BECHER remarks that you often see a man with a little white head, having a vigorous countenance to drive his body and brain, accomplish more than the big-headed man who makes a small quantity of blood, and that poor man, to enable mind and body to endure protracted mental and physical exertion, there must be perfect action and assimilation of food, and the formation of pure blood to vitalize the organs and tissues. Dr. Wheeler's Compound Elixir of Phosphates and Calcium perfects nutrition, and furnishes matter for bone, muscle and nerve, to supply the waste of vital force going on from work, dissipation, bad habits, and all prostrating diseases. fm
