

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended
By "Fruit-a-tives"

The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried 'Fruit-a-tives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

West Glassville Notes

Our annual school picnic was held here on Thursday last with a large number from this community and a few from our neighboring communities attending. The outstanding feature of the picnic this year was the excellent canteen service rendered under the management of Mr. and Mrs. Joyner Lamont ably assisted by Mrs. Wesley Seymour and Mrs. Harden Logue. The proceeds of the canteen have been given for school purposes.

On Sunday last G. Wilfred Fletcher tendered his resignation as acting superintendent and teacher in our Sunday school which necessitated some change in our staff of teachers. Our officers and teachers are now as follows: Superintendent and teachers of adult class—Mr. Ronalds; organist and teacher of the intermediates—Mrs. Joyner Lamont; teacher of the juniors—Mrs. George Reeder; teacher of the primary class—Mrs. John Glass; secretary—Miss Lena Lyon; treasurer—Master Kenneth Lamont.

J. Morrison Lamont and family, and J. Ritchie Lamont and family accompanied by Miss Alice Perry attended the school picnic at East Glassville on Friday afternoon.

Mr. and Mrs. D. H. Lamont accompanied by their daughters, Misses Marjorie and Marion Lamont, Glassville, were calling on Mr. and Mrs. E. J. Ronalds on Monday evening of last week.

William A. Lamont and G. Wilfred Fletcher enjoyed a very pleasant drive through to East Glassville on Friday where they attended the annual picnic there.

John K. Glass, who is being employed in Hartland during the summer spent the week-end here with Mrs. Glass and their little son Keith. G. Wilfred Fletcher spent the week-end as the guest of Mr. Tupper at the home of Mr. and Mrs. J. Lindsay Robinson, East Glassville.

BATH BASEBALL

The Bath baseball team motored to Plaster Rock on Monday, playing the representatives of that town on their own diamond. The game was called at 6.30 p.m. and so far is the best that the locals have enjoyed this season. Up until the sixth inning the score was 3-1 in favor of the "Monquaters." At the end of the first half of the ninth inning the score was tied 4-4. In the final half, however, Plaster Rock was able to pile up another lone tally and so won a hard, close, well fought game. Score 5-4.

Shaw pitched a great game for Bath while Estabrooks was in his usual good form behind the bat.

A return game is to be played here Friday evening, June 27, at 6.30 p.m. Remember Bath vs. Plaster Rock Friday evening on the local diamond. So be there and thereby cheer our own boys on to victory.

Here and There

British Columbia's agricultural production last year increased in value \$4,000,000 over the 1922 period, figures compiled by the provincial Department of Agriculture show.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement just issued by the Dominion Bureau of Statistics. In April, 1924, 6,085,465 bushels in all were exported, as against 5,143,304 in April, 1923.

It is anticipated that hundreds and thousands of visitors to the beautiful Annapolis Valley, Nova Scotia, will help to celebrate the famous fruit-district's "Apple Blossom Sunday," which falls on June 30th this year. The entire orchard belt, extending from Annapolis Royal to Windsor, a distance of about 80 miles, is always white and pink with blossom in the first part of June.

Hon. Honore Mercier, Minister of Lands and Forests, speaking of arrangements made in the province for forest protection this year, stated: "I really believe that the way the service is organized and with the good-will manifested by all classes of the community, who realize the importance of protecting your national domain, the year will be a good one and the losses reduced to a minimum."

The report of the statistician to the board of grain commissioners for April, recently issued, records the heaviest spring grain harvest since the war season on record. The report says that there are indications that all the surplus of the western crops will be moved as fast as transportation facilities permit, as export purchases are to be heavier than usual and all ocean tonnage out of Montreal for May and June has already been engaged, as well as part for the July loading.

Something new in the way of railway equipment is the new storage battery car now operating over Canadian Pacific lines between Galt and Hamilton. The car attains a speed of 35 miles per hour and makes two trips a day in each direction. It has three compartments, general, passenger, smoking and baggage, is of all-steel construction and will accommodate 50 passengers. The service is reported to be giving every satisfaction to the people of the district.

Interviewed in Vancouver as to the success of the round-the-world cruise completed on May 24th by the "Empress of Canada," E. W. Beatty, said:

"To gauge the success of the 'Empress of Canada's' round-the-world cruise one has only to ask the passengers their opinion of the entire trip. I spoke to several while crossing from Victoria and without exception they all expressed their complete satisfaction with the ship, its officers and the arrangements made and carried out since the day she left Vancouver, almost five months ago."

"That is good enough for me. It is simple demonstration that the Canadian Pacific can successfully conduct cruises in competition with any organization in the world and maintain that company's standing as a credit to Canada. The 'Empress of Canada' has carried the Canadian flag over the seven seas and into most of the world's great ports, and the missionary work she has done for Canada in the various countries touched should not be lost sight of. As one result of the undoubted success of this cruise, we look forward with renewed interest to the Canadian Pacific cruises of next season. They include the West Indies, the Mediterranean and another round-the-world cruise which will be made by the 'Empress of France,' already overhauled and fitted with a view to providing the greatest possible comfort for her passengers. The experience gained this year will greatly help in enabling us to make these cruises even more successful than those recently completed."

A clergyman had occasion to preach to the inmates of an insane hospital. During his sermon he noticed that one of the patients paid the closest attention, his eyes riveted upon the preacher's face, his body bent eagerly forward. Such interest was most flattering. After the service, the speaker noticed that the man spoke to the superintendent, so as soon as possible the preacher inquired: "Didn't that man speak to you about my sermon?" "Yes." "Would you mind telling me what he said?" "The superintendent tried to side-step, but the preacher insisted. 'Well,' he said at last, 'what the man said was, 'Just think, he's out and I'm in.'"

Mother was not feeling very well, and so she decided to stay in her bed for the day. Calling little Joan into her bedroom, she told her to go down to the kitchen and boil the eggs for breakfast, cooking them for three minutes.

When the eggs were being eaten it was found that they were quite hard boiled.

"Joan," said mother, "are you sure you boiled those eggs for only three minutes?"

"Quite sure, mother," answered Joan. "Of course, it was eight minutes, by the kitchen clock, but that is five minutes slow, you know!"

Canada and U. S. Sign New Treaty

Designed to Stop the Smuggling of Liquor and Narcotics

Washington, June 6.—A treaty designed to suppress smuggling of liquor and narcotics across the Canadian boundary was signed here today by representatives of the Canadian and United States Governments. Hon. Ernest Lapointe represented Canada; Secretary of State Hughes signed for the United States.

The convention is to take effect ten days after the exchange of ratifications and to remain in force for one year with termination thereafter on thirty day's notice.

Each Government is to furnish information to officials of the other regarding clearance of vessels or the transportation of cargoes, shipments or loads of articles across the international boundary when the importation of the articles transported by land is subject to the payment of duties.

Information also is to be exchanged regarding clearance of vessels to any ports when there is ground to suspect that the owners of the cargo plan to smuggle it into the territory of the other Government. Clearances are to be denied to vessels carrying cargo consisting of commodities the importation of which is forbidden by either country, whenever it is evident from the tonnage that the ship would be unable to carry the cargo to the destination proposed in the application for clearance.

A football match at Leighton Buzzard, Bedfordshire, England, was twice stopped while a player disinfected the ball and his boots. The game took place in a meadow adjoining land declared infected by foot-and-mouth disease. Twice the ball went over on to the forbidden territory, and the player who fetched it had to dip his boots and the ball in a bucket of disinfectant before the game was resumed.
