## WORK PROPOSED BY MARITIME LIBRARY ASSOCIATION

The Editor,

Dear Sir: Certain people of the  
Maritime Provinces who are vitally  
interested in library organization and  
in the spread of book culture among  
our people have formed themselves  
into a body known as the Maritime  
Library Association. This was or-  
ganized in 1918, and at first consist-  
ed of professional librarians only.  
When it met in Wolfville on June  
13th of the present year several were  
present who are librarians only by  
virtue of their place in our social  
order as people who own and collect  
books, but who were attracted to our  
meeting by their interest in an ad-  
vance movement in education. Among  
these were Dr. A. H. McKay, Super-  
intendent of Education for Nova  
Scotia, President Cutten and Dr.  
Rhodeizer of Acadia University,  
Rev. J. H. MacDonald, D.D., the  
pastor of the Wolfville Baptist  
Church, and Mr. A. J. Crockett, Stip-  
endiary Magistrate of New Glasgow.  
Throughout the day's proceedings it  
was evident that a new life had come  
to the organization, and that its ac-  
tivities henceforth would have a  
broader, more intellectual scope. The  
election as President of Mr. W. C.  
Milner, Dominion Archivist for the  
Maritime Provinces, insured for the  
work of the Association a strong and  
well considered propaganda.

Now, the soul of a movement like  
this is publicity. For this reason we  
ask the co-operation of all the news-  
papers in the three Provinces. Our  
aim is to put libraries, carefully se-  
lected, well administered libraries, in  
every city, town and hamlet in Nova  
Scotia, New Brunswick and Prince  
Edward Island. To this end, it is  
necessary that the people's attention  
be called again and again to the ad-  
vantages that would accrue to them  
if they had continuous free access to  
the best books on every subject. In  
many communities the people are al-  
ready alive to this need. President  
Milner, having heard that travelling  
libraries were coming to Nova Scotia  
from McGill University, investigated  
the matter. He found that travelling  
libraries have been coming to Nova  
Scotia for many years and besides  
being sent to various clubs, an ar-  
rangement was made some time ago  
by the Department of Agriculture at  
Truro by which any of the Women's  
Institutes could obtain libraries from  
McGill. The fees being paid by the  
Department of Agriculture. I pre-  
sume the McGill travelling libraries  
are also being sent to New Brun-  
swick and Prince Edward Island. This  
is good, but the time is surely ripe  
for the Maritime Provinces to have  
libraries of their own. With the  
hearty co-operation of the people, the  
Maritime Library Association could  
soon accomplish this. A strong com-  
mittee is now working with Presi-  
dent Milner to investigate library  
conditions and prepare the way for  
a free and abundant circulation of  
books. This would mean the im-  
provement of existing libraries, the  
establishment of public libraries  
where at present there are none, and  
the multiplying of travelling libra-  
ries and mail libraries. I doubt not  
that very soon it would lead to the  
establishment of library schools.

Membership in the Maritime Li-  
brary Association is open to all upon  
the payment of a fee of one dollar.  
Send your application with the fee  
to the undersigned, and you will re-  
ceive a certificate of membership  
duly signed by the President and the  
Secretary-Treasurer. This will en-  
title you to receive free all literature  
published by the Association, and  
will give you the privilege of voting  
at the various meetings. Further, it  
will mean that your name will go  
on record as one committed to the  
work of removing from the people  
of the Maritime Provinces the stigma  
of being a people without libraries  
and without interest in establishing  
them.

MARY KINLEY INGRAHAM,  
Secy.-Treas. to the Maritime  
Library Association.  
Wolfville, N. S., June 30, 1922.

## GOOD TEETH

mean a well-nourished  
body and the bone-structure  
amply supplied with lime.

Scott's Emulsion  
nourishes the whole body.  
It contains elements  
that build strong  
bone-structure and  
healthy dentition.

Mr. Lewis Young who has been  
visiting his old home here, returned  
West Thursday via Boston en route  
to Calgary, Alberta, where he will  
enter the Dominion Lands office. Mrs.  
E. C. Young accompanied her son as  
far as Boston, where she will visit  
her children and friends for some  
time.

Thanking you for your space Mr.  
Editor.

Sincerely yours,  
A. W. L. SMITH,  
St. Clement's Rectory,  
Clementsport, N. S.  
July 5th, 1922.

## HER RECOVERY IS AMAZING TO MANY FRIENDS

Mrs. McArthur Tells How Tanlac  
Brought Complete Relief From  
Stomach Trouble That Was so  
Bad She Couldn't Walk up the  
Stairs—Gains Weight Too.

