# THE ENCYCLOPÆDIA BRITANNICA

What more suitable gift for your husband, wife, brother, sister, child or friend than this great Treasury of Useful Knowledge?

30 LARGE HANDSOME VOLUMES OF OVER  
850 PAGES EACH WITH GUIDE AND CASE

\$1.00 down secures shipment of a complete set and small monthly payments for the balance.

## A COMPLETE UP-TO-DATE CONDENSED LIBRARY

Every home should possess a library and every library should have a **FIRST-CLASS ENCYCLOPÆDIA**.

Britannica is recognized by leading scholars and students as **The Best**—in fact some go so far as to say it is **The Only Encyclopædia**.

This we know, and a careful examination will convince the most skeptical that the possibilities of getting knowledge contained in Britannica are many times greater than in any other work now or ever before offered to the knowledge-seeking public.

It contains sixty-six complete courses of educational reading, beginning with "The Boys and Girls" in the home and including every member of the home and all classes and conditions of society. It does not give you just enough information on a subject to make you long for more, but gives you all that any Encyclopædia can give, and as much in most cases as is required. As a reference library it has no equal.

## You want an Encyclopædia and you want BRITANNICA

Parents, give your boys and girls a chance.

Young men and women, give yourselves a chance.

**BRITANNICA** will help all as no other work can.
