NEW ACT TO GOVERN

Synopsis of the New Bill Introduced in the Legislature which Will Come Up for Consideration This Week.

Attorney General Mitchell has introduced in the Legislative Assembly a new Automobile Act which is designed to regulate the speed and operation of motor vehicles on all highways in the province, whether within or outside of any city, town or village and to come into force January 31st, 1912. The act is presented as a govinto law will stringently regulate the speed and operation of automobiles. Every automobile owner, chauffeur and citizen of the province should recome familiar with the provisions of the act as the rights of all who use the public highways are affected. While the specific regulations, rates of speed and penalties for infraction of the law as set out in the bill may be changed to some extent by the legislature, the bill as drafted by the attorney general embodies the most approved legislation of the day respecting the speed and operation of

notor vehicles on public highways. perly designated, applies to automolocomobiles, and all other vehicles propelled by any power other than muscular power, excepting trac-

as run only upon rails or tracks. The regulations respecting speed perate a motor vehicle upon a pub-

> Seriousness of the Disease. "The seriousness of the disease is have occurred during the month. The special effort. presence for an equal number of smallpox cases in our city would cause to hear of a death from smallpox. fore, to the presence of typhoid fever, which kills at least one in ten, is lamentable, and to this indifference preventable disease, and the indifferent support the health department gets even from intelligent people, in endeavoring to improve the sanitary conditions of our city, by insisting on

a rigid enforcement of the water and sewer installation. A large percentage of the city cases the last month have been from the Fraser and Ross Flats, where it is evident the householders who have no water installation cannot secure a proper service from the water wagons. As a consequence, many of them derive their drinking water from wells and springs, all of which are doubtful and liable to be contaminated.

"It seems useless to issue warnings from the department, which in many a corner of an intersecting street, and penalties enure to the benefit of cases are disregarded. Some measures must be taken to see that facilities are provided so that the city stalled on these flats, so that the water men could fill their tanks withbe secured for all.

> Many Pupils Vaccinated. "Thirty-four pupils of the schools have been vaccinated during the month, besides a number of persons exposed to smallpox, none of whom contracted the disease. Of this disease, six cases occurred, only one of which had ever undergone vaccina

This party had been vaccinat ed in infancy, and as a result had the disease in so mild a degree that he only required detention a few days. Eighty-Eight Britishers Leave on G.T.P. Excursion—Mostly Young People Who Have Spent Only Shor

At 9.30 vesterday amid the cheer of several hundreds of their friends to give them a hearty send-off a party of eighty-eight Britishers left by the G.T.P. special through excursion train to spend the Christmas holidays with their friends and relatives in the old land. The excursion was arranged by the G.T.P. and will be the first special through train to be run over this company's line from Edmonton to the coast. No pains have been spared by the company to provide for the com fort of the passengers, no change o cars will be made and all unnecessar stops will be avoided. The through trip to Portland, Maine, will be com pleted at 7 a.m. on Wednesday, Dec. 13th, when the party will embark on the White Star steamer "Teutonic arriving in Liverpool on Dec. 21st. Before the party reaches the coast, however, its numbers will be augmented by additions that will be made en route. At Saskatoon no less than thirty will join the train, and a special tourist car will be taken on their accommodation. Smaller parties will join the train at other points.

Mostly Young People The greater number of the members of the party are young people, many of whom have been in Canada

for a few years only, but all of whom have succeeded under the new conditions and without losing their attachnent for the land of their birth, have learned to regard Western Canada as their permanent home. "I am looking forward with pleas

ure, of course, to seeing the old familiar friends and places," said one sturdy young Britisher to the Bulletin representative who is travelling with the party to Winnipeg.
