ELECTORAL PURITY.

The discussion on the subject at the an enquiry into the prevalence of political corruption in the province in the past, and of an attempt to estimate the percentage of purchasable votes in the electorate. help us to settle what we are going to do about it.

creasing ratio, the real problem for the visitation of God," and for this purpose a while a friendly man would give her a way to the hospital. people of New Brunswick, is, how best to a jury of twelve men are sworn. Ac- lift, and several times train hands perprevent the spread of the evil by general cording to the practice it is sufficient to mitted her to ride on freight trains. and moral measures, and how to punish show that the prisoner had been deaf and Some trinkets she had were sold to buy that legislating against bribery and corruption of electors, has, so far, been a comparative failure.

So long as there are in the electorate the indictment. In the English case recitizens who have votes to sell, there will ferred to, it was proved that the prisoner continue to be a field for the professional vote-buyer. The fault is, primarily in the been taught in the deaf and dum asylum sider the best means of providing for a low standard of political morality which in London. The indictment was given to water service: sanctions the giving and taking of money him, which he read, and he made a sign for votes. How far this has been abetted that he was not guilty. The jury then the object of the meeting was for the disby the willingness of candidates and their found that he was able to plead. The cussion of plans for fire protection. friends to purchase votes is open to third jury were sworn to determine would find their occupation gone. The view of showing that on the examination giving items to that amount. Pumping fed on, and its presence to any consider-able degree in the electorate is a great was however, sworn by several witnesses able degree in the electorate is a great was, however, sworn by several witnesses danger to the national life.

The remedy would seem to be, in the that though he might be able to be made choice. With respect to police he said that first place, in the education of the people, to comprehend some matters yet he could something should be done in that respect to especially of the future voters, to regard not understand the proceedings or the also the selling of a vote as the betraval of a trial.

Thanking God that She May Die Among

The Wheary examination drags itself along, and bids fair to stretch itself into the winter months. Wheary was brought up to the court again on Friday. real, Mme.
