**J. WILCOCKS, Local Manager,
ARKONA, ONT.**

ARKONA

Mrs. Reid, of London, is visiting her aunt, Mrs. Riggs, in town this week.

Miss Josephine Gamble, of Chicago, spent a few days visiting at Thos. Pressey's.

Mrs. A. A. Towns returned this week from a two weeks trip to Winnipeg.

Howard and Mrs. John McKay visited friends in London this week.

Mr. and Mrs. Everett, Watford, called on Arkona friends on Saturday last.

Mr. and Mrs. T. W. Mitchell took in the excursion to the Falls Wednesday.

Mrs. Josiah Meadows is lying dangerously ill having had a stroke on Tuesday last.

The strawberry harvest is in full blast this week. The crop is a good one, and the crop excellent.

Rev. Birrell, of Forest, will preach in the Baptist Church on Sunday next, both morning and evening.

Mrs. Jas. Broughton and family of Forest are spending a few days visiting relatives in the village.

Mrs. Dr. L. H. Huffman who has been spending a few days visiting her parents at Aylmer returned home on Saturday last.

Strawberry picking is now the order of the day. On Friday last Mrs. John Dunlop picked 123 quarts in less than 5 hours. Who can beat this record?

Many old friends in Arkona will regret to learn that Mr. Frank Hillis, who was taken to the London Asylum some time ago for treatment, is not making any progress towards improvement, and prospects of recovery are not encouraging.

The brewery wagon has to run the gauntlet when it passes through Arkona, and the thirsty quench their thirst in the shade of an alley or back stables. Some of our younger boys are getting the habit, and parents would do well to keep a watchful eye on their movements.

Lawrence Wilson, of Keyser, who has been working in the drug store with Mr. Reedy has severed his connection with that firm and has accepted a similar position in a London drug store. Lawrence will be greatly missed as he was a general favorite with all that knew him.

Singular Affair.

A rather singular occurrence happened in this village the other day when Norman McLeod divided his earthly possessions with his wife and they agreed to live separate. This couple are both past 70 years of age and have no family. Also during the terms of the agreement he gave his wife \$585 and twice this represents about what they both made in 30 years' struggle in America. They have both worked all their lives to have a small farm, and shortly after the last payment was made they both mutually agreed to separate and go wherever they may. It is said that Mr. McLeod will take his little accumulation and return to Scotland while she will go and spend her remaining years with her sister in Sylvan Ont.—Pech, Mich. Times.

Arch. Nesbitt, 4th line, of Moore, died on Friday after a brief illness.

The Commercial Hotel at Mt. Brydges will change hands July 1st, when Jas. Neville will take charge.

The Petrolia fair will extend over three days this year. Extensive improvements will be made to the grounds, including the erection of new main building.

Class II, Sr.—Russel Duncan 442, Lizzie Kerr 377, Pearl Williamson 376, Russel Harrower 166, Jr.—Walter Duncan 305, Cecil McNaughton 236. Pt. II, Sr.—Bert Saunders 255, Jr.—Clifford Kadey 269, Alena Morris 233. Pt. I, Sr.—Rhea McNaughton, Herman McNaughton, Viola McNaughton, Orville Saunders, Jr.—Willie Kerr, Maggie Chambers, Clare Manders, Mary Kerr, Roger Miller, Gordon Bryce.—J. R. TAYLOR, Teacher.

KEEP CHILDREN WELL.

In thousands of homes throughout Canada there are bright, thriving children who have been made well and are kept well by the use of Baby's Own Tablets. In many homes parents say this medicine saved a precious little life. Dr. A. Daniels, L. D., Riviere du Loup, Que., says: "At the age of five months we thought our little girl was dying. Nothing we did for her helped her until we gave her Baby's Own Tablets, and only those who have seen her can realize what a change this medicine has wrought in our child. She is now about eighteen months old, eats well, sleeps well, and is a lively laughing child, and weighs 37 pounds. We always keep the Tablets in the house now for we know their great value." If mothers wish to feel absolutely safe they should keep a box of Baby's Own Tablets in the house always. They cure all the minor ailments of children and are absolutely safe. Sold by medicine dealers or sent by mail at 25 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

The Responsibility of Disease Laid to the House Fly.

The musca domestica or common house fly, says Mary Hinman Abel in her paper on "Flies and Food," is the Delinquent for July, is known to convey cholera in the East, and is under suspicion as to other diseases.

Its origin and habits are such as to put us on our guard. It lays its eggs in excrement, preferring horse manure, but it does not offer, readily eating any other. It feeds on the same and on the excrement of diseased throats and lungs, on refuse of all kinds, and it bears on its hairy feet and legs particles of these substances.

Unlike the mosquito, the house fly is not a biter—but it has its own way of carrying contagion. It deposits, wherever it goes, disease germs on its feet and legs, and its breeding and feeding places. On the joint of meat exposed for sale by the butcher, on the bread and sweetmeats of the confectioner's counter, on the edge of the milk pail, on the kitchen and dining-room tables, they have been found.

The epidemic of typhoid fever in Chicago in 1902 fixed guilt on the fly. It was especially severe in the nineteenth ward, which furnished one-seventh of the deaths, while containing but one-thirtieth of the city's population. This locality did not differ from the rest of the city in its water or its food supply, but it did differ in having more than fifty per cent. of its houses without sanitary plumbing, the water being insufficient. Flies caught in undrained closets, on the fences, and in the room of a patient were proved to carry the germ.

BROOKE.

Miss Chris McLean, Rokeby, was the guest of the Misses McIntyre last week.

Mr. Allan McLachlan, Sovereign Bank, Aylmer, spent last week with tenth line friends.

Mrs. D. P. McIntyre is spending a few days with her parents, Mr. and Mrs. W. S. Campbell, Alvinton.

Mr. Archie D. McIntyre, who had to resign his position as teller in the Molsons Bank, on account of ill health, was able on Monday last to resume his duties, being sent to Frankfort.

Are you coming to the grand moonlight social in connection with Chalmers' Presbyterian church, Brooke, which will (D. V.) be held on the church lawn, Navoo Road, Monday, July 2, 1906. An excellent and entertaining program has been prepared. Miss Gertrude Hart, one of the talented elocutionists of St. Thomas, has been engaged for the evening and will render some of her choice selections. Sales will be given by Miss Jessie Saunders, of Watford; Mrs. McGregor, of Brooke; Mr. G. Saunders, of London; Mr. Morrow, of Watford. The Watford male quartette, who need no introduction, will be present. Addresses by Rev. E. B. Home, Watford; S. W. Muxworthy, Watford; M. A. Mahaffy, Alvinton; T. B. Coupland, Brooke; and T. A. Bell, Pastor. The Strathroy Orchestra will appear for the first time in this vicinity and will furnish first class music. Refreshment booth on the ground where all the delicacies of the season can be obtained. Tea served from 6 to 8. If weather proves unfavorable refreshments and program will be given under cover. Mr. A. H. Sutherland, of Toronto, who always delights a crowd with his humorous stories, will occupy the chair. Don't miss this treat of the season. Admission 25c. and 15c. J. McGugan, Secretary, Peter McGregor, Chairman.
