**MARKET REPORTS**  
indicate that there is no sur-  
plus of Anthracite Coal in  
the U.S. The shortage caused  
by the strike of Anthracite  
Miners last year has not been  
made up, and American  
hard coal will, in all probability,  
be hard to get and high  
priced. Coke is an excellent  
substitute for hard coal, and  
we have on hand a stock of  
same that will soon be dis-  
posed of, because a shortage  
of hard coal invariably  
creates an increased de-  
mand for our product.  
We advise our customers  
to book their requirements  
as soon as possible.
