These are words that stand pre-eminently for the best line of Cars on the market. The first popular car in Carleton county and gaining favor and prestige with each succeeding year. Their adaptability to our roads has been proven by years of severe test. Their economy of up-keep, their endurance, power, grace and beauty are all points in their favor—and there are many more. Can you afford to experiment when buying a thing costing so much as an automobile?

I have the agency for these and have two carloads of them on route. If you are car-wise you will talk with me about terms and prices.

CENTREVILLE NEWS

The old timers are always telling us that we know nothing of cold, severe weather as it used to be years ago. If they can correctly remember any weather much colder than the last three weeks they certainly are going some. Wood and good home made wool clothing were not so costly in those good old bye-gone days and both must have been used more extensively than at present. They afforded the protection of the vast forests and did not suffer the pangs of our present nor-westers which sweep along and across our country roads and through the streets of our villages, especially main street Hartland.

Inquiries are coming to hand as to why there is no racing this winter. Better get busy boys and have a good race meeting.

Jack Lee has sold his residence to a retired farmer. Centreville seems to be the Mecca of all tillers of the soil, just as soon as they have received enough money to live on comfortably for the rest of their lives. The only kick we have ever heard from any of our former farmer citizens is that they have to pay school taxes.

Rev. W. J. Hurlow preached eloquent sermon Sunday morning and evening in the Baptist church here and assisted Mr. Johnson all last week at special services which are being continued this week.

Mrs. Tins of Fredericton is visiting friends at East Centreville and Centreville.

Miss Mildred White spent Sunday with her brother, Robert White at Aroostook Junction.

Miss Kathleen O'Hara spent Friday with her parents here, returning Saturday to her school at Four Falls.

Mr. and Mrs. James O'Hara spent several days in Woodstock last week, visiting friends.

Mr. Miller, Upper Kent, was here last week. Mr. Miller is one of the hay inspectors.

Potatoes are \$4.00 per barrel, oats 60c. One farmer Saturday was offered \$4000 for 1000 barrels and did not sell. That is the price of lots of farms.

A large number of people were in the village Saturday, attracted by Sherwoods sale.

Alexander Dickinson, proprietor of Centreville Hotel, died Monday morning at 2.30. The late Mr. Dickinson had been seriously ill for six months or more but the end came with surprising suddenness. The remains were taken to Woodstock for burial.

We cannot quote you any lower prices than other Life Insurance Companies, but we can put you in the best companies doing business in Canada. Why insure in a weak company and run the risk of losing nothing in case of fire, as some have done? J. T. G. Carr, agent.

Best Nerve Specialist in England Was Consulted

Nervous disorders frequently result from injury to the nerves in accidents or because of the shock to the system.

The writer of this letter was corralled a bunch of colts when his horse fell over a barbed-wire fence, and he was carried to the Royal Inland Hospital, Kamloops, B.C., in an unconscious condition, remaining in this state for three weeks.

Not being able to obtain restoration of the internal nerves which control the action of the digestive and other vital organs, he travelled to Europe and consulted England's greatest nerve specialist, Sir Victor Horsley. Relief was only temporary, in spite of many treatments used.

His letter gives the facts briefly, and tells how he was finally cured by using Dr. Chase's Nerve Food. Can you imagine any more severe test of this great nerve restorative?

Mr. Henry P. Voss, Cefu Ranch, Malakya, B.C., writes: "Dr. Chase's Nerve Food has restored my nervous system and given me new health. Having met with a severe accident seven years ago, from which I was unconscious, and which left my nerves in a very sore plight, I was treated by doctors galore, and consulted one of the greatest nerve specialists in England, but nothing seemed to do me much good. Hypophosphites and, in fact, all and every kind of nerve mixture in almost every form was used, but never with more than temporary benefit."

"But Dr. Chase's Nerve Food has acted very differently, for it has built up my nervous system until I feel like my old self again. If this medicine will do for others what it has done for me I shall not regret having written this letter. I have recommended the Nerve Food personally to many, and shall always esteem its great restorative value."

50 cents a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto. Do not be talked into accepting a substitute. Imitations disappoint.
