**T**HE industrial future of Canada is so pro-  
nant with great possibilities that no  
manufacturer can afford to permit any  
loss through leaks in his business—  
either through such leaks as out-of-date plant  
or equipment or through bad management in  
factory or office. The opinion of an expert is  
often of such value as to make the procuring of  
it an investment that yields exceptional returns  
from the start and for all time.
