A happy event occurred this morning, the cocasion being the marriage of two of London's popular young people, namely, Mr. Fred J. Darch and Miss Mamie V. Pitt. The wedding, which took place at the residence of the bride's parents on King was the officiating clergyman. The bride was handsomely attired in a gray traveling gown. Conspicuous among the wedding gifts was that of the groom to the bride, being a very fandsome brooch of diamonds. After the wedding breakfast had been served the young couple took the express to Toronto, from whence they will visit Rochester and other points cast. After Sept. I, Mr. and Mrs. Darch will be at home to their friends at 571 Dundas street. Their many friends will wish them a long nd happy life.

Help for St. Johns Methedist College.

At the regular monthly meeting of the Methodist Ministers' Association of this city, which was held in Wesley Hall on Aug. I, Rev. G. P. Storey, of Newfoundiand, addressed the meeting at some length, representing the severe loss which Newfoundland Methodism had met with in the extinction of their college buildings by fire, and soliciting such aid toward the re-erection of their building as London Methodism might be disposed togive. Mr. Storey said: "Our college was the center of Methodist education in the colony and had been erected by supreme effort. Connected with it were the training school for our pupil-teachers and the boarding home, where, besides the general boarders, ministers' children received board at reduced rate while attending the school. Our position is briefly this: The buildings were worth \$50,000; they were insured for \$36,000, but had a debt upon them of \$20,000. After paying off this, as you will see, we will have but \$16,000 more. Our condition would not be so bad were it not that our principal supporters and givers are themselves burned out and heavy losers by the fire. Thus sadly cippled, we appeal to you for help." In response to his appeal the following resolution was unanimously carried: "That having heard from Rev. G. P. Storey, who is representing the interests of Newfoundland College in their unfortunate disaster in the destruction of their college buildings, we heartily sympathize with the Methodist people of Newfoundland in their great loss, and pledge ourselves to do all in our power to assist them by collections or otherwise as may be arranged"

The monotony of the railroad journey will be pleasantly broken, as the excursionists will be conveyed from Hamilton to the Queen City by the megnificent Clyde-built steamers the Macassa and Modjeska.