"My friends all express surprise  
over the fine change in my health, and  
I always tell them how Tanlac caus-  
ed my improvement," said Mrs. Ken-  
neth McArthur, 52 S. Bentinck St.,  
Sydney, N. S.

"I was dreadfully weak and run  
down for six years, suffering from a  
bad form of stomach trouble. No  
matter how careful I was of what I  
ate I had awful attacks of indiges-  
tion. I had trouble with my heart  
skipping and jumping, but I know  
now it was due to the condition of  
my stomach. I was nervous and mis-  
erable, getting little rest day or night,  
and so fagged out I couldn't climb  
the stairs."

"I began taking Tanlac just in time  
for I had almost lost hope. Now I  
am feeling like a different woman. I  
have a hearty appetite, eat anything,  
sleep restfully and have gained  
weight. I think Tanlac is truly won-  
derful."

Tanlac is sold by all good druggists.

## CORRESPONDENCE

The Editor of The MONITOR—

Dear Sir:—It seems that each  
year there is something to interfere  
with the tourist travel on our roads  
in this section, i.e., Digby and Annapolis  
Counties on the shores of our  
beautiful basin. It either seems to  
enter into the minds of the Highway  
Board to tear up the roads at this  
particular time or our bridges have  
to be repaired, thus holding up traffic  
or impeding it. One would not mind  
it things were done in a modern and  
courteous manner. At present we  
have an illustration at Victoria  
Bridge. Only last year at consider-  
able expense and annoyance to motor-  
ists this bridge was newly planked.  
Now the eastern end is being torn  
up and piles are being driven, an  
"improvement" pile driver which stands  
on the bridge, blocks traffic, and while  
blocked this is the method of pro-  
ceeding—on the main highway be-  
tween Halifax and Yarmouth, a  
hurdle is placed at the pulp mill with  
a red flag on it. Another at top of  
hill at fork of roads at western ap-  
proach to bridge. The motorist going  
west, passed at Deep Brook the road  
to take him to Bear River to cross  
the river there and thence to Digby  
on to Yarmouth, and does not know  
that he is to be held up at the bridge  
until he is two miles beyond the Deep  
Brook corner. Then he stops his car  
at the hurdle, walks down to the  
bridge, interviews the foreman who  
states plainly he is not interested  
in the convenience of the travelling  
public especially tourists and you  
wait while with peevish and levers  
the men twist around the pile driver,  
place planks at either end and upon  
it and you drive through it, and  
everything has to be re-arranged so  
as to continue work. Of all the an-  
tiquated methods, and inconsiderate  
treatment, and waste of money, this  
is a prize. Having stated this com-  
plaint, the natural question is what  
is the remedy. I humbly suggest:

1.—That those in authority realize  
they are stewards of the peoples  
money, and natural resources—and  
see to it they do not put the cart  
before the horse—not to put a new  
cover on a bridge that has rotten pil-  
ling beneath, and that they realize the  
tourist traffic is a valuable asset to  
the Province and during the summer  
months make the roads and bridges  
passable.

2.—If necessary to close the bridge  
for a time, put on a gang of men  
large enough to do the work speedily  
and to post road signs that are effec-  
tive and intelligible. As it is now if  
the public is accommodated, the  
pile driver to let the traffic through.  
Thus a waste of public money.

3.—Obtain an engineer who can  
devise a pile driver that can permit  
of traffic without the waste of time  
and money now expended.

All the above suggestions can be  
carried out, if the people take inter-  
est enough in our magnificent coun-  
try and desire to show those who  
come to our shores that courteous  
treatment one gentleman naturally  
shows to another.

Thanking you for your space Mr.  
Editor.

Sincerely yours,  
A. W. L. SMITH,  
St. Clement's Rectory,  
Clementsport, N. S.  
July 5th, 1922.

Mr. Lewis Young who has been  
visiting his old home here, returned  
West Thursday via Boston en route  
to Calgary, Alberta, where he will  
enter the Dominion Lands office. Mrs.  
E. C. Young accompanied her son as

## The HOOVER

It BEATS... as it Sweeps as it Cleans

The Hoover  
is guaranteed  
to prolong the  
life of rugs.

Are you tired at the end of sweep-  
ing day? It is no wonder that  
such effort saps your energy.

Fortunately we have a remedy  
—one that will relieve you of effort  
and clean your rugs better than  
you could possibly do it.

We recommend The Hoover—  
the cleaner which combines the  
three cleaning essentials—beat-  
ing, sweeping and air suction.

Let us demonstrate. Divided  
payments if you purchase.
