The Times also adds that-"against Mr. Blair's professional career, little can be said and his appointment would be viewed with pretty general favor by the bar of the province.'

This is a pretty good certificate from so staunch a Tory organ as the Times, and has almost sent some of our good Tory ination in that county. He has been friends in these parts into conniption fits. The Times' testimonial, however, would probably be better appreciated by the Attorney General and his friends, if they did not feel that behind Mr. Powell's graceful nation in Westmorland, and Mr. Powell on the promise of a senatorship or judgestroke of policy to remove from the politi- the redoubtable Domville. Some day, however, when he comes into this office, as he does about once in every fifteen years, to inspire an editorial, or possibly to dictate one, we shall put the question straight to him, and let our Tory friends know his answer. The St. Andrews Beacon says that the friends of Mrs. N. T. Greathead, of Oakland, Cal., were painfully surprised on Monday to receive the news of her death. She had been in poor health for some time, but her death had not been looked for. The deceased was the youngest daughter of the late D. W. De Rothschild's banking house in Paris was the scene Thursday of another anarchistic attempt. At 4.20 o'clock a detective, who was on guard in the vestibule saw a stranger trying to light the fuse of a bomb with a cigarette. The man seeing he was observed threw the bomb upon the carpeted floor. It did not explode and the man was arrested. At the police station he boldly avowed himself an anarchist. He made a desperate

attempt to use a razor before he was overpowered by the detective and a policeman who had come to his assistance.
