, the situations most amusing and the whole affair very enjoyable. The cast was a strong one and the Players fully sustained the reputation won on their former visit as an exceedingly well-balanced and efficient company. The announcement that they were to appear here again on the 17th inst. was gladly received, and Wolfville people will regret to learn that their appearance has been unavoidably cancelled. It is hoped, however, that we may have the privilege of hearing the Players here again shortly, when they will undoubtedly receive a warm welcome.

ills of Childhood.

Every mother should be able to recognize the symptoms of the little ailments that attack her children. She should also be in a position to treat them promptly. To do this she should keep a supply of Baby's Own Tablets in the house at all times. The Tablets never fail to be of help to little ones. Mothers who are anxious for the welfare of their little ones will receive free of charge a valuable little book on the care of infants and young children. Concerning the Tablets, Mrs. G. L. Bonham, St. George, Ont., says: 'I can recommend Baby's Own Tablets as a safe and sure medicine for little ones. I have raised four babies with their aid and would not be without them. Sold by medicine dealers or by mail at 15 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.'

Destruction to Dykes.

Not since the 'Saxby Tide' in the autumn of 1869 has so much damage been sustained by the dyke lands in this vicinity as was occasioned by the extremely high tides of Thursday last week and following days. From every direction comes the story of broken dykes and flooded lands. The Wickwire Dyke here was badly damaged, while the 'Bog' gates opened to welcome the sea to wander at will. Many of the cattle pastured on the dyke lands were rescued with great difficulty, while some perished. It is estimated that it will require at least a thousand dollars to repair the dykes. The Grand Pré sustained very little damage. The wind was from the north and east and Long Island sheltered the dyke and saved it from destruction. Had the wind been east or south-east the Grand Pré would have met with the same fate as the Wickwire. At Bour Island the dyke was overflown. The dykes along the Cornwallis river also suffered much damage. The Hubert Dyke, which was repaired last year at a heavy expense, was again broken in a number of places and the tides again swept across its meadows. Traffic between Greenwich and Port Williams was suspended on account of the road across the dyke being impassable. The dykes along the Avon and Stubbenscady rivers also suffered severely. On the Falmouth side above Windsor every dyke was submerged and the same condition of affairs prevailed on the Windsor side. Work is now going on briskly and it is hoped that in most places the dykes will be again raised before the next set of high tides.

Information for Farmers

REGARDING THE NEW UNITED STATES TARIFF

We are in receipt of an eight page pamphlet issued by the eastern Steamship Corporation for the Boston and Yarmouth S. S. Co., Ltd., giving valuable information pertaining to the United States Tariff.

The pamphlet details the new rates of duties, compared with the old, on various products, also rates of freight from all points throughout the Annapolis Valley and all the western counties of Nova Scotia to Boston.

But special features are a number of valuable suggestions in reference to the shipments of farm produce, fruits and garden truck to the Commission Houses of Boston.

Every farm and fruit grower should be sure and obtain a copy, which can be secured free from Manager United Fruit Co., R. S. Eaton, Hillcrest Orchard or apply to the nearest railway agent of the Dominion Atlantic Railway.

The issuance of this interesting pamphlet shows the great interest taken by the Eastern Steamship Corporation in aiding the farmers of the Maritime Provinces to take advantage of the new and very valuable conditions created by the new tariff in opening up the markets of Boston and New England.

Among the buildings in course of construction this season the semi-detached cottages which Mr. R. D. G. Harris is having built on Seaview avenue are in many respects a distinct innovation in Wolfville. They are to be built from plans drawn up by Architect Charles H. McClure, of Cambridge, Mass., the designer of the Carnegie Science Hall, and will adhere to the bungalow type. The cottages will be finished on the outside in rough cast cement on metal lath, and will be arranged and equipped within in the most up-to-date fashion. They are to be ready for occupancy by the first of May, at which time Mrs. Harris will move into one of them; the other will be for rent. The contract has been let to Mr. C. F. Stewart, and the architect is represented during his absence by Mr. Sutherland, of the College, in the supervision of the work.

Children's Aid.

The first annual meeting of the Children's Aid Society of Kings County was held in the Town Hall, Wolfville, on Tuesday evening by the attendance, although not large, was fairly representative and the meeting was an interesting one. Mr. E. Percy Brown, the president, occupied the chair. A most interesting and comprehensive report of the work done by the Society since its formation was presented by the agent, Mr. Herbert Stairs. Officers for the ensuing year were elected as follows: President—Dr. A. J. McKenna Vice President—Mrs. L. R. Moore Sec. Treas.—Mr. C. A. Patriquin Agent—Mr. Herbert Stairs. Arrangements were made for counselling during the coming year. The good work already undertaken. The Society is a most useful and helpful one and deserves the support of every section of the county. It is hoped there will be a large increase in the membership during the coming year.

Enormous Increase.

Subscribers to the Family Herald and Weekly Star, of Montreal, are receiving earlier than ever this season. The subscription receipts for October were over \$3 per cent. ahead of October 1912. The Family Herald grows in popularity year after year. It is the big dollar's worth beyond doubt, and deserves its immense circulation. Any home that does not receive The Family Herald should give it a trial for 1913.
