PERUVIAN GOVERNMENT GUANO.

THE undersigned have on hand a few tons of this valuable Manure, which they are anxious to introduce among Canadian Farmers and Horticulturists. They offer it for sale in small quantities, in order to give the Manure as wide a circulation as possible. Should sufficient encouragement be given, they have made arrangements to receive importations direct from the Chincha Islands, by which they will be able to offer the Guano at a price much below that of any other manure.

The following is one illustration of the comparative result of the application of different manures at a cost of 18s. for each, arrived at by experiments made upon several quarter-acre plots of land, by Mr. E. T. Beame, of Stover:—

Manure Applied.	Quantity.	Weight of hay cut per 1/4 acre.	Cost of Manure.	Net Gain.
None	401 lbs.
Sup. of Lime	2 1/4 cwt.	616 "	18s.	215 lbs.
Nit. of Soda	1 "	706 "	18s.	305 "
Guano	1 1/2 "	1,210 "	18s.	509 "
