### LIVE STOCK MARKET. TORONTO JUNCTION.

Toronto Junction, Feb. 20.—It was a dull day in the Union stock yards this morning, business being almost at a standstill. The prices were the lowest they have been for some time, ranging between \$4.85 and \$2. The buyers blame the old country

market for this state of affairs, and prices were consequently low. The quality of the animals was about the same, neither exceptionally good nor exceptionally poor. The run this morning was 24 cars, consisting of 413 cattle, 24 sheep, 218 hogs and Among the cattle sold were: W. Levack 90 mixed cattle; Hunnisett, 39 mixed cattle; Dean, 58 exporters; A. Levack. 10 mixed cattle.

LIVE HOGS. Prices for live hogs for Thursday morning next, delivered at the factory in Pottersburg: 160 to 200 lbs, \$5 10; lighter

# **EXHAUSTION**

Today She Is Buoyant With Health and Vital Energy Given by a Medicine Suited to the Female Sex.

There is no medicine for health and strength that accomplishes so much as Dr. Hamilton's Pills. For womanly troubles they have no equal. Miss Katie E Emerson, one Brockton's popular young ladies, in the following letter voices the conviction of hosts of her friends:

"Two months ago I was completely used up. I was weak and miserable. My strength was gone, and I had no appetite or energy left. What I needed was a blood purifier and systematic tonic which I found in Dr. Hamilton's Pills, Today I am brimming over with spirits and virile good health that came from using Dr.

Hamilton's Pills." No one can overestimate the true worth of Dr. Hamilton's Pills. Their enormous curative power makes one marvel. You soon have richer blood. better appetite, clearer complexion, freedom from weakness and ill-health.

The following petitions re local imple, pleasant and absolutely safe. In provements were received: From Mr. Pinch, et al. for a cement walk, West for \$1. By mail from N. C. Polson & Marmora street, Hamilton road to Nel-Kingston, Ont.

For Local Improvements.

# To Cut Ice In the North Branch for All Purposes

The Council Recommends Health from Layard to Nelson; Estella K. Housen, for a cement walk, on north Board to Grant Privilege.

Also Wants to Hasten Interswitching Agreement.

Members of the Local Fire Department Ask for Increase in Salary Local Improvements.

The city council held a regular meeting last night, and waded through a veritable sea of business. Besides the repairs to the market house, which engendered a somewhat lively and pointed discussion, and the matter of a grant to the Old Boys' Association, the council was compelled to wrestle with ington to Waterloo streets; Thomas council was compelled to wrestle with the ice question, the interswitching in London, and numerous other matters of importance, but the city fathers conducted themselves for the most part in a very businesslike manner, and despite the large amount of business considered, an adjournment was reached before 11 o'clock. Mayor Camppell, all the aldermen, and City Clerk Baker were present.

are unchanged; the market has a firm tone. We quote: Granulated, \$5.75; domestic do, \$5.85; yellow, \$5.18; bags are quoted 5c less. Raw sugars are firm and higher; sales were made to Canada of Trinidad sugar at the equivalent of 5½c duty paid New York for centrifugal, 96° test and Changar for second half A deputation of icemen again waited board of health has not as yet giver the dealers authority to cut ice for domestic use on the north branch. "They say they will wink the other eye," said Mr. Cushing, "but we wish to take no chances. We want to know what we are doing. The least the board of health can do is to allow us to cut ice on the north branch for domestic ises. Dr. English says the Pond Mills ice can be purified, but this means waiting till next winter. What we want is ice now.

cemen any. Mr. Cushing said he thought not. selling ice, including the delivery, large domestic consumers, at \$2 a ton for ice the price would be vastly increased by the time it reached the con-

Ald. Stevely, as convener of the special committee appointed by the Becher street, from Horn street, to a city council to act with the board of point 198 feet westerly. Referred to difficulty, moved that the board grant the icemen the privilege of cutting ice for all purposes on the north brance. As far as financial assistance for the icemen is concerned, the city has no power in the matter. Ald. Forristal

At the suggestion of Ald. Saunders it was decided to make the motion read to ask the board of health to allow the years. The motion, thus amended, carried unanimously.

## To Secure Interswitching.

Mayor Campbell brought up the matter of interswitching in London between the G. T. R. and the C. P. R. Under existing conditions the G. T. R. has two years in which to come to terms with the C. P. R. as to intercouncil authorize the city solicitor to take such steps as he deems necessary to secure an amended order from the railway commission for the purpose of having the railways come to an interswitching agreement without de-

Ald. Stevely thereupon presented a motion along these lines, naming the mayor and the solicitor to deal with the matter, and it carried unanimously. Messrs. Meredith, Judd & Meredith, solicitors, wrote the council that the Shedden Forwarding Company, the Dominion Transport Company, H. L. O'Dell & Sons (M. C. R. cartage agents) and W. H. Pim (of the L. E. & D. R. R.) have consulted them in reference the alleged dangerous condition of the streets in the city, and as to the alleged liability of damage to goods which are being carted by them to the different freight houses, as well as to the damage which may be done to their

chicles. The letter concluded: "They have asked us to notify you that they will hold the corporation of the city of London responsible for any damages which may be sustained by them, either to the vehicles in which the goods are being carted, or to the goods. You will please bring this matter before the proper authorities at once, and let us have a reply as to whether or not the streets will be placed in a proper condition." The communication was referred to

