

Only Reliable Suction Hose

If you are in the market for **hose**, don't do a thing until you look into the money-saving reasons why you should buy

GOODYEAR **YEAR** Suction Hose

Money-Saving Hose for Contractors, Miners, Dredgers and Others Demanding Hose-Permanency and Hose-Strength.

A Few of the Lines We Manufacture

Longer service, more *stand-up-ability*, greater freedom from constant repairs, would make Goodyear Suction Hose an economy at double the price. But it *costs no more* than the other kinds.

Non-Collapsible—Non-Rotting

Goodyear Suction Hose never caves in. It is built by a process that makes this impossible no matter how long the hose has been in use. It is built around a heavy steel spiral wire imbedded in the inner tube. Tube can't separate from wire nor can dampness reach it. Hence, rust and rot, one of the common failings of other makes of suction hose, is *done away with*.

Suction Hose for Oil and Gasoline

We make rough or smooth bore Suction Hose for all purposes; also a complete line of

Water, Steam and Air Hose

Send at once for our catalog. If you are in doubt as to what kind of hose you need, let our expert help you solve your problem. In all of our business in Canada last year, we had to replace because of slight defects, only \$155.22 worth of goods. Write us tonight. (13)
