Marcel Moreau of San Francisco Makes Announcement to Science.

BY USE OF MIRRORS

Associated Press Despatch. San Francisco, April 22.-Marcel harnessing the sun's heat. He derors set in a bowl about four feet in diameter, which, when focused regulate the heat produced to the exact degree desired. Moreau claims to have produced

STREET RAILWAY IS GIVEN SURVEY

Mayor States Men Assisting Him in Work Are Two Lon-

if "Mayor Wenige had en raged Cleveland experts to value the London Street Railway holdings."
Mayor Wenige stated today that
when he does "everyone will know
about it, and that Philip Pocock will be one of the first to know, although cept as a private citizen.

But the mayor does not deny that he has been "looking the road over" with a view toward possible purchase negotiations with the street railway company, as recommended by the members of the finance committee. And he reiterates his information that "a couple of competent persons are helping him out." These are local gentlemen, he explains, who presumably are surveying the street railway

"And I claim that I have a right to look the street railway property over," the mayor submitted, "not only as a ratepayer interested in a pos sible purchase, but as the mayor of council to open negotiations with the ompany for a purchase price

ALEXANDRA SCHOOL

a Splendid Example of School Spirit.

The Easter number of a new pub lication in the educational world nade its appearance today in the very businesslike number of "The Buzz" a weekly paper made up by the pupils of Alexandra School, and a most interesting affair of fifteen pages. In the pages affair of fifteen pages. In the pag There is a brief history of the school from the early days when it was the old Colborne street school, under the guidance of J. B. Boyle, Rev. B. Bayly and Nicholas Wilson,

down to its present form and home. There are a number of delicate shafts of wit that are plain and intelligible only to those initiated in the ways of the school, but which are doubtess of great interest to the pupil There are also a few very well-written short stories by the pupils, and in one way and another the little volume is just as interesting for grownups and men and women who have long since left school to read as it is creditable to the editors, G. Funnell, E. Gordon, M. Vincent, H. McDonald, C. Taylor, M. Bissett, J. Osborne and H. Burton.

CHILDREN'S AID SOCIETIES GREATLY INCREASING SCOPE

Many Unmarried Fathers Being Forced to Support Their Children.

INTERESTING REPORT

Adoptions in Province More Numerous Than in Previous Years.

Activity of children's aid societies of Ontario in seeking money from unmarried fathers for the support of their children proved more effective last year than any preceding one. A report from headquarters of the Children's Aid shows that \$67,922.56 was collected in 1923 under the unmarried parents' act. This is almost double the total collected in 1922.

The report gives interesting in-formation regarding the activities of the societies. The number of chilwould produce tramendous heat from dren cared for was 23,998 and of this the sun's light. He said he could 1,936 were the children of unmarried parents. In many instances it was found impossible to secure contribu-tions from the parents for their chil-Moreau claims to have produced with his machine heat sufficient to melt a diamond and cause it to disample a space as gas.

dren's support, but in others substantial sums were collected.

Adoptions are more numerous than

they have been in the past. There were 1,581 adoptions in two years. Charges on public and private insti-tutions numbered 2,960 while the number of children in orphanages

ciety follow: Number of children's cieties, 62; children cared for, committed as wards, 786; umber under supervision, 8,809; reeased from supervision, 1,081; chil-ren in orphanages, 2,250; children's shelters, 39; number of children in shelters, 486; dependent infants in homes, 225; legal adoptions, 1,581; number adopted in past year, 975; dopted children born out of wedlock, 201; unmarried parents' cases, 1,162; children in industrial schools, 462; cost of maintaining industrial schools, \$170,864.17.

There are four industrial schools in the province amintaining 462 children. The cost distributed among these is: Victoria, \$76.181; Alexan dra, \$43,803; St. John's, \$37,878; St. Mary's, \$13,000.

SMITH DEFENDS

Former Chairman Points Out He Always Opposed Unit System.

HAS CERTAIN RIGHTS

Ald. Edwin Smith, chairman of the poard of education in 1922, relates that he would have been elected to the latter post the year before had it not been for his stand against the unit system of high schools.

With six 'years' stewardship as a member of the school board, Ald. Smith is inclined to believe, he stated today, that Ald. Leonard Douglass, chairman of the finance committee. right in his interpretation of the high school act that the city council njoys certain rights in relation to the location of new scho

Trustees Deadlocked.

Ald. Smith recalls, as a matter o fact, that two years ago the board of education requested the city council to designate two high sch tricts. At that time the school trus-tees were deadlocked, 6-6, in the fight to decide whether there should be one central collegiate institue or a series of branch high schools. Ald. Smith cannot recall definitely whether the city council designated the districts as requested, pointing out that, in any event, their ruling would likely content towards the universal use of red woolen ear-muffs?"

Gracie Mills, hotel clerk.—"Now It is his further contention, and the claims that the contention in any event, their ruling would likely hold good for one year only.

It is his further contention, and the claims that the contention is not content to the claims that the content to the claims that the claims that the claims that the content to the claims that the claims that the claims that the content to the claims that the claims he claims that the city hall records will substantiate his claim, that the board of education never approved of the unit system of schools.

> that the unit system was adopted o Scores Criticism.

approved.

minutes will show that authority wa

given for the construction of a 16-

room central collegiate institute, but there is nothing to show, he submits

The former chairman of the board of education flays those who criticise members of the city council and who brand them as being inconsistent.

"Any person who has given the educational question any consistent consideration will know that my stand today is identical with my stand as a member of the school board," he challenged. "I opposed the unit system when I had a very small following on the board, Udy and
