HENRY BLAIR'S

Fire Ends in Tragedy.

RONALD JOSEPH WICKHAM, AGED 10 MONTHS, DEAD—OTHER CHILDREN HAVE NARROW ESCAPE.

At 4.45 p.m. yesterday, an alarm of fire was turned in from box 3 which was quickly responded to by the firemen of the Central. The fire was in the double tenement house at the corner of Buchanan and George Sts., the upper part of which was occupied by the family of Mr. John Kearney while the lower apartment was tenanted by Mr. Frank Wickham. The whole structure was enveloped with flames. Soon it was known that an infant was inside the Wickham household but it was death to enter the abode the interior of which resembled an inferno. A length of hose was attached to a hydrant on George Street but there was some delay in an adequate force of water coming through the nozzle and the meantime the chemical was played on the building. When a good stream of water was had the fire was under control in about twenty minutes but not before the houses were gutted out and all the bedding, furniture, etc., in the Wickham household destroyed and the bedding and furniture of the Kearney family charred and saturated so that both families had to take refuge with friends last night. Before the flames had destroyed much and despite the fact that it was next to impossible to breathe. Supt. Dunn, Capt. Kean, firemen Benson, Kavanagh and Reardon were in the Wickham house searching for the infant known to be left there. The men could hear each other speak but could not see each other in the blinding smoke which filled the little kitchen. After groping about the floor a while, Kavanagh found the body of the infant on the floor. It had fallen from its little cot which had been quickly burned and the body was lifeless when Kavanagh handed it to Capt. Kean, who brought it through the window and placed it in the residence of Mrs. Wickham's next door. The face of the child, the torso, head and arms were badly burned but the lower part of the body remained unscathed and it was a pathetic sight to see it and hear the piteous cries of its distracted mother.

MRS. KEARNEY'S STORY.
Mrs. Kearney, who lives over the Wickham family, told the Telegram that she was sitting in the kitchen with her two little boys, when suddenly the place began to fill with smoke and instantly flames shot up by the windows. She had not heard a cry from the children, three of whom including the infant, she knew to be in the house. Taking her children with her and putting her hands over their mouths to keep them from suffocation, she rushed to the street calling "fire," and was glad to see the two boys Wickham's Frank and Jack outside the door the other and older brother Thomas, having been out all the afternoon. Mrs. Wickham leaving the three children in the kitchen went to Prince's Street for a pile of wood from the mountain and while absent it is thought the children either had access to kerosene or matches and fired the house. The Wickhams and Kearneys are poor people and their little household effects, beds, bedding, etc., are either burnt or saturated with water, and they of course had no insurance and to help them would be a great act of charity.

Solway for Sydney.

The s.s. Solway leaves for Sydney to-day, with passengers and mails. The ship will be sent owing to the delay caused by trains by the breaking of Leach's Brook. She will take a the mails which have accumulated here and if good weather prevails by the time she returns, after calling at Port aux Basques, on her way home it is hoped to have the temporary trestle at Leach's Brook complete, and the direct cross-country service resumed.

Movements of 'Ventures.

The s.s. Adventure, Capt. Couch, which was at Sydney loading coal, leaves to-day for Harbor Grace, to discharge her cargo there.

The s.s. Bellaventure, Capt. Cross, is due on Friday from Sydney, with a cargo of coal to supply Bowring's, wooden sailing ships. After unloading she will make two more trips to Sydney before laying up to be provisioned for the icefields.

The s.s. Bonaventure, Capt. Randall, which brought a cargo of codfish from South American ports, is due back next week.

One Dose Relieves a Cold--No Quinine

Pape's Cold Compound cures colds and grippe in a few hours.

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply--accept no substitute--contains no quinine--belongs in every home. Tastes nice.

Missing Man Found.

Body of John W. Green, Missing Since September, Found off Blackmarsh Road.

