A Natural Gas Expert makes a Discovery in Canada.

Natural gas has become so important a factor that many have turned from other vocations in life to study and perfect the modes of transmitting it to our larger cities, but out of the many, very few become experts, and only those of peculiar adaptabilities can hope for success.

Mr. T. J. Driscoll, of Pittaburgh, Pa., is one of peculiar adaptabilities can hope for success.

Mr. T. J. Driscoll, of Pittsburgh, Pa., is one of these favored few. In the Pennsylvania oil regions he is well known, and the fame of his ability at piping natural gas spread to Canada. He was engaged by the Ontario Gas Co., working at the city of Windsor, Ontario, to pipe gas for that place and Walkerville, and while performing this operation, he made the discovery of a remedy which he states made him feel like a new man with an ambition in life. During an engagement with the Ontario Natural Gas Co., while piping the city of Windsor for natural gas, I had the good fortune to hear of Doan's Kidney Pills.