### the board of works. Firemen Want Increase.

A petition was received from the local firemen praying for an increase salary. The communication read as follows:

'We, the undersigned members of the fire department, respectfully ask for an increase in salary. We are of the opinion that if you take into consideration the number of hours we are ous nature of our work, also the increased cost of living, you will grant us this request. We therefore ask you to give the above your earnest consideration and ask you to act as, in your opinion justice requires." The petition was signed by J. H. Case, George Gray, Daniel McDonald, Alix Borland, R. A. Haylock, W. C. Allan, R. E. Matthews, J. Mitchell,

# OLD BOYS ASKED FOR \$5,000; COUNCIL THOUGHT \$500 ENOUGH

August Discussed-Action le Deferred.

One of the problems with which the city council had to deal at its regular meeting last night was the making of a grant to the Old Boys' Association. After the matter had been discussed at length, it was decided to defer action until the next meeting.

B. C. McCann, secretary of the Old Boys' Association, asked for a liberal grant towards the coming reunion. He stated in his letter: "While we duly appreciate the good work the semicentennial committee is doing, and will continue to do, we cannot but feel that at least 75 per cent of the expected vistors will come at the invitation of the Old Boys' Association and will be our May we hope that the grant will be liberal and quite in keeping with what promises to be one of the greatest events in the history of the

ity?" Sir John Carling, Mr. McCann, President R. A. Carrothers and others, of the Old Boys, were present, and addressed the committee in support of

the request. Sir John suggested that the city grant the Old Boys \$5,000, as Hamilton had done when its Old Boys' celebration was held. Five thousand dollars would mean but a quarter of a mill on the assessment, and he felt assured that no citizen of London would begrudge this amount to the good work of helping along the celebration.

Ald. Greenlees moved that the request of the Old Boys be referred to No. 1 committee, but the mayor sugrested that it re referred instead to what is wanted. Ald. Cooper said there was no cause for the use of the secretary.

for delay. The council should deal

Grant for the Celebration in however, that, as suggested by Sir John Carling, \$5,000 was an excessive amount. The council, however, should certainly make a grant, and it should be made to the Old Boys, not to the semi-centennial committee. Ald. Cooper then moved that the council grant the Old Boys the sum of \$500 He would also have the council take over the care of the bands. He named as a committee to take charge of the bands, Ald, Gillean, Saunders, Abram. Carson, Greenlees and the mover. Ald. Saunders seconded Ald. Coo

per's motion. He thought the proposal a fair one. Ald. Matthews declared that while he considered the \$500 grant a fair one, the council could not accept Ald. Cooper's suggestion to hand over the care of the bands to a new committee, as the council has already appointed a emi-centennial committee.

the \$500 grant, but he was opposed to taking the matter out of the hands of he semi-centennial committee. President Carrothers explained that no salaries would have to be paid to the bands. All the city will have to do is to take care of the bandsmen.

Ald. Stevely was also in favor of

When the motion was being put, Ald. Matthews asked what the city was proposing to allow the special committee to spend on the bands. President Carrothers, when asked for an estimate of the cost of caring for the bands, said it would be somewhere in the neighborhood of \$300 or \$400. Many bands are expected, including the famous Pullman Band, from Pull-

man, Ill. Ald. Forristal said he would rather name a definite sum now than to do business in this manner. The council did not appear to know what it was doing. He moved, seconded by Ald. Wyatt, that the Old Boys' request be referred to the semi-centennial committee.

motion carried by a vote of 7 The the semi-centennial committee of the council, to confer with the Old Boys and come to an understanding as to asked, too, for an office in the city hall The request was referred to the

# with the request at once. He thought. board of works with power. SEEN AT LONDON U. S. Millers Think It Should Be ON STREET CARS

Important Suggestion to the City Council.

In a communiction to the city councii last evening, City Engineer Graydon made a most important recommendation regarding the overcrowding of street cars in London. The recommendation was as follows:

"I would suggest that the city solicitor be instructed to make applisession with a view to have the municipal act amended or such other manner or precedure as is requisite, so as to give cities the right to pass a bylaw limiting the number of passengers as well, and that every car have placed on the outside of it in conspicuous figures the number of passengers it is entitled to carry, and that the conductors, superintendents and managers of all such electric or steam railways be liable for any infraction of

"It is just possible that much opposition will be met with in obtaining this legislation, and therefore, I would suggest that the Union of Canadian Municipalities be asked to join with the city of London in seeking the legislation suggested.

"I need not point out to you how the street cars in this and every city are overcrowded, and how the passengers going to Port Stanley is the coaches, owing to there being insufficient ancommodation. The communication was referred to No. 2 committee.

# REASON Nº 21.

# Red Rose Tea

Because it is perfectly clean.

Wouldn't you like to know that the tea you drink has not been touched by human hand since it was plucked

on the plantation? This is what you get in Red Rose Tea. The old method of rolling and packing tea by hand has been entirely done away with on the tea estates where Red Rose Tea is produced. There, as well as in the blending and packing rooms, machinery - scrupulously clean

machinery—is used exclusively. Red Rose Tea is never touched by hand after being This fact alone will help you enjoy drinking it.

The Blue Label is recommended.