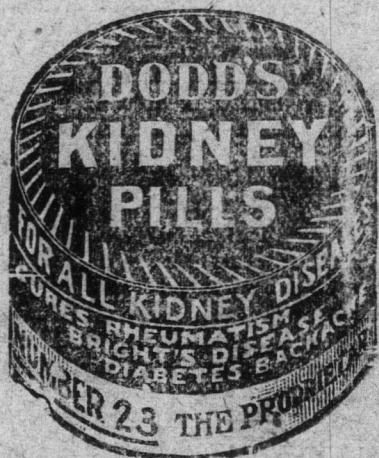

Shortly before 2 p.m. yesterday Mr. Mark Whiteway, of 89 Bond Street, came to the Western Fire Station and reported having found the body of a man in the woods off the Blackmarsh Road about 60 yards from the old railway track. A hat, which he had picked up near the body, he had with him. The body lay with the face turned earthwards with the hands behind the back in a stooping or crouching position, with the right hand doubled up near the right foot and the left hand under the breast. Head Feet with Consta. T. Stamp and P. Whalen taking axes and picks and with Mr. J. T. Martin's express left for the scene. Mr. Martin also going and Mr. Whiteway, while Const. Stamp's father who lives near Mundy's Pond went with the men as a guide.

They found the body easily, cut it from the ice in which it was embedded and brought it to the morgue. Near the body was found a revolver within reach of the hand and this was taken by Head Peet and deposited at the station with some papers found near the body. At the morgue relatives and friends of the deceased visited the remains for identification. A brother-in-law, Mr. E. J. Horwood, identified the decomposed corpse. He examined the hat on which he found the shop mark of the Royal Stores and the initials "J. W. G." This Mr. Horwood said answered to the description of John Green who was last identified by the light green mackintosh he wore. The revolver was found lying in the ice near his right hand and contained 4 empty chambers. A gold watch, a purse containing \$15.00 and an accident insurance policy was found in the clothes. This removed all doubt as to the remains.

It will be remembered John W. Green left his home at 6 o'clock on Monday morning, Sept. 2nd, last. He was last seen by a man who was going to work at Bennett's Brewery.

The funeral of the deceased will take place Friday afternoon, at 2.30 and the S. B. of which deceased was a member, will attend.

Shortly after Mr. Green disappeared Mr. and Mrs. Lidstone, of Cabot Street, while driving in the road were accosted by a man who seemed to be demented and who after they had turned their carriage ran into the woods. From the description of the man given by them and published in the Telegram at the time it seems to be likely that this was Mr. Green.

Serious Fire At Renew's.

Last night a Southern Shore man furnished us with some particulars of the fire which occurred at Renew's the previous night and which razed to the ground the house and its contents of Mr. Thomas McCarthy, Customs Officer at that place. The house was unoccupied at the time and was being re-modelled, and it was during the Christmas season that the owner vacated it and went to live in another house a short distance away. Unfortunately McCarthy did not remove any of his furniture or other belongings including his winter's provisions—all of which went up in smoke—as he intended to re-occupy the "old homestead" as soon as the carpenters had it finished. There was no insurance carried on the property destroyed and the loss, which amounts to over \$1,000, is a heavy one to the owner. The origin of the fire is unknown, though, it is thought, that the workmen left fire in the stove which they had used. During their absence a burning cinder fell out on the floor and a blaze followed. The fire was not discovered until late at night when it was well under way. If there had been a strong wind blowing to fan the flames other property may have been wiped out.

Allies' Threats.

Special Evening Telegram. LONDON, To-Day. The allies are calling another meeting of the council to announce the breaking off of the negotiations for peace. They will give 96 hours' grace for the consideration by Turkey of the note of the Powers. If this is declined, they will storm the Turkish lines and resume the bombardment of Adrianople. The Servians have 60,000 troops besieging Adrianople, on the West and North sides so close to the town that they are not discovered until late at night when it was well under way. If there had been a strong wind blowing to fan the flames other property may have been wiped out.

Abandon Food Taxation.

Special Evening Telegram. LONDON, To-Day. Bonar Law and Lord Lansdowne decided to-day to retain the membership of the Unionist Party in the Commons and Lords, respectively, and abandon the stand they have heretofore taken on the subject of food taxation in connection with the scheme of Imperial preference.
